(310) 243-2895

Student Health Center:
(310) 243-3629

University Hotline:
(866) 747-8827

DURING AN EARTHQUAKE: DROP, COVER, and HOLD ON!

DROP: Drop down to the floor.

COVER: Take cover under a sturdy desk, table, or other furniture. If that is not possible, seek cover against an interior wall and protect your head and neck with your arms. Avoid danger spots near windows, hanging objects, mirrors, or tall furniture.

HOLD ON: If you take cover under a sturdy piece of furniture, hold on to it and be prepared to move with it. Hold the position until the ground stops shaking and it is safe to move.

Do not enter or exit the building during the shaking. There is a danger of falling debris. If you are outdoors, move away from buildings, falling objects, and power lines.

AFTER THE EARTHQUAKE:

Be prepared for aftershocks. If you are outside, do not return to your classroom until authorized.

If required to evacuate, do not use the elevators. When exiting, make sure that the exit is safe to use. If directed to evacuate, proceed to the nearest stairwell and exit the building. Once outside, follow your instructor or the Floor Warden to the Evacuation Assembly Area to minimize your exposure to falling debris.
