Faculty Pay Resources

Please take a moment to review the resources below regarding pay calendars, accessing compensation history, check handlers, and other important details.

**Pay Calendars:**

Faculty employees are appointed for a semester, an academic year, or a 12-month basis. How faculty are appointed determines your pay schedule. Faculty appointed on a semester or academic year basis can view the Academic Pay Calendar. Faculty appointed on a 12-month basis can view the Payroll Calendar.

View additional important calendar information such as payday and campus holidays on HRM’s Calendars website.
