

EDISON SCHOLARS SCHOLARSHIP

For more than 125 years, Edison International has helped build stronger communities. Edison International believes that education is an important source of power and advancement for young people, and it helps strengthen communities. Since 2009, Edison has given more than \$34 million to education programs that help make the dream of college education a reality. These programs have focused on helping minority, low-income, and underrepresented students pursue studies in science, technology, engineering, and mathematics (STEM).

Eleven \$4,000 scholarships and one \$5,000 scholarship will be awarded for the 2018-2019 academic year. Each of the following campuses can nominate three to four students:

California State University Channel Islands	California State University, Los Angeles
California State University, Dominguez Hills	California State University, Northridge
California State University, Fullerton	California State Polytechnic University, Pomona
California State University, Long Beach	California State University, San Bernardino

- Applicants must be graduate students in one of the STEM majors listed in Attachment A.
- Applicants must demonstrate financial need as determined by the campus Financial Aid Office.
- Applicants must be in good standing with a minimum GPA of 2.8 on a 4.0 scale.
- Recipients must remain a California State University full-time equivalent student during the scholarship period.

To be considered for this scholarship you must:

- Complete an online University Scholarship Application. Click [here](#) to complete the application.
- A brief Personal Statement describing the students' background, personal achievements, challenges they have encountered, educational pursuits and aspirations for the future

**APPLICATION DUE DATE:
THURSDAY, APRIL 12, 2018**

Attachment A

Scholarship funding received from Edison International must be directed towards STEM education as it relates to the following specific majors only:

Business

- Management Information Systems

Computer and Information Services

- Computer Programming
- Computer Science
- Information Systems
- Information Technology

Engineering

- Bioengineering
- Chemical Engineering
- Civil Engineering
- Electrical and Communication
- Industrial Engineering
- Materials Engineering
- Mechanical Engineering
- Nuclear Engineering
- Software Engineering
- Nano Engineering

Mathematics

- Applied Mathematics
- Mathematics
- Statistics

- Computer Engineering Technology
- Construction Technology
- Drafting and Design Technology
- Electrical Engineering Technology
- Mechanical Engineering
- Surveying Technology
- Telecommunication Technology

Natural Resources and Conservation

- Environmental Science
- Environmental Studies
- Forestry
- National Resources and Conservation
- Wildlife and Wilderness Management

Physical Sciences

- Applied Physics
- Applied Chemistry
- Chemistry
- Geology/Earth Science
- Geophysics
- Physics
- Comprehensive Science
