Allied Healthcare Scholarship Program. – O&P students

<https://funding.hcai.ca.gov/>

The Department of Health Care Access and Information (HCAI) works to increase and diversify California's healthcare workforce by providing scholarships and loan repayments to health professional students and graduates who provide direct patient care in those communities.

The purpose of the Allied Healthcare Scholarship Program (AHSP) is to increase the number of appropriately trained allied professionals providing direct patient care in an underserved area or qualified facility within California. Those awarded the Allied Healthcare Scholarship may receive up to \$15,000 for one year of their program. If awarded, recipients agree to a twelve (12) month service obligation practicing in an eligible allied health discipline, providing a minimum of 32 hours per week of direct patient care in an underserved area or a qualified facility in California.

Here are a few more that are outside normal O&P
