Extended Education
Spring 2015

Do you want to take CSUDH
Credit Classes **NOW?**

Try

Open University

Open University is an easy way for anyone to participate in regular university classes at CSU Dominguez Hills.

Registration is easy – formal admission to CSUDH is not required.

Each class you take through Open University at CSUDH may apply toward your future degree while you enhance your professional skills and explore your personal interests.

Now you have access to hundreds of CSUDH courses each fall, spring and summer.

High school students who will have completed their junior year by June may register with the written support of their principal or counselor accompanying their registration form and fees.

- Take CSUDH credit courses without being admitted to the university. No transcripts, applications, or other documentation are required. Apply credits you earn to a degree later, if you wish.
- Test a degree program to see if it suits your educational aspirations. You can find out if your passion for microbiology, archeology or gerontology is satisfied through academic study.
- Improve your grade point average if your first attempt at college courses was less than successful. If you have been disqualified from the university or denied admission because of a grade point deficiency, you can enroll through Open University and get a second chance to show your true potential.
- Start accumulating credits that can apply to your degree once you are admitted to the university. You can apply up to 24 undergraduate and up to 9 graduate units toward your degree.
- Complete requirements for a degree begun at another university.

Increase your value to your
employer, your clients and
yourself.

Enroll in a CSUDH professional Certificate of Completion Program.

These programs are designed to ensure that you gain skills and knowledge of a particular topic. Upon successful completion of a program, you will receive a professional certificate of completion.

Once completed, you'll see how your chances improve for career advancement. You may also find opportunities to transition to a new career or develop a specialty within your current field. The more you know about your chosen career, the more you can contribute and find satisfaction with what you do.

We offer over 30 certificate of completion programs. Because each certificate is developed in consultation with advisory committees made up of leaders in their respective fields. The curriculum provides you with the latest in cutting-edge ideas, information, and practical skills that can be used immediately on the job.

Some certificates can be completed in a few weeks. Others take longer. Several enable you to sit for professional certification exams or meet the requirements for professional, California-mandated continuing education.

Instruction from the Best

Learn from instructors who are leading industry experts, and who are experienced teachers. Their practical, experienced and first-hand knowledge will help you excel.

Convenient and Flexible

For your convenience, CSUDH offers classes on the main campus in Carson, online, and at your place of business by arrangement. Courses are offered at night and on weekends to accommodate your busy schedule.

Greetings to all current and future members of the College of Extended and International Education (CEIE) family. My name is J. Kim McNutt, recently appointed Dean of the college. I started at Dominguez Hills on July 1st, 2014 and hit the ground running.

There is an exciting change percolating throughout the university and especially here at CEIE. I am thrilled to be here and actively sought this opportunity. I come to the Los Angeles environs by way of San Antonio, Texas, where I served as associate Vice President for Continued Learning. However this is not my first rodeo in California. I served as Dean of Extended Learning at the California Maritime Academy in the bay area, before being recruited to Texas.

We have a terrific array of credit and non-credit, certificate, online and training programs to suit just about everyone and everything. I am a strong supporter of student access, which is one pillar of extended education: to provide access to education for working professionals, adult learners, career changers and ladder climbers.

Thank you for selecting a course or program of study with CEIE here at Cal State University, Dominguez Hills.

Master of Business Administration (MBA) Online

The Program

The MBA at CSUDH provides a solid qualification in business management with courses that are wide-ranging in content, covering the essential areas of knowledge and skills required in today's competitive business environment. The curriculum is focused on providing students with the tools for solving business problems and making decisions within the framework of a strategic plan. The MBA is designed not only to impart the knowledge of accounting, economics, finance, management, and marketing but also to equip graduates with the foundation for effective team building, quantitative and qualitative decision making, and creative problem solving.

Special Features

The MBA can be completed entirely online through the MBA Online Program. Courses feature a high level of interaction between faculty and students. Each class combines text materials, lecture videos, case studies, group interaction among students, threaded discussions, interactive netmeetings and video conferencing. The 30-33 unit MBA curriculum can be completed online within 18 months through

the CSUDH MBA Online Program. All MBA courses are three (3) credit units each and are offered on a twelve (12) week schedule. The program is offered in four (4) terms or sessions each year. Students can enroll and begin studies in the Spring and Fall sessions. The curriculum consists of the following components:

Prerequisite Coursework

Required Core Courses	21 Units
Electives	9-12 Units

Prerequisite coursework covers nine business core competency areas that provide the necessary background for advanced graduate study. Competency areas consist of the disciplines of financial accounting, marketing, business law, economics, management, operations research, finance, information systems and business statistics. Students who hold an undergraduate degree in business administration, commerce, or a related field from an accredited institution may be deemed to have acquired competency in the core areas and if the core courses were completed with a grade of "C" (or equivalent) or higher.

Students who hold an undergraduate degree in a field other than business administration or in a related area will be required to demonstrate competency in the business core areas. Competency can be demonstrated by completing necessary coursework at an accredited institution prior to beginning graduate studies at CSUDH or by completing appropriate bridge courses offered through

the MBA Online Program.

Concentrations

Students can choose from seven (7) areas of concentration available in the MBA program:

- General Business
- Finance
- Marketing
- International Business
- Management
- Human Resource Management
- Information Technology Management
- Logistics Management

The Master of Business Administration (M.B.A.) Distance Learning program at California State University, Dominguez Hills (CSUDH), has been rated among the top 10 best values among major universities in America according to a national survey. GetEducated.com, LLC

Cost

The fee for the MBA online program is \$440 per unit or \$1,320 for a 3 unit course. Course fees are the same for resident and international students. Fees subject to change.

Master of Public Administration (MPA) Online

The Online MPA Program is designed to meet the needs of adult learners who work in the public, nonprofit and private sectors

The Program

The Master of Public Administration (MPA) program is designed to provide a quality graduate professional education for individuals entering or currently employed in public service and non-profit professions.

What You Will Learn

The MPA program prepares students for careers as professional managers of public sector or non-profit organizations as well as for research, consulting, and teaching careers. The MPA curriculum is developed on a theoretical foundation for the practice of effective public management in a wide range of public service functional areas at all levels of government.

The MPA Online Program is offered in four or six sessions each year. Students can enroll and begin studies in the Spring and Fall sessions. The 36-unit MPA curriculum consists of core and elective courses (3 credit units each) offered in an eight week or twelve week schedule.

Special Features

Program Delivery System

All Online MPA courses are offered online. After meeting prerequisite requirements, students may complete all other program requirements within one year by taking two (2) courses per session during a four session timeframe.

Eligibility Requirements

Applicants for admission to the MPA Online Program must meet the California State University Dominguez Hills admission requirements for post-baccalaureate or graduate study and the graduate admission requirements of the Department of Public Administration. Applicants will be considered for admission if they satisfy the following:

- Hold an acceptable baccalaureate degree from an accredited college or university,
- Are in good standing at the last institution attended,

- Have an overall GPA of at least 3.0 in the last 60 semester (90 quarter) upper division units, OR 2.75 overall GPA
- Attain a minimum score of 550 paper-based, 213 CBT or 80 IBT. The TOEFL or the ILETS (minimum score of 6.5 for the ILETS) is required for all applicants who have received all, or a significant portion, of their education in a language other than English

Students who have no prior public administration related coursework or who have limited public agency administrative experience (as determined by the MPA program department) will be required to take one to three undergraduate bridge courses.

Costs

Tuition for all MPA Online courses is \$440 per unit for the 12 week classes, and \$600 per unit for the 8 week classes. Course fees are the same for both resident and international students. All fees are subject to change.

Accreditation

The Master of Public Administration Program is additionally accredited by the National Association of Schools of Public Affairs and Public Administration. The MPA program is also WASC accredited through the University

Applications for the MPA Online program are available on csumentor.edu. The website for prospective MPA students <http://mpaonline.csudh.edu> provides additional information on the application procedure, requirements, fees, and deadlines.

