

University Budget Town Hall

October 20, 2016

Presented by
Naomi Goodwin
Interim Vice President, Administration & Finance/CFO

Objectives

- Fulfill commitment to hold a budget town hall at least once a year to provide an overview of the university budget (PM 2014-04).
- Provide an overview of all university fund sources.
- Share information on the 2016/17 state operating fund budget and allocation priorities.
- Discuss budget issues, challenges and lessons learned.
- Provide information on additional budget resources.
- Answer questions.

Report Preparation

- Stephen Mastro, Associate Vice President, Admin. & Finance
- Homaira Masoud, University Budget Director
- Wayne Nishioka, Admin. & Finance, Division Resource Manager
- Andrea Alvarez, Administrative Analyst, Admin. & Finance

Agenda

- Overview of University total budget
- 2016-17 State Operating Fund budget
 - > New revenue
 - Expenditure priorities
 - > Alignment with multi-year budget balancing strategy detailed during Spring 2016 budget town hall
- Some Lessons Learned
- Ongoing Fiscal Transparency
- Q & A

Priorities for 2016/17 Allocations

- Funding mandatory costs and unfunded mandates, e.g., compensation and benefits increases.
- Designated projects with restricted funding allocations.
- Closing the baseline budget vs. expenditure gap.
- Campus strategic initiatives, e.g.,
 - Faculty hiring/tenure/tenure-track density
 - Student Success & graduation initiatives
 - Science and Innovation building and other facility
 & infrastructure needs.

Closing The Gap

- March 2016 budget town hall provided information on base budget gap of \$12.4M.
- Gap was created over multi-year period of base spending in excess of base budget.
- Prior to 2013-14, the gap was addressed via one-time resources (carry forward). As one-time resources were allocated to other purposes, annual one-time carry forward decreased significantly.

Fiscal Year Carry-Forward Trend - FY 2011/12 through FY 2015/16				
	FY Beginning Carry-forward Balance	FY Revenue	FY Expense	Year-end Carry- Forward
FY 11/12	31,538,538	134,051,259	132,443,627	33,146,170
FY 12/13	33,146,170	132,921,495	131,826,411	34,241,254
FY 13/14	34,241,254	139,802,913	146,684,348	27,359,819
FY 14/15	27,359,819	142,781,677	155,620,604	13,112,843
FY 15/16	13,112,843	153,690,137	156,661,839	10,141,141 ¹

¹ The Carry-forward balance includes BBA and Encumbrance Balances.

Factors Contributing to Gap

- Impact of multi-year base budget cuts and need for basic/fundamental programmatic and operational support despite lack of base resources to do so.
- Not fully utilizing one-time, ongoing resources such as course fees, miscellaneous trust, lottery, foundation, and other revenue.
- Not fully recovering costs from auxiliary & enterprise partners.
- The unintended consequence of our own success.
 - Increased average mean unit load resulting in reduced tuition and fee revenues.

Some Lessons Learned: A Two and a Half Month CFO Tutorial

Lessons Learned

- In 2015/16, divisions/colleges were provided authority to spend above base allocations but were not consistently funded to do so.
- One-time divisional carry forward at the end of 2014/15 was not fully allocated to divisions/colleges, negatively impacting one-time funding available for divisional use in 2015/16 and contributing to negative 2015/16 year-end budget balances in some divisions/colleges.

Lessons Learned (continued)

- We must continue to be diligent in allocating base resources to divisions to close the gap between approved spending authority and existing baseline budget. This includes existing as well as new resources.
 - Continued use of non-operating revenue to support programmatic expenses is important, yet particularly challenging.
- We also must find ways to invest in new programs and activities in support of our strategic goals and/or to fully support and sustain Student Success and graduation initiatives.

Lessons Learned (continued)

- Need to fund new tenure/tenure track faculty positions differently.
 - Both enrollment-driven new tenure/tenure track faculty positions and additional tenure/tenure track faculty positions in support of our five-year faculty hiring plan and 60% tenure density goal established via the university strategic plan are essential.
 - Need to fund actual vs. estimated new faculty salary costs.
 - Need to fund start-up and CBA required release time costs.

Lessons Learned (continued)

- Capacity and opportunities to leverage short-term debt.
 - o Multi-year classroom refurbishment plan
 - Additional investment in deferred maintenance, IT, infrastructure and classroom/lab equipment.
- Making our case to decision-makers and influencers works.
 - We have a good case to make and people willing to listen.
- Shared governance continues to be central.
- Transparency, transparency!
