

Bringing the Training Conveniently On-Site....

Saving Lives, Saving Money....

The **Center for Training and Development** at CSUDH is working with the Dominguez Hills OSHA Education Center to deliver on-site, customized training to company sites. Deeply discounted rates are available to groups of 15 students or more. Contact Center Director, Jason Vogel, at (310) 243-3355 for further details.

Don't have a group big enough....? Volume discounts are available for companies and organizations sending five or more participants to one of our regular classes. Contact Jason at the Center for Training and Development at (310) 243-3355 to register your group or to receive further information.

Reward Your Training Efforts...Earn the CSUDH Advanced Certificate in Safety and Health....

Participation in the OSHA courses at the Dominguez Hills OSHA Education Center can earn you professional recognition when you receive the Advanced Certificate in Safety and Health! This Certificate consists of two required courses and five electives. Complete Certificate information can be found at www.csudh.edu/osh

Recognizing courses taken at other OSHA Education Centers....

The Dominguez Hills OSHA Education Center recognizes courses taken at other authorized OSHA Education Centers across the country by accepting up to four courses taken through them towards meeting the requirements of the CSUDH Advanced Certificate in Safety and Health. Full details and the certificate application can be found at the www.csudh.edu/osh

Where Military Service counts!

CSUDH has a proud tradition of serving America's military. The recognition of training taken at OTIECs across the nation and the world by service members is just one example! Learn more about our other military friendly policies by visiting www.csudh.edu/military

Earn the CSUDH Advanced Certificate in Safety and Health Evenings and Weekends!

The Dominguez Hills OSHA Education Center offers students the option of completing the Advanced Certificate in Safety and Health in six months or less through participation in weekend and evening courses. All Certificate guidelines apply. Any student may take the accelerated courses on a space-available basis although priority seating will be given to those students who sign up for five or more accelerated courses at once. For complete Certificate guidelines see www.csudh.edu/osh

Become a Trainer: Participate in FOUR OSHA Outreach Trainer Programs....

The Dominguez Hills OSHA Education Center offers four OSHA authorized Train-the-Trainer programs in **Construction, General Industry, Maritime Safety and Disaster Site Worker**. If you have the required experience (requirements differ for each program) this can be an excellent opportunity to become an authorized Trainer for your company, or to build your own business! Consult www.csudh.edu/osh for further information.

Trainer Programs offered on weekends in Carson, the Inland Empire and Orange County

Don't have the time to become a Construction or General Industry Trainer during the week? Weekend Train-the-Trainer programs are available in Carson, the Inland Empire and Orange County....check www.csudh.edu/osha for further information.

Training Available online....

Through partnerships with 360 Training and the University of South Florida, the Dominguez Hills OSHA Education Center is pleased to offer the Construction and General Industry 30 Hour Standards and Trainer Courses completely online. Fully authorized by OSHA, these excellent online programs can provide potential Trainers the opportunity to receive their credentialing online. Information about this and all of the online Safety and Health programs available through CSUDH can be found at www.csudh.edu/osha

Apply your Training to a Bachelor's Degree

Through a partnership with Columbia Southern University courses taken through the Dominguez Hills OSHA Education Center can be applied to an online Bachelor's Degree in Occupational Safety & Health offered by Columbia Southern University. For further information contact Columbia Southern directly at www.columbiasouthern.edu/osha or by calling (800) 977-8449. Students enrolled in or graduated from the CSUDH Advanced Safety and Health Certificate will receive a 10% tuition discount for courses taken through Columbia Southern University.

SPECIAL Introductory Discount for ASSE, AIHA and CSSSP Chapter Members in 2008/2009!

Active dues paying members of Southern California Chapters of ASSE (American Society of Safety Engineers), AIHA (American Industrial Hygienists Association) and CSSSP (California Society for Safety and Security Professionals) earn a 10% discount on all CSUDH OTIEC courses taken in 2008 2009. Details at www.csudh.edu/osha

2009 FEDERAL OSHA COURSES at CSUDH

NOW IN: Los Angeles, San Bernardino and Orange County.

To Register Call 888-4LA-OSHA

Complete Information about these courses including descriptions, prerequisites, housing, professional credit and registration can be found at: <http://www.csudh.edu/osha>

Environmental & Occupational Health & Safety Certificate of Completion

The Program

Designed for Health & Safety officers and those planning to enter the field, this program will provide skills and fulfill requirements necessary to function in a Health and Safety Department and to administer health and safety programs in an

industrial setting. All program instructors are experienced practitioners in their field of expertise. Courses are offered at convenient times to meet the needs of working adults.

On-site instruction is available.

