Go to the PTE Reports tab and select PTE Results Report. Faculty may print their PTE Result Reports for courses they taught only. We recommend faculty keep a copy of their reports for their records and if applicable for inclusion in the RTP evaluation cycle. When ready to view and print, you will need to disable the pop-up blocker.

PTE TIPS FOR ALL FACULTY

- Designate time in class to explain to your students why their participation in the PTE process is important.
- Let your students know that their feedback is completely anonymous. Some students do not know this fact. For that reason, it is recommended not to provide incentives (i.e., extra credit) for participating in the PTE process as it may risk the anonymous status of the students providing feedback (pursuant to Article 15.17.a. of the CSU/CFA Collective Bargaining Agreement.)
- Describe the kind of feedback you find most useful.
- Let your students know that you value their constructive feedback to help you make improvements to your courses.
- Remind students when the online PTE survey becomes available.
- Reserve some time in class for students to complete the online PTE survey.
- Let your students know the PTE survey can be accessed via the MyCSUDH portal and the link sent to their DH email address.
- Let your students know that they will receive email reminders during the student evaluation period if they have not provided feedback for each course that is pending to be evaluated.
- When setting aside time in class for students to complete the online PTE survey, we recommend instructors to leave the room to help ensure that students feel free to provide authentic responses.
- Let your students know if they are having technical issues with the PTE Survey to contact the I.T. Help Desk at (310) 243-2500 or at <https://csudh.service-now.com>.
