**PERFORMANCE OBJECTIVES:**

Upon completion of this course, the student should be able to do the following:

- ✓ Understanding the importance of Operating Systems and Networking Support

- ✓ Learn about different component of Operating Systems and Networking Support
- ✓ Learn about Wireless networks
- ✓ Learn about Network cabling, testing, and troubleshooting
- ✓ Implementation and presentation of a Network related Project
- ✓ Learn about past and emerging Federal Government guidance/regulations impacting Operating Systems and Network Support

**INSTRUCTIONAL METHODS:**

- ✓ This course will be delivered through the use of online asynchronous platform, presentations, demonstrations, threaded discussions, and limited hands-on experience.

**GRADING:**

Student performance will be evaluated based upon the following criteria: Evaluation of the course will include any class assignments or deliverable exercises, and the projects. The instructor will supply the students with a full grading scheme at the beginning of the course.

<b>Midterm</b>	<b>100</b>
<b>Final Exam</b>	<b>100</b>
<b>Group Research Propose Plan</b>	<b>50</b>
<b>Group Research Project Report</b>	<b>100</b>
<b>Threaded Discussion</b>	<b>200</b>
<b>Group Hands-On Activity</b>	<b>200</b>
<b>Total:</b>	<b>750</b>

**Grading Scheme:**

**COURSE POLICIES: Late and Incomplete Deliverables:**

- Deliverables (Class Assignments, Projects) submitted late are not accepted.
- Deliverables (Class Assignment, Projects) not submitted before the end of the final class will earn 0%.
- Any exceptional, non-academic circumstances need to be discussed with the instructor as soon as they arise, prior to the due date of the deliverable. At the time of the discussion, NO make-up work will be assigned.
- The instructor reserves the right not to award credit for deliverables that are incomplete. Partial credit is awarded at the instructor's discretion, and only for work that merits such an award. Assignments that are incomplete or incongruous with the specifications may be returned to the student.

**ATTENDANCE:**

Students are required to be prepared and attend all the online sessions threaded discussions. The attendance policy is strictly enforced, and poor attendance may adversely affect your final grade due to class assignments.

**MAKE-UP WORK:**

There will be no makeup or early examinations and late assignments will not be accepted.

**ACADEMIC**

Academic integrity is of central importance in this and every other course at

<b>INTEGRITY:</b>	<p>CSUDH. You are obliged to consult the appropriate sections of the University Catalog and obey all rules and regulations imposed by the University relevant to its lawful missions, processes, and functions.</p> <p><u>All work turned in by a student for a grade must be student" own work.</u> Plagiarism and cheating (e.g. stealing or copying the work of others and turning it in as your own) will not be tolerated, and will be dealt with according to University policy. The consequences for being caught plagiarizing or cheating range from a minimum of a zero grade for the work you plagiarized or cheated on, to being dropped from the course.</p>
<b>STUDENT ACADEMIC APPEALS PROCESS:</b>	<p>Authority and responsibility for assigning grades to students rests with the faculty. However, in those instances where students believe that miscommunication, error, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the Undergraduate Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint.</p>
<b>ADA STATEMENT:</b>	<p>Students with disabilities, who believe they may need an academic adjustment in this class, are encouraged to contact Disabled Student Services as soon as possible to better ensure receipt of timely adjustments.</p>
<b>MIDTERM &amp; FINAL EXAM:</b>	<p>Test exam is during the 8<sup>th</sup> week of the class and the date for the final exam is based on the final examination schedule printed in the campus Class Schedule. All projects are due no later than the last week of the semester.</p>

(The class schedule is tentative and subject to change as circumstances dictate)

## Technology Requirements

### *Computer:*

You must have access to a reliable computer for this course. If you are on campus, and do not have a laptop, you can check out a laptop from the IT User Services Help Desk via [Technology Checkout Program](#). In addition, the [CSUDH Toro Lab](#) offers on campus access to workstations with a wide variety of commonly used software.

Visit the [CSUDH Academic Technology Online Courses Technical Requirements](#) page for more information on technology requirements.

### *Email:*

All email communications from this course will go through your [Toromail](#). Toromail is the CSUDH student email system.