Application and Registration Deadlines

For application and registration deadlines consult the MPA Program Coordinator.

Cal State Online Bachelor of Science in Applied Studies

Your access to an affordable degree completion program

Bachelor of Science Applied Studies (APS) program is accessible

- on campus at CSUDH in Carson
- distance learning through CAL STATE ONLINE an using online course management platform with video lectures by instructors in selected courses

The Program

The Bachelor of Science in Applied Studies is a degree completion program designed to meet the needs of community college students with backgrounds or degrees in technical fields for which there is no apparent bachelor's program into which they may readily transfer and pursue upper division coursework. The Applied Studies major blends business and liberal arts courses and involves integration of transferable skills. Students with technical or vocational associate degrees are able to obtain a four-year degree and prepare to advance in their occupations. Program Curriculum available at:

<http://www.appliedstudies.tv/curriculum.php>

Who Should Attend

APS Cal State Online program is especially suited for

- ▶ Working adults who, because of location or schedule, are not able to attend University classes on a campus
- ▶ Individuals who wish to complete a four-year degree, particularly those with associates in technical or vocational fields
- ▶ Individuals interested in career advancement with a 4 year degree

Features of the APS Program

- ▶ Affordable degree in convenient format for working adults
- ▶ Alternative formats of delivery available
- ▶ Advising and support throughout the program

Cal State Online Bachelor of Science in Applied Studies

(Continued)

- ▶ Interdisciplinary and integrative curriculum blending problem-solving skills and perspectives from liberal arts, social science, and technical fields
- ▶ Scheduled courses year-round making possible timely completion of upper division coursework
- ▶ Enrollment in courses permitted to qualified students before admission

Admission as a Transfer Student

The best way to prepare to transfer to CSUDH and be admitted as an upper division student in Applied Studies is to obtain an associate degree at a California Community College and a certification of completion of the California State University lower-division General Education requirements. Most students will enter the program with an associate's degree or equivalent completed. Refer to the CSUDH admissions website for information about qualifying for admission.

Global Logistics Certificate of Completion

The Program

The Global Logistics program is designed to provide training for operational staff in freight forwarding companies, small to medium size shipping department supervisors and export/import office staff. Additional exposure to warehouse operations, trucking operations and the handling of hazardous material procedures as well as international finance provides for a pragmatic program, with immediate, applicable job skills.

What You Will Learn

The curriculum is based upon a sequence of courses that cover the body of knowledge to enter the field of logistics or improve current job skills for individuals already employed in the field. An overview of logistics, designed to introduce and define terms leads to specific courses that will enrich knowledge of how

transportation plays such a major role in the world economy. The program will explore all modes of transportation both domestic and international and provide the groundwork to identify and handle commodities that require special attention, including security, dangerous goods and government compliance. The curriculum is focused on the operational level of logistics.

Who Should Attend

Individuals who desire an entry level position or improved job skills with a freight forwarder, small package company, trucking company or warehouse. Additionally, many small to medium size manufacturing and distribution firms depend upon a shipping supervisor to be familiar with the many facets of logistics; the various topics of the courses in this program would satisfy that need.

Program Benefits

- Program of six courses can be completed in less than four months
- Participants will acquire skills needed to enrich many employer's lean program
- Program emphasizes a practical body of operational skills that can be immediately put to use
- Participants will enter a dynamic field, with many levels of career opportunities and specialty areas

Certificate of Completion Requirements

A certificate is awarded upon successful completion of the six required courses comprised of 70 classroom hours

Program Cost

- Total Program Fee: \$1190.00
- Books/Parking – Program \$450.00 (Approx.)

Human Resources Certification Preparation

SHRM-CP & SHRM-SCP EARN THE NEW STANDARD IN HR CERTIFICATION

The Program

Establish yourself as a globally-recognized human resource expert by earning the new standard in HR Certification: SHRM Certified Professional (SHRM-CP™) and SHRM Senior Certified Professional (SHRM-SCP™). Ensure you're prepared with CSUDH's new SHRM prep, designed for SHRM credential candidates. Expand and test your knowledge and practical, real-life competencies in areas critical for HR career success.

This intensive 12-week/36-hour program combines expert instruction with the SHRM Learning System so you will learn faster, retain more knowledge and track for success on the exam.

What You Will Learn

This is an exciting and pivotal time in the HR profession. Now, more than ever, HR teams are required to assume a greater leadership role, contributing to the strategic direction of their organization. The profession is no longer just about what you know – but how you do your job.

SHRM certification is poised to become the new standard for HR professionals around the globe, as it is among the first HR certifications that is focused on teaching and testing the practical, real-life information HR professionals need to excel in their careers today, including knowledge, skills and behavioral competencies.

The SHRM-CP™ and SHRM-SCP™ encourage HR professionals to acquire the competencies and knowledge they'll need to effectively perform their jobs and achieve career success, now and in the future. This certification, built with employers in mind, will help set the global standard for excellence in HR and grow certification throughout the HR profession.

Are you ready to enhance your competence

and knowledge to become a strategic, global-minded HR leader?

Who Should Attend

To make certification accessible to all HR professionals, SHRM has created eligibility requirements that minimize participation barriers, reflect current HR roles and expand opportunities for HR practitioners employed in non-traditional work arrangements. For complete eligibility requirements go to: <http://certification.shrm.org/ecertification/credits>

Special Features

As part of your course, you will receive the 2015 SHRM Learning System® for SHRM-CP™/SHRM-SCP™. This new and comprehensive program is filled with unique features, including innovative SmartStudy™ tools, comprehensive learning modules, and interactive online multi-media resources to help streamline your study time, expand your competencies and knowledge and build confidence for passing the certification exam.

SmartStudy steps to success

- **ASSESS:** Complete the online assessments to determine your current knowledge and gaps, with the results weighted against tested areas on the SHRM-CP™ or SHRM-SCP™ certification exam.
- **STUDY:** Use assessment results to identify your learning priorities, create your personal study plan, estimate study time and apply learned knowledge.
- **PASS:** Complete the post-test and use other testing preparation tools to validate your learning and refine your study plan as you prepare to pass the exam.

SmartStudy™ is like having a compass pointing toward content you most need to study.

Comprehensive learning modules

Meeting and Event Planning Certificate of Completion

The Program

Meeting and Event Planning is a rapidly growing, multi-billion dollar global industry with conferences, meetings, trade shows and social events hosted regularly. During the 2012 calendar year, 1.83

million meetings were held in the US, attended by 225 million participants. Meetings contribution to GDP surpasses that of air transportation, motion picture, sound recording, performing arts and spectator sport industries.

In a recent report produced by the Convention Industry Council (CIC) in 2012, meetings employed nearly 1.8 million people. That translates to 8.3% more jobs created by meetings in 2012 than in 2009. The Bureau of Labor Statistics projects meeting, convention and event planner employment growth of 33.2 percent between 2012 and 2022, adding 31,300 more jobs. Favorable job prospects help this profession rank No. 53.

What You Will Learn

The program provides an overview of the industry and information regarding resources, professional organizations, and career

possibilities and answers the following questions:

- How can I become a meeting professional and what are my opportunities?
- What types of jobs are available?
- Should I work for myself or someone else?
- What salary can I expect to make?

Employment Outlook

What positions might this certificate lead to? Meeting Planner, Event Director, Meeting Coordinator, Wedding Planner, Special Event Planner, Destination Management Planner, Corporate Planner, Association Planner, Independent Meeting Planner.

