

Supply Chain Management

Special Major BA, Production and Inventory Control98
 Production & Inventory Control Certificate99
 Purchasing Certificate100

Special Major Bachelor of Arts Degree
 A Special Major degree for those who have completed the Production and Inventory Control Certificate Program

The Program

Students who have completed the Production and Inventory Control program at California State University, Dominguez Hills, are invited to apply the credits earned to a bachelor's degree program as part of a unique program entitled Special Major. Through this program, students can integrate their studies in Production and Inventory Control with at least two other disciplines to obtain the degree. Working with an advisory committee, participants design a path that best suits their individual and career objectives. Working adults and their employers will appreciate the career-specific approach of this innovative course of study.

Eligibility Requirements

Formal admittance to the University is not required for participation in the LAPICS Certificate program, but is required for participation in the balance of the Bachelor's Degree Program. All students are required to pay extension tuition for LAPICS courses. Students desiring to enter the University to earn a Special Major BA must follow standard University application procedures as outlined in the University Catalog

Program Requirements

The Special Major Bachelor of Arts degree requires the completion of 124 semester

hours including both lower and upper division course work. Participating students must complete all general studies program requirements (52-59 semester units) and integrate at least one other discipline outside of the College of Business and Public Policy with the LAPICS units to achieve a total of 24 units of upper division credit to complete the Special Major. Students must also complete an acceptable University minor.

Other graduation requirements are listed in the general University Catalog. The minimum requirement for the Special Major is 24 semester units of approved upper division work. The credit hours earned while completing the Production and Inventory Control Certificate serve as the foundation for the Special Major. The remaining upper division credit hours, in consultation with the student's advisory committee, should be chosen from at least one other department outside the School of Management. Although not limited to these fields, possible areas of upper division course work might include: Labor studies, computer science, communication, health care/medical technology, Chicano/a studies, Spanish, sociology/anthropology, adult education, applied studies, and public relations (communications).

Students should remember that proposed upper division course work may have prerequisites that must be met prior to enrolling in class. Please check the University Catalog for further information.

Residence Requirements

A minimum of 30 semester units (of which 24 must be upper division units) must be completed in residence at CSU Dominguez Hills. This does not include the credits earned as part of the LAPICS certificate program because credits earned through extension are not considered residence credit. Please see the University Catalog for other residence and transfer credit requirements.

The Minor

In addition to the Special Major, participating students are required to complete a regular academic minor. Examples of minors that might be of interest, and the number of units required to complete each include:

- Accounting (15 units)
- Business Administration (30 units)

- Business Information Systems (15-16 units)
- Communications (12 units)
- Computer science (34 units)
- Health Science (15 units)
- Labor Studies (15 units)
- Chicano/a Studies (18 units)
- Public Administration (15 units)
- Sociology (15 units)
- Spanish (12 - 24 units)

University Requirements

A student working towards the Special Major LAPICS degree is subject to university-wide policy relative to admission, scholastic standards and graduation requirements (please refer to the University Catalog). A maximum of 24 semester units through extension, correspondence and the United States Armed Forces Institute may be accepted toward a bachelor's degree. Each LAPICS course successfully completed counts as 3 of the 24 acceptable units.

Sample Programs

For complete requirements, please consult the University Catalog (www.csudh.edu/catalog/2005-2007/) or your program advisor. Additional prerequisite units may be required in the major and minor.

For more information: email bwald@lists.csudh.edu or visit the web site <http://www.csudh.edu/extendeded/BAProdInvCtl.htm>

OPEN University

Open University is a program that permits members of the community to take regular University classes offered on the California State University, Dominguez Hills campus without going through the formal admissions process. Essentially, it "opens University" courses to the general public.

Two Online Certificate Programs in Supply Chain Management:

- Production & Inventory Control
- Purchasing

Who Should Attend

The Certificate programs are designed for those who wish to gain a broad education in the principles of supply chain management. Those already in this growing field as well as those anticipating a career change will benefit from this practical training taught by leading professionals currently employed in production and inventory control and/or purchasing. In addition to providing a comprehensive introduction to supply chain management, the coursework is designed to help students prepare for the APICS CPIM Certification Exams or ISM (NAPM) Purchasing CPM Certification Exams. APICS is the Association for Operations Management. ISM is the Institute for Supply Management.

Books and Materials

Books for the Production & Inventory Control Internet classes must be ordered through APICS at www.apics.org or for the Purchasing Internet classes through ISM at www.ism.ws.

Employment Opportunities

Production & Inventory Control and Purchasing Certificate holders find employment in aerospace, electronics, military, hospitals, retail, and warehousing.

Requirements

Courses are offered three trimesters each year and provide three (3) units of upper division degree-applicable academic credit.

LAPICS Year 2009-10 Schedule			
	Fall 09	Spring 2010	Summer 2010
Class	Internet	Internet	Internet
PIX 319	•	•	•
PIX 331			
PIX 332		•	
PIX 333	•		
PIX 340			•
Schedule subject to change			

Students must complete 5 courses and achieve an over-all grade point average of 2.5 (C+) or better to receive the certificate. The certificate must be completed within 3 years once the student has started the program.

Production & Inventory Control Certificate Program

Courses

- Basics of Supply Chain Management PIX 319 (PIX 319 is the foundation course and must be taken first)
- Detailed Scheduling/Planning PIX 331
- Operations Execution/Control PIX 332
- Master Planning of Resources PIX 333
- Strategic Management of Resources PIX 340

Program Instructor

Joan Hall, CPIM, APICS member since 1983, has 30 years experience in manufacturing and inventory control and has been teaching the Certificate program for over 20 years.