### *Internet and Campus Wireless Network:*

You must have Internet access to participate in this course. If you are on campus, connect your laptop and mobile device to the internet using the [eduroam](#) campus wireless network.

### *Office 365:*

Course work will require you to submit work in Word format (.docx files). Active CSUDH students have access to [Office 365 \(Word, Excel, PowerPoint\)](#) for personal desktop and laptop computers at no cost.

## **Blackboard Learn**

You may access the course through Blackboard Learn <https://toro.csudh.edu>. You have the flexibility in an online course to study and participate according to your work and personal schedule within each week of study. However, you must still complete assignments by their required due dates.

Your challenge is to dedicate the required time for study within your personal schedule. This syllabus, including the schedule and due dates, should support you in managing time effectively. Marking your study and your online discussion time in your personal calendar also will help.

As part of your personal schedule, make sure you check the Announcements and my Online Office several times a week so that you can see if I have posted any new information about the course.

## **LockDown Browser**

Tests in this course will use the Respondus LockDown Browser. This is a specialized web browser which temporarily blocks access to other applications on your computer while you take a Lockdown Browser required test on Blackboard. Tests using LockDown Browser will include the text, "requires LockDown Browser."

[Click here to download](#) Respondus LockDown Browser for Mac and Windows. If you are on campus, LockDown Browser is available on computers found in the second and third floor of the library (south), as well as, on the accessibility computers found in the [ToroLab](#).

[View this short video](#) for a general overview of LockDown Browser. [Watch this video](#) to view the install and LockDown Browser test taking process.

Note: The webcam feature in LockDown Browser, known as Respondus Monitor, will not be used.

## **Zoom**

This course will use Zoom web conferencing software for online office hours. Go to the [Zoom download page](#) to download and install the Zoom Client for Meetings on your desktop or laptop. Zoom is also available for mobile and tablet devices on the [App Store](#) (iOS) and [Google Play](#) (Android). Visit the [CSUDH Academic Technology Tutorials page](#) for information on using Zoom.

[View this short video](#) for a general overview of Zoom.

## **Special Needs**

Online courses are required to meet ADA accessibility guidelines. This means that all aspects of the online learning experience are accessible. Please let me know if you have adaptive software and hardware to assist you with taking this course or if you have any specific needs I should be aware of. The [CSUDH Student Disability Resource Center](#) (SdRC) is available to assist you during this course. The SdRC is available at (310) 243-3660 and can be reached by email at [dss@csudh.edu](mailto:dss@csudh.edu).

## **Technical Help**

If you need technical help, refer to the following resources:

### *Login Issues:*

For login issues related to Blackboard, Toromail and MyCSUDH, contact the [IT Help Desk](#) at (310) 243-2500, option 1. You can also create an [online service ticket](#) for login support.

The IT Help Desk also offers walk-in support. Visit the first floor of the library (north), C-108, for in-person help.

#### *Password Resets:*

CSUDH offers an easy, self-service [password reset service](https://password.csudh.edu/) at <https://password.csudh.edu/>. For additional assistance with password resets, contact the [IT Help Desk](#).

#### *Blackboard Issues:*

For issues or questions with Blackboard, contact the CSUDH Blackboard Support line at (310) 243-2500, option 2. You can also create an [online service ticket](#) for Blackboard support.

#### **Need Help with Using Blackboard?**

If you are new to Blackboard or unfamiliar with a specific feature of Blackboard, [CSUDH Academic Technology](#) offers a series of PDF and video-based tutorials. Visit the [CSUDH Academic Technology Tutorials page](#) for more information.

#### **Participation in Online Discussion Sessions**

Online students, perhaps even in a more direct way than on campus students, are expected to have an active role in contributing to the learning of the entire class. In order for us to build meaning together and to learn from each other we need to be involved in conversations with each other. For this reason, it is expected that **students will make at least 3 posts per week (one original and reply to at least 2 classmates)**. Students are expected to complete online discussion projects during the week the assignment is distributed. **Students who post after the deadline will not receive credit.** To receive full credit for posts, students should follow the rubric for the threaded discussion.