Who Should Attend

Individuals who should attend include:

- Individuals who coordinate meetings, conferences, weddings, fundraisers, sport programs, social functions, or other types of events.
- Individuals who are considering making a career change and seeking a comprehensive introduction to the field of Meeting and Event Planning.
- Employees of the hospitality industry, such as hotel sales and convention service managers, who work with meeting and event planners.
- Those who work in related fields such as entertainment, lighting, audio/visual, sound, and catering who are looking for additional knowledge to further their skills and enhance their competitive edge.

Eligibility Requirements

No prerequisites are required for the certificate. Some experience in meeting and event planning is helpful, but not necessary.

Special Features

Project Management Certificate of Completion

The Program

Obtain the management skills required to bring projects in on time and within budget. The results of successfully completing coursework in this program will be visible in your overall job performance, leadership effectiveness, risk analysis and decision-making capabilities, and improved management style.

CSUDH, College of Extended and International Education is an official Global Registered Education Provider by the Project Management Institute (PMI).

What You Will Learn

The curriculum is based on an organized sequence of courses that cover the Project Management Body of Knowledge (PMBOK), which serves as the fundamental knowledge base for project management.

As a result, those who qualify will be better prepared to sit for the Project Management Professional Exam. Recognized domestically and internationally, the PMP Certification has a standard for excellence in project management. Obtaining use of the PMP designation distinguishes you as an expert in the profession.

Who Should Attend

Individuals in any discipline who work on projects in either the public or private sector will benefit from course work. Those with 3-5 years work experience who are not currently working in this field will be prepared to pursue career opportunities specifically in the area of project management upon completion of the program. Individuals who are considering a career change will get a good overview of the project management profession to aid in their career decisions.

Program Benefits

- Individual course certificates showing CEUs and PDUs are awarded to students who do not miss any of the class sessions.

"I have enjoyed my journey of learning. I discovered I really do love learning and now that I have "time on my hands" I may just take a Project Management course. Thank you for your help and encouragement."

- Sally Kaye

Production Planner
Younger Optics, Torrance, CA

- Obtain a proven, practical body of project management knowledge and skills that will help you avoid making costly mistakes.
- Helps students prepare to sit for the Project Management Professional (PMP) and Certified Associate in Project Management (CAPM) exams.
- Learn techniques for effectively coordinating and managing all aspects of a project including team leadership, project risk and financial analysis, evaluation and control techniques, project planning and decision-making.
- Explore the international dimensions of project management

Certificate Requirements

A certificate is awarded upon successful completion of five required courses.

Instructors

Kamal Vinayak Inamdar, Ed.D, PMP, has over 30 years of combined experience in engineering, manufacturing management, project management and finance. He has taught business and management at two CSU campuses and UCI.

Tammo T. Wilkens, MBA, P.E., PMP, has 31 years of experience in Project Management. He has managed various projects in software, engineering and construction industries, both in the private and public sectors. He has lectured and presented numerous papers and is a recognized subject matter expert in planning & scheduling and earned value management. He has mentored employees, delivered PHMP exam prep courses and continues to receive overwhelmingly positive feedback from students.

"I want to commend Dr. Inamdar for his superb and sincere work in conducting his project management courses. I have been a design engineer for more than 35 years. With Dr. Inamdar's help, I am putting pieces together and learning details that only a highly educated and experienced person can make look simple. He has gone beyond the hours allotted and worked with students explaining details of project management techniques and methods. He has also helped us practice for the CAPM and PMP exams. Dr. Inamdar is an asset to CSUDH and I congratulate you for having him on board.

I would also like to add that your PMX program is the best for the price in Los Angeles and Orange Counties."

Special Major Bachelor of Arts Degree

A Special Major degree for
those who have completed
the Production and Inventory
Control Certificate Program

The Program

Students who have completed the Supply Chain Management / Production and Inventory Control program at California State University, Dominguez Hills, are invited to apply the credits earned to a bachelor's degree program as part of a unique program entitled Special Major. Through this program, students can integrate their studies in Supply Chain Management with at least two other disciplines to obtain the degree. Working with an advisory committee, participants design a path that best suits their individual and career objectives. Working adults and their employers will appreciate the career-specific approach of this innovative course of study.

Eligibility Requirements

Formal admittance to the University is not required for participation in the Supply Chain Management / Production & Inventory Control Certificate program, but is required for participation in the balance of the Bachelor's Degree Program. All students are required to pay extension tuition for these courses. Students desiring to enter the University to earn a Special Major BA must follow standard University application procedures as outlined in the University Catalog.

Program Requirements

The Special Major Bachelor of Arts degree requires the completion of 120 semester hours including both lower and upper division course work. Participating students must complete all general studies program requirements (52-59 semester units) and

integrate at least one other discipline outside of the College of Business and Public Policy with the PIX units to achieve a total of 24 units of upper division credit to complete the Special Major. Students must also complete an acceptable University minor.

Other graduation requirements are listed in the general University Catalog. The minimum requirement for the Special Major is 24 semester units of approved upper division work. The credit hours earned while completing the Supply Chain Management / Production and Inventory Control Certificate serve as the foundation for the Special Major. The remaining upper division credit hours, in consultation with the student's advisory committee, should be chosen from at least one other department outside the School of Management.

Residence Requirements

A minimum of 30 semester units (of which 24 must be upper division units) must be completed in residence at CSU Dominguez Hills. This does not include the credits earned as part of the PIX certificate program because credits earned through extension are not considered residence credit. Please see the University Catalog for other residence and transfer credit requirements.

The Minor

In addition to the Special Major, participating students are required to complete a regular academic minor.

University Requirements

A student working towards the Special Major PIX degree is subject to university-wide policy relative to admission, scholastic standards and graduation requirements (please refer to the University Catalog). A maximum of 24 semester units through extension, correspondence and the United States Armed Forces Institute may be accepted toward a bachelor's degree. Each PIX course successfully completed counts as 3 of the 24 acceptable units.

Sample Programs

For complete requirements, please consult the University Catalog at: <http://www.csudh.edu/catalog/2011-2013/SpecialMajor.htm> and a program advisor. Additional prerequisite units may be required in the major and minor.

Two Online Certificate Programs in Supply Chain Management:

- Supply Chain Management
- Purchasing

Who Should Attend

The Certificate programs are designed for those who wish to gain a broad education in the principles of supply chain management. Those already in this growing field as well as those anticipating a career change will benefit from this practical training taught by leading professionals currently employed in production and inventory control and/or purchasing. In addition to providing a comprehensive introduction to supply chain management, the coursework is designed to help students prepare for the national CPIM Certification Exams or ISM (NAPM) Purchasing CPM Certification Exams.

Employment Opportunities

Production & Inventory Control and Purchasing Certificate holders find employment in aerospace, electronics, military, hospitals, retail, and warehousing.

Requirements

Courses are offered three trimesters each year and each course provides three (3) units of upper division degree-applicable academic credit. Students must complete 5 courses and achieve an over-all grade point average of 2.5 (C+) or better to receive the certificate. The certificate must be completed within 3 years once the student has started the program.

Solar PV Entry Level Installer

The Program

About half of all solar PV installers work in California, a State that provides many incentives for solar electric power. Because solar power requires a large upfront investment, tax credits and other government incentives help make it a more affordable option for individuals and businesses. Given the trend in favorable government incentives,

analysts expect that the solar-power industry will continue to grow rapidly.

Course is designed to prepare students to work as entry level installers who assemble, install and maintain solar photovoltaic (PV) systems on roofs or other structures in compliance with site assessment and schematics. Part of the job requirements include measuring, cutting, assembling, and bolting solar modules to structural framing, as well as perform minor electrical work such as current checks.

As part of the course, students will be prepared and eligible to test for the Electronics Technicians Association's (ETA) level one installer's exam. ETA is one of the leading organizations in Solar PV training. Individuals with residential construction experience are best suited for this course; however there are no prerequisites or experience required.

