Teacher Education Assistance for College and Higher Education Program
(TEACH) Request Form

The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides a grant to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families. In exchange for receiving a TEACH Grant, you must agree to serve as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves low-income students. As a recipient of a TEACH Grant, you must teach for at least four academic years within eight calendar years of completing the program of study for which you received a TEACH Grant. As of October 1, 2018, the maximum TEACH grant award amount for the 2018-2019 school year is **\$3,752**.

Please Note: If you fail to complete the service requirement, all payments of TEACH Grants you received either by refund or applied toward your fees will be converted to a Federal Direct Unsubsidized Stafford Loan. You must then repay this loan to the U.S. Department of Education. You will be charged interest from the date the grant was paid.

You are urged to carefully consider not only your loan indebtedness but the Agreement to Serve requirement when deciding whether to accept a TEACH Grant. If you are able to answer “Yes” to all questions below, complete and submit this signed form for Teach Grant consideration:
