

Entering Docks

Absence Management & Time & Labor

Overview
 To ensure docks are reflected on the monthly payroll, Dock (employee has had a non-compensable absence) must be reported to payroll and entered in Absence Management and Time and Labor as soon as they occur for the entire month. Payroll reports docks to the State Controller’s Office by the “master cut off” date in order to capture all docks in the employee’s upcoming paycheck. Please refer to the payroll calendar for the cut-off dates.