Employment Outlook

According to the Occupational Labor Handbook, job prospects are expected to be excellent, particularly for those who have completed training from an accredited technical school or a formal apprenticeship.

CSUDH Extended Education offers a service that starts with three steps to review your planned or existing in-house training programs for continuing education credit:

- ✓ Call 310-243-3730, or email bwald@lists.csudh.edu.
- ✓ Prior to your training event, package and send information about your in-house or conference training.
- ✓ Your training is reviewed by CSUDH Extended Education for content and quality.

If your course, curriculum or conference is approved, participants receive a permanent California State University Dominguez Hills record showing continuing education units (CEUs).

Grant Writing and Administration

Certificate of Completion

The Program

This program provides students with the basics in grant proposal funding. It includes learning terminology, identifying eligibility to apply for certain grant programs, finding grant funding resources and statistical data to document need for funding, learning about proposal requirements and how to prepare the components of a grant proposal.

This NEW HYBRID program requires students to attend three in-class sessions and participate on-line using Blackboard.

Students are required to complete the on-line readings and exercises. Students will also be required to participate by posting responses to instructors' questions and participating in class discussions utilizing the discussion board. Each class session includes an assignment that will reinforce the material, promote the peer review process, and provide a hands-on writing experience.

What You Will Learn

Students will gain practical knowledge needed to develop and strengthen funding proposals. Topics covered include:

- Strategic planning and program design
- Understanding the application process
- Managing projects and performance reporting

Who Should Attend

Individuals interested in learning how to write and manage winning grant proposals including educators, public administrators and nonprofit personnel.

Eligibility Requirements

This program is open to all individuals interested in learning about grant writing and administration. Students must have access to the internet.

Special Features

Courses are offered for Continuing Education Units (CEUs). Nationally recognized standards govern attendance requirements to earn CEU

credit. A permanent record of attendance is established and students may obtain a copy of their transcripts by calling the Records Office at (310) 243-3621.

Certificate Requirements

A Certificate of Completion will be awarded upon completion of three required courses.

Register today! Enrollment is limited

Required Courses

The program courses are designed to be taken in sequence

Pre Award Grant Administration TEX 914
Evaluation and Grant Implementation TEX 917

Post Award Grant Administration TEX 919

Attendance is required at all class meetings.

Note: This program utilizes Blackboard. Be sure to get your password and instructions on how to access MyCSUDH when you register. Please log on to Blackboard, print the handouts for Week 1 and bring them to class.

Program Instructor

Theresa Lu, PhD, is CEO of Lu & Associates and has over 20 years experience in the grantwriting and program evaluation industry.

Technical Writing Certificate of Completion

The Program

The Technical Writing Certificate of Completion Program introduces students to the many aspects of contemporary technical writing practices and helps them develop the skills and confidence to communicate complex technical concepts simply and effectively.

What You Will Learn

Technical writing plays an extremely important role in the business field and high tech world. With increasing reliance on sophisticated technology, written technical instructions have become the primary paths to understanding complex procedures. Some of the concepts that students will learn include how to determine their audience, purpose and objectives for various documents; how to follow steps to successful technical writing; how to write collaboratively;

"The Technical Writing Certificate program through CSUDH was exactly what I needed to update my skills as a technical communications specialist and launch myself into a new career. The courses are well-thought and include relevant assignments and projects. The instructors are easy to connect with, available, and provide insightful feedback. I highly recommend the program to anyone who is looking to further their career or launch themselves into a new one."

- Melanie Bryant
Atascadero, CA

how to write a procedures manual; and how to design the most common types of technical documents.

Who Should Attend

Career opportunities are found in the financial, industrial, construction, electronics, automotive, medical, computer, biomedical, healthcare, agricultural and petrochemical industries. Many engineers, scientists and technicians have increased their effectiveness through improvement of their technical writing skills. Individuals who are interested in becoming technical communicators, or those who are already in technical writing positions and would like to improve their skills.

Eligibility Requirements

Students must have a command of the English language and understand the basic principles of composition including grammar and sentence construction.

Special Features

The program is taught online.

Certificate Requirements

A Certificate of Completion is awarded upon successful completion of the entire program.

Distance Learning

California State University, Dominguez Hills is a national leader in distance learning, named by *Forbes* magazine as one of the top cyber universities. The university has the largest distance learning program in the CSU system, with more than 4,000 students enrolled in distance learning programs in all 50 states and more than 60 countries. CSU Dominguez Hills offered its first distance learning degree in 1974, and in 1995 offered one of the first online masters degree programs ever approved by the Western Association of Schools and Colleges. CSU Dominguez Hills continues to be in the forefront of distance learning technology and academic excellence, garnering numerous awards including the Best Distance Learning Teacher from the U.S. Distance Learning Association, an Omni Intermedia Award, an Aegis Award, two Telly Awards and a Top 100 Video Producer Award. CSU Dominguez Hills is accredited by the Western Association of Schools and Colleges.

A New Way to Learn

CSUDH has developed an entirely new online interactive educational experience. In some ways, it's even better than being in class-room!

Every week, a class is broadcast on cable TV and the Web, and appears as streaming video on your computer. Video, pictures, graphics and other enriched media help illustrate the lecture. Students can ask the professor a question at any time via e-mail or phone. Professors can also ask questions during the class, and students respond through the interactive features of the site.

Students can also chat with each other during the broadcast.

If students miss a broadcast or would like to review the material, an archived video of the class is available on the Web site. In addition, every class has Blackboard Web site, where, in between broadcasts, students can download reading materials, participate in threaded discussions, take quizzes and turn in assignments.

Interactive courses and special programming are produced by the Center for Mediated Instruction and Distance Learning in specially equipped studios and broadcast live on DHTV, the television and Internet program service of CSU Dominguez Hills. Students and viewers may call a toll-free 800 number to be part of live, interactive discussions by asking questions and sharing comments with the instructor or in-studio guest lecturers.

TV classes can be seen on a variety of cable networks throughout Southern California including LA36 (cable channel 36 throughout the City of Los Angeles), on cable channel 6 in the South Bay region of Los Angeles County (Torrance, Hawthorne, Lawndale, Lomita, Gardena and El Segundo), cable channel 64 in Pasadena and Altadena and CityTV/cable channel 16 in Santa Monica and an increasing number of other cable systems throughout the region.

Be sure to check you local cable listings for the channel location for DHTV in your area. For information about DHTV, program schedules and more, call the Center for Mediated Instruction and Distance Learning at 310.243.2288.

Young Scholars

College Courses for High School Students

Young Scholars Distance Learning courses are California State University Dominguez Hills courses taught on television and the Internet. Students who successfully complete an Young Scholars Distance Learning course will have three semester units recorded on a Dominguez Hills transcript. High schools can choose to give a student high school credit for successfully completing the Young Scholars Distance Learning course but that decision is at the discretion of the high schools.

Young Scholars Distance Learning courses have one 90 minute class that is broadcast live on cable television in southern California and on the Internet each week. Students who cannot watch the live classes can view archived videos at youtube.com/csudhtv.

Credit courses are broadcast online and on television. For further information and a schedule, please visit <http://dominguezonline.csudh.edu>

Physical Education, Administration Option Master of Arts in Education

The Program

This is a graduate program for physical education teachers who are interested in furthering their education and professional development.

What You Will Learn

Graduates of this program will receive a Master of Arts in Education with an emphasis in Physical Education Administration. The Physical Education Administration option is designed to provide advanced studies in physical education, as well as knowledge and understanding of the basic foundations and theories of educational administration. The curriculum objectives promote a blending of theory and practice to assist students who seek advancement within their chosen field in education, public service, or the private sector. Graduates from this program will meet requirements necessary for teaching physical education at the community college level, as well as meeting requirements for various school administrative positions.

