CHOOSING TO CHANGE THE TRAJECTORY FOR ALL STUDENTS

Why do so many teachers choose Alliance?

Change at Scale

With 28 schools serving 12,500 students across Los Angeles County, we are proving that we can close the achievement gap at scale—students join our network of middle and high schools on average 4 years behind grade-level, and 95% of our graduates are accepted to college. We also support our students through college and beyond with our Alliance Mentorship Program.

Collaborative Community

Join Alliance to innovate with over 1,100 talented teachers, school leaders, and support staff who are all committed to transforming the lives of our students. Alliance teachers have access to a wide network and a wealth of best practice resources based on our experience of 12 years innovating in education.

Culture of Innovation

School leaders and teachers enjoy the autonomy to design and carry out innovative programs to best support their students. Our one-to-one personalized learning model allows teachers more time to tailor instruction to specific student needs.

Career Opportunities

As the largest charter school network in Los Angeles, Alliance offers diverse career pathways, including innovative paid opportunities. Alliance coaches, Alliance-wide trainings, and weekly professional development sessions at schools all support teachers towards a common vision for excellent instruction.
