

Save PDF Document instead of using Default PDF Viewer in Firefox Browser

Firefox has its own built-in PDF viewer but some new features used on the document may not be supported. Follow the steps below to set Adobe Reader as your PDF default viewer on Firefox browser.

- 1) Download the latest version of [Adobe Reader](#) and install it.
- 2) Open Options  under Firefox.
- 3) Select the Applications section under Options and locate the Portable Document Format (PDF).

- 4) Choose Save File on the options list.