The Master of Arts in Education, Physical Education Administration Option is structured as a differential tuition program, with graduates completing a total of 30 units. Students will complete 18 units (graduate education curriculum) under state support and 12 units (physical education courses) through Special Sessions. Students will be enrolled as regular university students for the extent of the program, but will pay the current Special Sessions fees for the 12 physical education units.

Degree Requirements

The following courses (A-C) constitute the program of study for the Master of Arts in Education: Physical Education Administration Option. Certificate in Community College Teaching

The Program

A three-course Certificate in Community College Teaching is designed for those who are ready to explore the option of a career in community college teaching. Courses are designed to enhance the skills and knowledge, and thereby employability, of potential community college instructors.

Who Should Attend

Participants should hold a master's degree in a subject area taught at the community college level, or be in the final phase of a graduate degree program, or be currently employed as an instructor in a community college.

Location

GED 548 and GED 549 are taught **online** in the **Spring** semester. These courses are taught **on campus** at CSUDH in Carson in the **Fall** semester. Registrants for GED 594S will perform their internship at a community college.

"The course work provided me with a basic understanding of the goals and objectives of the California Community College system, and how the system operates. In addition, I was given the opportunity to intern at Harbor College which lead directly to my obtaining a teaching position there. I highly recommend the Community College Teaching Certificate Program at CSUDH to anyone who is interested in pursuing a career in teaching at the community college level."

Professional Development Courses Distance Learning

Self-paced

The Program

These distance learning courses are computer-based, and designed by experts who carefully and thoughtfully craft the courseware which allows you to work at a pace that fits your schedule. The instructors establish regular office hours and provide access by a toll-free number and/or by email for questions.

Who Should Participate

Educators who need the flexibility of e-learning to advance their careers to the next step or compensation level. Learn at home or work, on your own computer, on your own time, at your own pace.

Special Features

All program instructors are experienced practitioners in their field of expertise. The courses are only available online. Student must have Mac OSX 10.x OR Windows XP Home, Professional or newer. Requires 1GB of RAM, 5MB of free hard disk space, 15" or larger color monitor with a minimum resolution of 800 x 600, and a printer connected to your computer.

Credit Information

Credit varies depending on course.

You must complete each examination with a minimum score of 70% or higher to pass this course.

Professional Development via Distance Learning

Course Completion Information

Students are expected to complete all coursework within the same semester they registered for the course. If a student cannot complete the course within the semester, they must contact VESi prior to the semester deadline to request an extension. Extension will only be granted for severely extenuating circumstances and if substantial work has been done in the course. The student **must** then complete all coursework by the date given by VESi.

If you do not complete by the end of the term and have not received approval for an extension, an F will automatically be reported.

Costs

Each class is priced individually.

2 Extension Unit courses - \$340

3 Extension Unit courses - \$499

There are no refunds.

OPEN University

Open University is a program that permits members of the community to take regular University classes offered on the California State University, Dominguez Hills campus without going through the formal admissions process.

Essentially, it "opens University" courses to the general public.

MS in Health Sciences, O&P Option

Orthotics and prosthetics is a specialized health care profession, which combines a unique blend of clinical and technical skills to care for patients who have neuromuscular and musculoskeletal disorders and/or patients who have a partial or total absence of a limb. Orthotists and prosthetists provide treatment that allows these individuals to lead more active and independent lives by collaborating with other members of the healthcare team. This work requires substantial clinical and technical judgment.

The principles of biomechanics, pathomechanics, gait analysis, kinesiology, anatomy and physiology are crucial to the practitioner's ability to provide comprehensive patient care and a positive clinical outcome. Patient assessment, treatment and education are part of the practitioner's responsibility and require collaborative communication skills.

In addition to performing orthotic and prosthetic procedures, the orthotist and prosthetist is involved in clinical decision-making and patient education. The scope of practice for the orthotist and prosthetist includes, but is not limited to:

- Patient Assessment – Perform a comprehensive assessment of the patient to obtain an understanding of the patient's orthotic/prosthetic needs
- Formulation of the treatment plan – Create a comprehensive orthotic/prosthetic treatment plan to meet the needs and goals of the patient
- Implementation of the treatment plan – Perform the necessary procedures to deliver the appropriate orthotic/prosthetic services, which include fabrication of the devices required.
- Follow-up treatment plan – Provide continuing patient care and periodic evaluation to assure/maintain/document optimal fit and function of the orthosis/prosthesis
- Practice management – Develop, implement and/or monitor policies and procedures regarding human resource management, physical environment management, business/financial management and organizational management
- Promotion of competency and enhancement of professional practice – Participate in personal and professional development through continuing education, training, research and organizational affiliations.

The Prerequisites and Admission Requirements conform to CSUDH standards, and the Standards and Guidelines for the Accreditation of Educational Programs in Orthotics and Prosthetics, published by the National Commission on Orthotic and Prosthetic Education (NCOPE):

GRE

The GRE General Test scores provide a common measure for comparing the qualifications of applicants. To meet the University writing proficiency standards for graduate admission, applicants are required to achieve a minimum Analytic Writing score of 4 on the GRE. The GRE needs to be taken within the last 5 years. Admission to the M.S. Option is not solely based on GPA and GRE scores; it also includes letters of recommendation, letter of intent, and the student's background and knowledge of the orthotic and prosthetic profession.

In addition, the following courses are recommended but not required: Ethics, Business Management.

Admission Requirements

Due to the limited laboratory space, a maximum of 24 students can be accommodated in the Orthotics and Prosthetics Option. Applicants must apply to both CSU Dominguez Hills Graduate Studies Office and the M.S. in Health Science, Orthotics and Prosthetics Option. Applications are available online: Graduate Studies application is available at www.csumentor.edu and the supplemental M.S. in Health Science, Orthotics and Prosthetics Program Application is available at <http://portal.opcas.org>. Applications to the program are accepted one time each year. Students planning to seek admission should submit both applications including all supporting materials no later than January 31 preceding a summer semester admission to the program. Applications received after January 31 will be considered only if class space is available.

To be eligible for consideration as a candidate in this option, an applicant must meet the following minimum requirements:

1. Individuals with a bachelor's degree, preferably in an allied health or related major and a GPA of 3.0 or above in the last 60 semester or 90 quarter units of upper division coursework from any accredited college or university may apply.
2. Facility with hand tools, light duty power equipment, and knowledge of materials used in Orthotics and Prosthetics; prior

MS in Health Sciences, O&P Option

(Continued)

working or volunteer experience is an important selection criterion. A minimum of 100 hours of volunteer work is required prior to admission.

3. Successful completion of all orthotic and prosthetic option prerequisite courses with a grade of "B" or better.
4. Completed Graduate studies application, available at: www.csumentor.edu. The University Application is completed online using California State University's CSU Mentor. Note: a \$55 application fee is charged by the CSU campus.
5. Completed OPCAS Program Application and subsequent in-person or telephone interview by a panel consisting of orthotics and prosthetics faculty. Program applications are available online at <http://portal.opcas.org>. Applicants must submit the O&P application by January 31st for admission in the subsequent summer semester.

M.S. Program Requirements

Students must complete the program with a GPA of at least 3.0. All courses taken to fulfill the requirements for the master's degree must be passed with a grade of "B-" or better. All other university requirements for the master's degree in this University Catalog must be met (see the Graduate Degrees and Post baccalaureate Studies section).

HEA 445, Material Science and Laboratory Skills (2 units) and HEA 455, Applied Anatomy (1 unit) must be passed prior to Fall semester of year 1 to continue in the program sequence; if not passed, the student will have one additional chance to retake the course with a passing grade, and restart the course sequence in Fall semester of the following year.