Who Should Attend

The program will meet and satisfy ongoing CEU requirements for safety officers, registered environmental assessors, certified safety professionals, certified industrial hygienists, professional engineers and safety and industrial nurses. Supervisors, company owners, top and middle management, loss control representatives, worker compensation

administrators, risk management personnel, general managers and superintendents will also find this program a valuable and important means of gaining professional knowledge.

Eligibility Requirements

This program is open to all students interested in learning more about environmental and occupational health & safety.

Special Features

Courses are offered for Continuing Education Units (CEUs). Nationally recognized standards govern attendance requirements to earn CEU credit. A permanent record of attendance is established and students may obtain a copy of their transcripts by calling the Records Office at (310) 243-3621. CSUDH is an MCLE Provider (#3897) for HEX 946.

Certificate Requirements

A Certificate of Completion is awarded upon successful completion of six required courses plus one elective course. Elective courses are offered to suit the needs of individuals from various industries. Classes may be taken in any order according to individual needs.

Students not pursuing the certificate may take individual classes.

Required Courses

Recognition and Control of Workplace Hazards

2 CEUs
A review of chemical and mechanical hazards known to be in the general workplace with an emphasis on logical discovery. Students will learn how to treat hazards in order to provide a safe and healthy workplace for their organization.

Date:	Sep 9 - Oct 21
Time:	Wed 6-9:00pm
Meetings:	7
Location:	SAC I 1104
Fee:	\$295
Instructor:	John Sterritt
Course No.	HEX 979 Sec 01
Reg. No.	42838

Cal/OSHA Law

2 CEUs
Provides a basic foundation to understand, analyze and apply federal and CAL OSHA requirements. The current laws, legislative and litigation arising out of the development and application of environmental laws, dealing with the EPA and RCRA programs and hazardous waste controls, recent cases, legislation and defenses for the new civil and criminal liability cases will be covered.

Date:	Oct 28 - Dec 2
Time:	Wed 6- 10:00 pm
Meetings:	5 (no class 11/11)
Location:	SAC I 1104
Fee:	\$295
Instructor:	John O'Toole
Course No.	HEX 960 Sec 01
Reg. No.	42839

ELECTIVES

Industrial Machine Guarding

1.5 CEUs

Assists the student in factory and other industrial-type worksites to incorporate an effective machine guarding safety program that will meet regulatory requirements and protect workers. The course will cover the hazards of unguarded machines, common safeguarding methods, the safeguarding of machines and robots, the methods of machine guarding, training, inspection, maintenance and safeguarding techniques. At the end of this course, participants will be able to accomplish the following:

- Describe risk management
- Utilize the five steps of the risk management process
- Identify risks and identification methods
- Explain risk control techniques pre-loss and post-loss
- Utilize risk analysis techniques

Date:	Dec 5-19
Time:	Sat 8:00am - 1:00pm
Meetings:	3
Location:	SAC I 1104
Fee:	\$295
Instructor:	Hasan Adan
Course No.	HEX 936 Sec 01
Reg. No.	42843

Bloodborne Pathogens

1.5 CEUs

Employees who are trained as first responders within their workplace need to understand what bloodborne pathogens are, how they are transmitted, and how to protect themselves. Areas covered will be understanding the hazards of bloodborne pathogens, exposure control plan and avoiding potential infection.

Date:	Jan 9 - 30, 2010
Time:	Sat 8:00am - 1:00pm
Meetings:	5 (No class 1/16)
Location:	SAC I 1104
Fee:	\$295
Instructor:	Linda Hunter
Course No.:	HEX 956 Sec 01
Reg. No.:	21174

Safety and Security Certificate of Completion

The Program

The program provides managers and prospective managers who have both safety and security responsibilities within their organizations with practical, hands-on training in how to implement and maintain a safe and secure work environment. All program instructors are experienced practitioners in their field of expertise. Classes are scheduled in the evenings and/or weekends to meet the needs of working adults.

What You Will Learn

Course instruction and materials will provide participants with the tools and guidelines required to manage security issues in the workplace. Participants will learn to:

- Identify workplace security issues
- Manage security concerns
- Conduct accident/incident investigations
- Address issues related to terrorism, natural disasters and workplace violence
 - Understand privacy and ethics considerations

Who Should Attend

Individuals responsible or seeking responsibility for implementing and maintaining a safe and secure work environment including:

- Health and Safety professionals
- Security personnel
- Managers
- Supervisors

- Human Resource Directors
- Risk Managers

Eligibility Requirements

This program is open to all students interested in learning more about workplace safety and security practices.

Special Features

This program is recognized and approved by the California Society & Security Professional. Courses are offered for Continuing Educational Units (CEUs). Nationally recognized standards govern attendance requirements to earn CEU credit. A permanent record of attendance is established and students may obtain a copy of their transcripts by calling te Records Office at (310) 243-3621
