

**Agenda (September Meeting):
September 9, 2016**

- Vote on bylaw updates (Meg)

Meg presented the major changes to the UFO Constitution and Bylaws, including number of events per semester, and voting rules with respect to changing the Constitution and Bylaws. Some wording changes also.

We discussed whether to change current term limits, but decided to keep current guidelines.

- Discuss and Finalize the fall 2016 events

Update from the research committee. October 21, 12-1pm. Informal – “speed meeting” to network and identify possible collaborations. Small group discussion around different issue areas. Would be great to invite Tenured faculty to this. Share what equipment is available for research across the campus?

- Hear ideas for how to implement the “New Faculty Tip Sheet”