Capstone Activities

Degree students must complete a series of comprehensive exams/activities. The Capstone Activities involve creative application of theory and practice with real life clients who require orthotic or prosthetic intervention. The comprehensive exams are given over a 4-week period. They involve patient interaction and treatment, laboratory practical, written simulation, oral defense,

gait analysis and written exams. Failure to achieve a passing score, after the third attempt, will result in a dismissal from the program.

Nursing Master of Science Online

The Program

The MSN program prepares leaders for advanced practice in the roles of Nurse Educator, Nurse Administrator, Parent-Child and Gerontology Clinical Nurse Specialist, and Family Nurse Practitioner. Courses are based on advanced knowledge and the critique and application of theory and research as a scientific base for nursing.

What You Will Learn

Upon the completion of the Master of Science in Nursing Program, the graduate will be able to:

- Integrate knowledge, theory, research and skills in the delivery of comprehensive care and services for individuals, families and populations.
- Design culturally sensitive programs and systems of care and services that meet the needs of diverse and vulnerable populations.
- Provide evidence-based, clinically proficient care and services using critical thinking skills in advanced nursing roles.
- Apply oral, written and technological communication skills in clinical, educational, and professional contexts and systems.
- Integrate ethical principles into theories, research and practice in advanced nursing roles.
- Advocate for healthcare policies and financing that promote, preserve and restore public health.
- Provide leadership in collaborative efforts with other disciplines to influence improvement in healthcare systems.
- Demonstrate commitment to lifelong learning for continued professional growth.

Admission Requirements

- Completion of a baccalaureate degree from a regionally accredited institution with an upper division major in nursing (BSN) and a NLNAC or CCNE accredited nursing program or the equivalent as determined by the School of Nursing Student Affairs Committee.
- Overall grade point average of 3.0 (on a four-point scale) or higher in the last 60 semester (90 quarter) units attempted.
- Current registered nurse license in the United States, unencumbered, unrestricted, with no disciplinary action pending or imposed.
- Completion of statistics (descriptive and inferential) and upper division research courses. Pathophysiology, and Health Assessment with a Lab are pre-requisite requirements.
- Submission of a professional resume and 100-200 word essay describing the congruence of the applicant's educational goals with the CSUDH MSN program.
- FNP students are admitted on a conditional basis, pending completion of MSN 526, 527, 528 and 530 and a professional portfolio. See additional eligibility criteria listed on the Nursing website.

Degree Requirements

All students admitted to the major must be currently, actively licensed as a registered nurse (RN) in the United States, unencumbered, unrestricted, with no disciplinary action pending or imposed. It is the students' responsibility to immediately report in writing any change in licensure to the Chair or the Program Coordinator. Prior to enrolling in Role Performance (clinical) courses, students are responsible for submitting Role Option Eligibility documents which must be submitted the semester prior to the first role performance course:

- Satisfaction of the Graduate Writing Assessment Requirement (GWAR) by the completion of 9 units.
- Additionally, students are responsible for obtaining any necessary health exams, immunizations, CPR, universal precautions, and HIPAA training, etc. required by the University or an affiliating clinical agency. This may include criminal background checks, drug screening and other tests. If students are not able to meet all agency requirements, they may be barred from entering the clinical area.

Nursing Master of Science Online

(Continued)

The SON cannot guarantee alternative clinical placements. If students are not able to meet clinical course objectives, they may be subject to disqualification from the program.

Courses should be completed in the suggested sequence as noted in the MSN curriculum charts and handbooks on the School of Nursing website. Students wishing to accelerate their study or pursue full time study should seek advice and approval from the Graduate Coordinator.

All students conclude their 30-52 units of master's preparation with a culminating activity (see the School of nursing website). Nurse educators develop expertise in a nursing clinical practice area by selecting a three-unit elective in an advanced clinical focus related to parent-child or gerontology nursing. The course should be taken prior to entry into role-emphasis courses.

Role Options

The MSN program consists of 15 units of core courses, plus role emphasis courses. The total number of units varies according to the role option:

- Nurse Administrator (30 units)
- Nurse Educator (36 units)
- Clinical Nurse Specialist (40 units)
- Family Nurse Practitioner (48 units)

Please review all Handbooks on the School of Nursing website.

Master of Social Work

The Program

The Master of Social Work Program at California State University, Dominguez Hills is strategically located to focus on the diverse social service needs and problems particular to the South Bay area of Los Angeles County, a large metropolitan area, populated by a wide range of socially and culturally diverse people. Because of the diversity of the various ethnic groups and cultures, the program will prepare social work students for contextually competent social work practice, inclusive of issues of culture, race, ethnicity, socioeconomic status, class and gender differences, religion and the effects of bias, prejudice and institutionalized racism. These issues and concerns often obscure helping efforts if they are not appropriately recognized and dealt with in practice and in social policy development and implementation. Thus, the program aims at increasing students' understanding of the underlying causes resulting from intersecting effects of prejudice, discrimination, and stereotyping and teaches ways of identifying strategies and interventions for addressing these concerns and problems in social work practice.

The CSUDH MSW program has set several goals in the preparation of professional social workers applying cultural and contextually competent practice. The program aspires to prepare graduates to:

- Engage in autonomous professionally competent practices that are culturally appropriate interventions tailored to enhance the well-being of individuals, families, and the successful functioning of groups, organizations and communities in diverse urban environments.
- Be able and willing to promote economic and social justice through the practice of culturally and contextually competent interventions at all levels, including policy practice, advocacy and direct intervention.
- Be analytically skilled to identify and understand the destructive patterns of institutionalized poverty, discrimination and oppression using scientifically valid

research methodologies and critical analyses to identify, assess and change aspects of competing economic, political and social systems, as well as harmful interactions among and between them.

- Engage in community based research on social issues, focusing on those variables affecting individuals, families, groups, organizations and communities in diverse pluralistic urban environments that can be directly applied to the education of students and reflect evidence-based culturally and contextually competent social work intervention.
- Establish and maintain professional relationships that enable cooperation and collaboration with members of the social service community that mitigate/ameliorate complex social challenges through shared leadership and partnerships.
- Be committed to the profession of social work that includes maintaining the highest ethical standards embodied in professional ethics, development of a life-long-learning philosophy based on ongoing evaluations of one's own practices informed by regular access to and consumption of appropriate scholarly research.

The Program as a comprehensive entity aspires to:

- Contribute to the social work profession locally, within the state and nationally through collaborating with social service agencies to promote their endeavors through implementation of contextually culturally competent programs, evaluation of practice and research.

These goals are accomplished through the following program objectives. Upon completion of the MSW program at California State University, Dominguez Hills students will be able to:

- Engage in autonomous professional practice.
- Identify the concepts of critical race theory and intersectionality applied to case situations.
- Discuss contextually and culturally competent practice in the appropriate setting with individuals, families, groups, organizations, and communities within diverse and complex urban settings.
- Discuss the roles of advocacy and policy practices as integral components of

Master of Social Work

(Continued)

professional social work practice using a conceptual paradigm that identifies causal links between personal troubles, and/or symptoms of individuals and families with social structures.

- Apply appropriate and valid research methods and other models of critical analysis to identify, assess and address causes and consequences of institutional behaviors affecting individuals, families and groups within diverse and complex urban communities.
- Produce and disseminate scholarly work documenting and assessing effective approaches addressing relationships between structural inequalities in social, economic and environmental sectors and their implications and consequences for client systems of all sizes within diverse and complex urban communities.
- Practice professional relationships with client systems of all sizes using a Community Practice focus.
- Identify and discuss an array of problem solving models that utilize a range of social work roles as contextually appropriate.
- Apply the knowledge and related practice techniques of two theories appropriately adapted as contextually and culturally competent practice with client systems appropriate to the student's specialization within the Community Practice concentration.
- Demonstrate skills in building cooperation and collaboration with and among systems of all sizes to impact positive social changes in diverse and complex urban communities.
- Identify and describe skills required to work within and amongst organizations in a variety of roles, profiting from supervision, consultation and collaboration for the purposes of benefiting individuals, families, groups, organizations and communities in diverse and complex urban areas.
- Understand and articulate the underlying philosophies and ensuing codes of the highest ethical standards embodied in professional ethics and adhere to these standards in all aspects of their

professional practices.

