### Career Options

Opportunities in the field of acting are expanding as a result of the establishment of year-round professional acting companies, the growth of summer and winter stock companies, outdoor and regional theatre, repertory companies, and dinner theatre. Commercial television, cable television, the Public Broadcast System (PBS), and the movie and music industry employ a large number of actors, as well as other talented personnel. Opportunities also exist in university and community theatre programs.

Related careers available to graduates include the following occupations: actor, playwright, drama coach, dramaturge, theatre historian, critic, designer (set, lighting, sound, costume), make-up artist, technician, theatre manager, director, producer, announcer, recreation director, dancer, musician, entertainer, arts administrator, sales representative, model, dramatic agent, governor of California, and President of the United States.

Many graduates in the Theatre Arts Option find secondary careers in the field of education. Our majors and Theatre Education minors learn how to adapt theatre games, improvisation, pantomime, and storytelling, to help their students in primary and secondary classrooms to develop social, communication, creative, and problem solving skills.

**NOTE: Students completing this major will need to complete a minor in another field.** Please contact the Department of Theatre Arts and Dance for further information: (310) 243-3543.

Please also note that minor courses are not listed on the roadmap. Occasionally, courses listed on the roadmaps may be offered in only specific semesters or on an as needed basis. Students are strongly urged to refer to the University Catalog, Class Schedule, or consult with an academic advisor each semester to ensure that they are progressing toward graduation in as timely a manner as possible.
