Hello HUS Students,

This is a general message to all HUS students.

-
ADVISING INFORMATION

- 1-on-1 Appointments: You can schedule an appointment and view my availability via TSC with the guide attached. I do not have earlier available dates than those listed. All appointments will be via Zoom. For In-Person Appointments, it will be on WEDNESDAYS ONLY and you must request it in the

comments.

- Drop-In Advising: EVERY Wednesday from 9-11 am:
Zoom Link (just drop-in!):
<https://csudh.zoom.us/j/3185517533>

I will be out of the office the week of April 18 and will return on Monday, April 25, 2022. You can email me and I will get back to you as soon as possible.

I have created a HUS Advising Website where you will find important major-related information, program information, advising hours, curriculum/HUS electives, permission number information, etc. Please use it for reference when you need information

HUS ADVISOR WEBSITE:

<https://www.csudh.edu/chhsn/chhsn-advising/advising-materials/human-services-advisor-messages>

Enrollment is a busy week for us all. I appreciate your patience during this time. I will be checking emails but give me 1-3 days to respond. The Permission # directions email will be sent to you all from the Human Services email (Pamela Curtis). You can begin searching for courses and adding them to your cart now. I have attached how-to guides to support you during the week. Always refer to your Academic Requirements Report!!!

I have included a small presentation for those who want to understand their Academic Requirements Report a little bit more.

ADVISING HOLDS

For those that have an advising hold. (Check in your MyCSUDH account before you email me)

There are two ways of getting rid of it:

1. If you have met with Angel, Mark, or myself in the past 6 months, please email me your Full name, CSUDH ID#, and meeting date to get the hold removed.

2. If you have not met with me, please schedule an appointment with me to get the hold removed. Please only schedule with me, Cristina Prado. See the attached tutorial on how to set up an appointment. If you do not see my name, please email me and I can help you, but you should be able to find my name as I do have availabilities for the month of May. You may in the meantime put courses in the shopping cart. If you have priority registration and have set up an appointment, I will remove the hold contingently on attending the appointment.

Let me know if you have any questions.

Subject: CLS MT Advising Hours: 04/18 - 04/21

THINGS TO KEEP IN MIND

- OCHEM
 - If you have completed General Chemistry, but not OCHEM, then enrolling into CHE 316/317 should be **HIGH** priority for Fall 2022
 - If want to begin General Chemistry, you must first complete CHE 108!
- BIO 220-03
 - As a CLS Major, you are not required to take the BIO 221 lab. In this case, ensure to enroll into Section 03 of BIO 220 if you have completed BIO 120/121/122/123 by emailing biology@csudh.edu for a Permission # when you are able to enroll
- PHY 100
 - A Physics course with light & electricity is required for your Clinical Trainee License; this is just a reminder as you attend CSUDH
- Microbiology & Parasitology

- You can get onto the 1-year Microbio waitlist on the 6th week of Fall semester as long as you have completed OCHEM or plan to enroll into it in Fall 2022. *Parasitology requires only BIO 120/121/122/123 to get onto waitlist.

Enrollment is a busy week for us all. I appreciate your patience during this time as I will be distributing Permission #'s, facilitating 1-1's and having drop-in hours. I will be checking emails but give me 1-3 days to respond. The Permission # directions email was sent on 04/12. You can begin searching for courses and adding them to your cart now. I suggest you enroll into backup courses if need be. I have attached how-to-guides to support you during the week. Always refer to your Academic Requirements Report!!! Enjoy Coachella and be safe if you're going!