- Develop capacity to effectively engage in the systematic evaluations of their practice.
- Demonstrate and articulate the value and necessity of lifelong learning as an essential component of professional competence
- Participate in the social work profession, locally, within the state and nationally through collaborating with social service agencies to promote their endeavors through implementation of contextually and culturally competent programs, evaluation of practice and research.

The MSW Accelerated Part-time program specializing in Community Mental Health parallels our two year full-time program in that students receive the same quality learning experience but enjoy the flexibility of completing their coursework within a 3 year period. This is afforded through classes meeting on evenings and alternate weekends.

Nursing Bachelor of Science Online

Complete the B.S. degree in Nursing via World Wide Web at a time and place convenient to you!

The Bachelor of Science in Nursing curriculum is for registered nurses who are adult learners whose time, lifestyles or work schedules make it difficult to complete a traditional course of study in residence on a campus. BSN courses, including clinical role performance courses, are offered online making courses convenient for students with busy schedules. Some onsite classes are required, either on campus or at selected sites throughout California. Some courses may be taken before admission to the program. Contact sohadvising@csudh.edu for more information.

Preparation

Students in the RN-BSN must be licensed as registered nurses (RN) or nearing completion of an RN program in the semester before admission.

Students in a special pilot program may be admitted without a registered nurse license.

Admissions Requirements

- 60 or more transferable college units (70 semester units/105 quarter units maximum accepted from community colleges and 96 units from a four-year institution)
- Current registered nurse license in the United States, unencumbered, unrestricted, with no disciplinary action pending or imposed.
- College GPA of at least 2.0. However, applicants with a Bachelor's degree in another major are considered 2nd baccalaureate students. GPA (from the 1st bachelor's degree) of at least 2.5 or higher is required.
- Completion of basic General Education (G.E.) courses (12 units)
(It is recommended that students obtain G.E. certification from a community college prior to admissions)
- Oral communication
- Written communication
- Critical thinking
- Statistics
- College Chemistry: general, inorganic, organic or integrated (with associated lab if required at the institution where the course was taken)
- Human anatomy (with required lab)
- Human physiology (with required lab)
- Microbiology (with required lab)

BSN Degree Requirements (49-52 units)

A total of a minimum of 120 semester units are required for the degree. Students transferring from a community college can transfer a maximum of 70 units and students from a four year institution may transfer a maximum of 96 units. Electives are not required unless necessary to complete degree requirements.

Services at CSUDH and who wish to complete the requirements of the Alcohol and Drug Counseling Certificate, the equivalents are as follows:

PSY 367 or HUS 310 is equivalent to ADX 301
PSY 342 or HEA 315 is equivalent to ADX 304
SOC 320 or HIS 379 is equivalent to ADX 306

Students with the Bachelor of Arts degree in Human Services must complete the following for the Certificate: ADX 300, ADX 302, ADX 303, ADX 351/352 and ADX 353/354, and ADX 309 or 311. If enrolled in both programs at once, Human Services students may use any three of ADX 300, 302, 303, 309 and 311 as electives for the major.

Students typically take two years to complete the ADX program.

EKG Technician Certificate of Completion

The Program

This comprehensive 50 hour EKG (Electrocardiograph) Technician Certification Program prepares students to function as EKG Technicians and to take the American Society of Phlebotomy Technician (ASPT) – Electrocardiograph (EKG) Technician exam in addition to other National Certification Exams. This course will include important practice and background information on anatomy of the heart and physiology, medical disease processes, medical terminology, medical ethics, legal aspects of patient contact, the Holter monitor, electrocardiography and echocardiography.

What You Will Learn

EKG Technicians are responsible for performing electrocardiogram tests in order to monitor and record electrical impulses transmitted by the heart. These tests include basic EKGs, Holter Monitoring (portable EKG which records activity for 24-48 hrs.), 12 lead placement and Stress Tests (treadmill). They assist a physician in diagnosing and treating cardiac and blood vessel irregularities.

Employment Outlook

EKG Technicians work in physician offices, hospitals, clinics, and other health care facilities and organizations. EKG Technicians also work for insurance companies to establish health and life insurance policies. Similar to other growing healthcare professions, the demand for EKG Technicians is expected to continue to grow substantially.

Who Should Attend

This is an entry level program geared towards students of all ages wanting to enter the EKG Technician Field.

Eligibility Requirements

Students should possess a high school diploma and GED. Students should have a command of the English language.

Special Features

Medical Insurance Billing

Certificate of Completion

The Program

This program is designed to give the students an in-depth understanding of complex issues involved in the medical insurance billing industry.

Employment Outlook

Medical insurance billing is a stable and lucrative field within the medical industry. The business office of every healthcare provider must provide proper documentation to a number of insurance companies for reimbursement for services. Opportunities for employment of insurance billers include physicians' offices, clinics, hospitals, and medical supply companies. The demand is driven by the growing need for healthcare services of an aging population as well as the need for individuals able to handle the complexities of paper and electronic information.

What You Will Learn

Students will gain practical knowledge to enhance their understanding of medical insurance billing practices as well as learn skills required to operate efficiently in today's medical offices, hospitals and clinics.

Who Should Attend

This program is designed to provide students with comprehensive training in medical insurance billing. Each course will provide building blocks for those seeking a career in a physician's office, hospital or clinic as well as for those who are seeking to augment and improve their skills.

Eligibility Requirements

There are NO special eligibility requirements for this program. Prerequisites are recommended to enhance the learning experience.

Certificate requirements

A Certificate of Completion is awarded upon successful completion of all courses. Those who do not wish to pursue a certificate may take individual courses.

Special Features

Classes are offered on Saturdays at CSUDH campus.

Books & Materials

Books and materials are available in the student bookstore for purchase. Students will use the most current edition of the following textbooks for the entire program:

- Insurance Handbook for the Medical Office with Student Workbook
- Medical Terminology: A Short Course
- ICD-10 PCS 2014 (Official Draft Code Set)
- CPT-4 Coding Book

Students should bring the required text to each class.

Program Instructors

Audra L. Villalobos, President/CEO, Beach Cities Medical Management, Torrance.

Victoria Morgan FHFMA, MS. She is the Principal for Morgan & Associates Health Care Consulting Firm and has over 20 year of experience in healthcare financial management.

Courses

All courses are noncredit

Medical Terminology NBMB 115

Provides an overview of medical terminology including prefixes, suffixes, roots and combining forms. Students will learn about the various body systems as they relate to medical terminology. Also covered will be medical abbreviations and exercises on how to read medical reports. This course is a good foundation for anyone working in a medical environment.

Students should bring the required textbook to class: Medical Terminology: A Short Course

ICD-10 Coding NBMB 116

Prerequisite: Medical Terminology or equivalent coursework and/or experience are recommended.

This course will provide a basic understanding of Diagnosis Coding Principles. The basic steps in coding will be reviewed and students will be able to practice with actual coding exercises. Students should bring the required textbooks to class: ICD-10 PCS 2014 (Official Draft Code Set) & Insurance Handbook for the Medical Office with Student Workbook.

CPT Procedure Coding NBMB 117

Prerequisite: Medical Terminology or equivalent coursework and/or experience are recommended.

Students will develop a firm foundation for medical insurance billing with a thorough knowledge of CPT coding. This course is specifically designed and taught for people with little or no experience in the medical

field. Begin with the basics and develop a clear and concise understanding of the procedure coding systems to help formulate an accurate insurance claim that will maximize reimbursement.

