WHAT THE TECH?

Dr. Larry Rosen

*International expert on the
"psychology of technology"*

Practical advice for parents and educators to create a healthy balance in kids' use of social media and technology.

Is technology and digital media use impacting your child's social, emotional and brain development?

Can technology use be addicting?

What are the pros and cons of video gaming?

Are there generational differences in the use of technology?

Liza Delmas Memorial Lecture

Wednesday, September 19, 2012

6:30 - 8:30 pm • FREE

Child & Family Center