I would like to say that I have enjoyed my journey of learning. I discovered I really do love learning and now that I have "time on my hands" I may just take a Project Management course. Thank you for your help and encouragement.

- Sally Kaye
Production Planner
Younger Optics, Torrance, CA

SCHEDULED CLASSES

Fall 2009

Basics of Supply Chain Management
3 Units

Students explore a broad overview of the field of Supply Chain Management and its role in the functional nature of organizations. The fundamental concepts and specialized vocabulary of this field are covered to prepare students for the remaining classes in the certificate program.

Date: Sep 8 – Dec 4
 Location: online 📺
 Fee: \$495
 Instructor: Joan Hall
 Course No. PIX 319 Sec 41
 Reg. No. 41772

Master Planning of Resources

3 Units
 Students explore processes to develop sales and operations plans and identify and assess internal and external demand and forecasting requirements. The course focuses on the importance of producing achievable master schedules consistent with business policies, objectives, and resource constraints.

Date: Sep 8 – Dec 4
 Location: online 📺
 Fee: \$495
 Instructor: Joan Hall
 Course No. PIX 333 Sec 41
 Reg. No. 41773

Spring 2010

Basics of Supply Chain Management

3 Units
 Students explore a broad overview of the field of Supply Chain Management and its role in the functional nature of organizations. The fundamental concepts and specialized vocabulary of this field are covered to prepare students for the remaining classes in the certificate program.

Date: Jan 4 - Apr 2
 Location: online 📺
 Fee: \$495
 Instructor: Joan Hall
 Course No. PIX 319 Sec 41
 Reg. No. 20643

Operations Execution and Control

3 Units
 Students focus on prioritizing work, executing work plans and implementing controls, reporting activity results and providing evaluation feedback on performance. The course explains techniques for scheduling and controlling production processes, execution of quality incentives and control of inventories..

Production & Inventory Control Certificate Program

(Continued)

Date: Jan 4 - Apr 2
 Location: online 
 Fee: \$495
 Instructor: Joan Hall
 Course No. PIX 332 Sec 41
 Reg. No. 20644

Purchasing Certificate Program

Courses

- Purchasing Fundamentals PRX 200
- Cost/price Analysis and Negotiation PRX 310
- Public Sector Procurement PRX 330
- Advanced Purchasing Concepts PRX 340
- Basics of Supply Chain Management PIX 319

Instructor

Frank Putz, A.P.P., C.P.M.. and CPIM, with over 24 years of active experience in electronics, material planning and military procurement practices.

SCHEDULED CLASSES

Fall 2009

Purchasing Fundamentals

3 Units

(PRX 200 is the foundation course and must

be taken first.)

Course examines the fundamental elements of purchasing. Emphasis is placed on current business trends and their impact on the purchasing profession. Fundamental concepts, methods, and techniques used to evaluate requirements for purchasing goods and services are discussed. Case studies allow for application to real-world situations.

Date: Sep 8 - Dec 4
 Location: online 
 Fee: \$495
 Instructor: Frank Putz
 Course No. PRX 200 Sec 41
 Reg. No. 41793

Cost-Price Analysis and Negotiation

3 Units

Course provides an overview of the tools and techniques required for determining the reasonableness of cost and price, the relationships between the two and establishes the basis for negotiating a final contract between buyers and sellers.

Date: Sep 8 - Dec 4
 Location: online 
 Fee: \$495
 Instructor: Frank Putz
 Course No. PRX 310 Sec 41
 Reg. No. 41794

Advanced Purchasing Concepts

3 Units

Through the detailed examination of case studies, students explore the real-world application of purchasing concepts including: specification, standardization, simplification, supply, legal and ethical issues, partnering, total quality procurement and logistics.

Date: Sep 8 - Dec 4
 Location: online 
 Fee: \$495
 Instructor: Frank Putz
 Course No. PRX 340 Sec 41
 Reg. No. 41795

Spring 2010

Purchasing Fundamentals

3 Units

(PRX 200 is the foundation course and must be taken first.)

Course examines the fundamental elements of purchasing. Emphasis is placed on current business trends and their impact on the purchasing profession. Fundamental concepts, methods, and techniques used to evaluate requirements for purchasing goods and services are discussed. Case studies allow for application to real-world situations.

Date: Jan 4 - Apr 2
 Location: online 
 Fee: \$495
 Instructor: Frank Putz
 Course No. PRX 200 Sec 41
 Reg. No. 20638

Cost-Price Analysis and Negotiation

3 Units

Course provides an overview of the tools and techniques required for determining the reasonableness of cost and price, the relationships between the two and establishes the basis for negotiating a final contract between buyers and sellers.

Date: Jan 4 - Apr 2
 Location: online 
 Fee: \$495
 Instructor: Frank Putz
 Course No. PRX 310 Sec 41
 Reg. No. 20639

Public Sector Procurement

3 Units

Course examines the relative aspects unique to Public Sector Purchasing as well as comparing and contrasting the legal and regulatory consideration inherent to this environment with those of private sector procurement.

Date: Jan 4 - Apr 2
 Location: online 
 Fee: \$495
 Instructor: Frank Putz
 Course No. PRX 330 Sec 41
 Reg No. 20642
