

# MATH PLACEMENT FOR STEM STUDENTS @ CSUDH

---

FOR STUDENTS IN MATHEMATICS, COMPUTER  
SCIENCE, CHEMISTRY, BIOCHEMISTRY AND PHYSICS

---

## Level II

## Level III & IV

Which math class should I take?

Start in MAT 153  
(Pre-Calculus)

Start in MAT 103  
(Introduction to  
College Algebra)

What is the prerequisite for Calculus?

A college level Pre-Calculus course is the prerequisite for Calculus @ CSUDH. Note: High School Pre-Calculus does not meet this requirement

You will fulfill the  
Calculus prerequisite  
by taking MAT 153.

You will fulfill the  
Calculus prerequisite  
by taking MAT 103 in  
Fall and MAT 151 in  
Spring.

What about AP scores?

Based on your AP Scores, you may be able to  
take Calculus I in Fall.

See <http://www.csudh.edu/fuse/csa2020>  
for more information.

Want to shorten your path?

You can shorten your path to Calculus by  
participating in the Calculus Success Academy.

See <http://www.csudh.edu/fuse/csa2020>  
for more information.
