Research Skills

Systems Engineering (MS)

GENERAL ADMISSION REQUIREMENTS:

The following requirements must be met to qualify for general admission to the University.

- Completion of a four-year college course of study and an acceptable baccalaureate degree from an institution accredited by a regional accrediting association or completion of equivalent academic preparation as determined by appropriate campus authorities.
- Good academic standing at the last college or university attended.
- A grade point average of at least 2.5 (A = 4.0) in the last 60 semester (90 quarter) units attempted.
- Satisfactory adherence to the professional, personal, scholastic, and other standards for graduate study, including qualifying examinations, as appropriate campus authorities may prescribe.

Many graduate programs require a supplemental application and/or additional documentation for admission consideration. Please contact the department for specific admission requirements.

1 Submit an application online at csudh.edu/apply and pay the \$70 non-refundable application fee. You will receive an application acknowledgment email to let you know that we have received your application, which will include your student ID number and account information.

2 Activate your my.csudh.edu account to view your application status and determine if there are any documents you need to submit.

3 Check with your department for supplemental requirements and submit additional application materials if applicable.

PROGRAMS / OPTIONS	GPA	SUPPLEMENTAL APPLICATION	ACCEPTING APPLICATIONS	TEST	RESUME CV	PERSONAL STATEMENT	RECOMMENDATION LETTER	INTERVIEW	VOLUNTEER HOURS	OTHER	OFFICE LOCATION & CONTACT NUMBER

WHY GRADUATE STUDIES?

GROWTH

Fields requiring a master's degree project higher salary growth.

(Bureau of Labor Statistics, 2016-2018)

BETTER CAREER

Employees with a master's degree enjoy greater autonomy in job duties, more control over career progression, and greater work satisfaction.

(Council of Graduate Schools, 2018)

EARN MORE

Among U.S. workers, those with an advanced degree (above bachelor's) can anticipate earning over \$1.3 million more than those without.

(Suzanne Ortega, President, Council of Graduate Schools, 2018)

INFLUENCE

Employees with master's degrees demonstrate increased innovation and drive scientific discoveries that impact the public good.

*The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after fees are initially charged or initial fee payments are made, to increase or modify any listed fees. All listed fees, other than mandatory system-wide fees, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory system-wide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).
