Other University Graduation Requirements		
<b>GE Requirements:</b> <ul style="list-style-type: none"> <li>• 55-62 units of LOWER DIVISION courses or G.E. certification from the community college.</li> <li>• 9 units of UPPER DIVISION Integrated General Education</li> <li>• Completion of the GWAR</li> <li>• Please see the “General Education” requirements in the <u>University Catalog</u> under which you were admitted. Refer to the <u>Class Schedule</u> for current course offerings.</li> </ul>		
<b>Residence Requirements</b>	<b>Units Completed</b>	<b>Units Needed</b>
Major requirements (52-56 units) of which 30 units must be completed in residence		
Total Units (120 total)		
<b>Transfer and Extended Education Units</b>	<b>Units Completed</b>	<b>Units Available</b>
Transfer Units (70 units maximum from community college)		
Extended Education units (24 units maximum can be counted towards degree)		
<b>I understand that:</b>	<b>Initial</b>	
1. I must maintain a 2.0 GPA. If my GPA drops below a 2.0, I will be placed on academic probation.		
2. All courses in the major must be taken for a letter grade; courses taken for credit only will <u>not</u> count toward requirements in the major.		
3. I must complete all courses in the major with a letter grade of “C” or better. <b>A letter grade of “C-” or lower is not considered a satisfactory grade and will require me to retake the course.</b>		
4. Core coursework is organized in 3 levels – Introductory, Foundational, and Specialized. <b>All courses in a level are prerequisites for the courses in the subsequent level and I am expected to adhere to that sequence.</b> Deviating from the required sequence will lead to being dropped from courses I am not eligible to take, which may impede my timely academic progress. See <a href="https://www.csudh.edu/child-development/program/">https://www.csudh.edu/child-development/program/</a>		
5. Lower division GE requirements should be completed prior to enrolling in upper division courses for the major. (Transfer students need transcripts that are GE certified by the community college).		
6. To preserve the integrity of the Child Development curriculum, <b>the program does NOT PERMIT any course repetition beyond three attempts.</b> That means, any student who failed a CDV course three times will need to choose a different major. <b>Any course that earned a failing grade due to academic dishonesty may not be repeated more than ONCE.</b>		
7. Students in the Early Development & Learning (EDL) Concentration who have taken equivalent courses to CDV 180 and CDV 240 at another college must have taken these courses within 10 years of entrance into the CDV major for the course(s) to be counted. This 10-year limit does not apply to the general elective concentration.		
8. Having prior experience working with children and/or families is NOT a substitute for meeting fieldwork requirements.		
9. All fieldwork sites must have University approval.		
10. For all courses that require fieldwork, additional documents and processes may be required (e.g., TB test, Live Scan, interview, resume).		

**I understand and agree to the requirements of the major listed above:**
