Date Accepted By Student:

Example: According to CSU policy, the "I" symbol indicates that a portion of the required course work has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified reasons and that there is still a possibility of earning credit. It is the responsibility of the student to bring pertinent information to the instructor and to determine from the instructor the remaining course requirements that must be satisfied to remove the "Incomplete." An "Incomplete" must be made up by the earliest of the following three dates: (1) one calendar year from the last day of the term in which the "I" grade was assigned, (2) the "Deadline for completion" indicated by the instructor below on this form, or (3) the degree conferral date for a graduating student. In the event that the course requirements are not completed by the deadline, the grade indicated below by the instructor will be the grade posted by Enrollment Services. If no grade is indicated below, the "I" will be converted to an "F." A student may not graduate with an "I" on the transcript, and no posted grade can be changed after a student's graduation date.

Reason Code: Extenuating, Medical or Other
Grade Without Further Work: enter grade
