An emergency graduation clearance is a request to expedite the degree clearing process due to *documented extenuating circumstances*. Since the final grades are normally not available to the graduation Unit until 2 – 3 weeks after the ending date of the term, students should not expect to receive their emergency clearances, if approved until 3 weeks after the ending of the term. The student has the responsibility to resolve any pending academic actions that might facilitate degree clearance; failure to do this will delay the degree clearance.

An emergency graduation clearance cannot be processed if the answer to any of the following questions is not answered “Yes”. Additionally, if the degree check was not processed because the student applied to graduate late or because of late supporting documents, this request cannot be accommodated.

Please answer each and every question completely.
