Hi ya!!

April 20, 2007

I just wanted to write you a note regarding my appreciation for your time. I took the CSET training course with you and Marilyn. I received my results today and I PASSED!!! all the three sections the first time. It was a lengthy test but not hard because I was ready for it.

I have to admit that being on the other side of the city at 8:00 AM on SATURDAYS! was not fun. But little but little both of you changed my attitude from "It is difficult, I do not like it" to: "It is easy I like it! Oh well, something like that.

Something else I have to admit is that I was one of your laziest students. It was hard for me to open the books, I needed 3 shots of caffeine to lift my arms and sometimes I just did not read the material. However, I followed your leadership and I was awake during class. Besides, I studied the program that you sent me for the last 10 days before the test.

Thanks a million for your time, your understanding and for making learning fun and digestible. HUGS! and I wish I could hug you in person, and kiss you and share my lunch with you!

Hugs again!! Thanks!