Students should bring the required text to class: CPT-4 Coding Book—latest edition & Insurance Handbook for the Medical Office with Student Workbook

Insurance and Third Party Payers NBMB 111

This course will include detail review of Medicare, Medicaid, 3rd Party Insurance, Worker's Compensation, Blue Cross and Managed Care. Emphasis will include providing payers with "clean claims" and techniques to employ to minimize claims denials.

Regulatory Requirements

– HIPAA Compliance & Ethics NBMB 113

This course will focus on the Regulatory Requirements impacting the operation of the Healthcare/Physician Practice. Major topics include:

other health care settings – working under the supervision of a registered pharmacist.

What You Will Learn

Pharmacy Technicians work in pharmacies under the direction of a pharmacist. Their main responsibility is filling prescriptions according to doctors' orders. Pharmacy Technicians prepare medications for dispensing to patients. This generally includes retrieving drugs in the correct dosage form and strength, measuring the appropriate amount of drug and producing a prescription label. Pharmacy Technicians work with drugs to be administered orally, topically, for the eye, nose, etc. Depending upon the practice setting, a Pharmacy Technician is also involved in the admixture of drugs for intravenous use. Other duties include checking inventories and ordering supplies, receiving and checking in supplies, and assisting customers

Employment Outlook

Employment of pharmacy technicians is expected to increase by 32 percent from 2006 to 2016. The increased number of middle-aged and elderly people—who use more prescription drugs—will spur demand for technicians. In addition, as scientific advances bring treatments for an increasing number of conditions, more pharmacy technicians will be needed to fill a growing number of prescriptions. Good job opportunities are expected for full-time and part-time work, especially for technicians with formal training or previous experience.

Who Should Attend

This is an entry level program geared towards students of all ages wanting to enter the Pharmacy Technician Field.

Eligibility Requirements

Students should have a command of the English language.

Humanities (HUX)

Master of Arts

40 Years of Achievement in
Distance Learning through
Correspondence Study

IT'S YOUR WORLD: LEARN IT

IT'S YOUR DEGREE: EARN IT!

The Humanities Master of Arts (HUX) program celebrates the Humanities, distance learning, and YOU!

Educators, military officers, administrators, and professionals in business, healthcare, and law find study of the humanities instrumental in mastering critical thinking, writing, and analysis and synthesis of multiple paradigms and perspectives. Graduates of the HUX M.A. program include nationally known broadcasters, military leaders, innovative educators, screen writers, marketing professionals, and college faculty.

The Program

The M.A. in Humanities program offers advanced disciplinary and interdisciplinary study of the Humanities: History, Literature, Art, Philosophy and Music. Correspondence courses, guided by expert faculty, engage distance learners in the region and around the world. The curriculum addresses the needs of those interested in deepening their knowledge of the arts and Humanities in innovative, practical, and global contexts. The HUX program enables students to

- Examine a broad curriculum of texts and cultural artifacts
- Apply frameworks for organizing cultural knowledge
- Identify the applicability of rhetorical and critical thinking competencies to practical and marketable as well as academic situations
- Apply knowledge and values derived from the Humanities to engage and impact communities--local, national, and global
- Innovate and create through engagement with a variety of critical and imaginative constructs

The way this program is structured is almost revolutionary. It's structured but still allows its students to creatively explore their fields of study and be independent... This program has been ahead of its time.

David Marks
HUX M.A. Grad

- Explain human experience from multiple perspectives

Special Features

- All courses offered in convenient year-round trimesters, with no campus attendance required.
- Courses conducted via correspondence with online option for some courses
- Opportunities for mentored independent research courses
- Disciplinary, Interdisciplinary, and Creative Study concentrations available
- Capstone Experience: Formal thesis or project
- Admission with B.A. or B.S., not necessarily in the Humanities, from a regionally accredited college or university; GPA 3.0 or better in last 60 semester (90 quarter) units of upper division course work attempted. (Inquire about special consideration.)

HUX students regularly take top honors in the CSUDH Graduate Thesis/Project of the Year.

Mediation & Conflict Resolution Certificate50
Paralegal Certificate51

**Master of Arts in
Negotiation, Conflict
Resolution and
Peacebuilding
Online**

The online Master's Degree program in Negotiation, Conflict Resolution and Peacebuilding at California State University, Dominguez Hills teaches participants valuable negotiation, conflict resolution and peacebuilding skills, techniques and knowledge that may be applied directly to law enforcement work, counseling, education administration, human resources management, labor relations, law, business negotiations, supervision and administration, government and the foreign service.

Other career applications include alternative dispute resolution (ADR) services such as mediation, negotiation, arbitration, public policy advising, social work, teaching, non-profit organization management, resolution of inter-cultural and community conflicts, corporate contracts and purchasing.

Additionally, participants will improve their computer, listening, speaking, writing, critical thinking and problem solving skills. This is a 36-semester unit graduate program, which can be completed in two years without coming to the Dominguez Hills campus. Courses run 12 weeks each term. Students complete a portfolio as a culminating event (unless the program director approves a special topic for a thesis).

The program involves a comprehensive study of the practical skills, techniques, methods, theory, and research needed to be an effective mediator, negotiator and conflict manager. The degree addresses many needs of beginning and mid-career professionals in law enforcement, government, business, and non-profit organizations, and those interested in a career change.

Admission Requirements

1. A bachelor's degree with any major and a GPA of 3.2 or above (4-point scale) in the last 60 semester or 90 quarter units from any accredited college or university;
2. Three letters of recommendation;
3. The Graduate Record Exam (GRE) Score; and
4. A 500-word biographical essay. The biographical essay and letters of recommendation must address:
 - what in the applicant's background indicates this subject matter is appropriate for the applicant,
 - why applicant desires this degree program, and
 - what does applicant plan to do with this degree once obtained.

Personal interviews may be required. Students are admitted only once a year on a cohort basis. Applicants will be considered for Fall admission only. Completed applications and supporting documentation must be received no later than May 1st preceding the Fall semester of the academic year for which admission to the program is sought.

Special Features

The degree can be completed without ever coming to the campus by anyone anywhere in the world with access to the Internet. Any student with a PC Pentium II and reliable access to the Internet should be able to attend class online. Classes are asynchronous (tasks completed on- or off-line at the student's convenience), with on demand video lectures for students to view. Additional features include home pages for students and instructors, chat and discussion rooms, electronic submission and return of papers, and individual, secure, access to personal course records at all times.

Students who cannot complete the course of study in two years have up to five years from

date of admission to finish the program. Students must remain in continuous enrollment from first enrollment to program completion.

Degree Requirements

- A. Required Courses (24 units) To be taken in the order listed in sequence NCR 500, 503, 504, 507, 508, 522, 525 and 544.
- B. Elective Courses: (9-12 units, depending on whether a thesis is the approved culminating event.)
- C. The Graduate Writing Assessment Requirement (GWAR) must be taken and passed during the first semester of enrollment.
- D. Capstone (Successful Culminating Event) Portfolio (3 units)/ Thesis (6 units but only available after the approval of program director.) NOTE: Culminating Event Course (NCR 591) must be the last required course in the program for the student, and may be taken together with only one remaining elective course.

Cost

Current fees are \$275 per unit, or just under \$10,000 for the entire degree. Additional expenses (at current rates, subject to change) are a \$35 examination fee(for the Graduation Writing Exam if needed), a \$65 diploma fee, books estimated at \$1200 total, and whatever the student's personal Internet fees cost.

Mediation and Conflict Resolution Certificate Program

The Program

The State of California increasingly favors resolving disputes before they evolve into litigation or, alternatively, before litigation requires a trial. Mediation is the primary method of "alternative dispute resolution" because it allows disputants to resolve their issues voluntarily and quickly with the aid of a trained mediator, thereby reducing costs for both the disputants and the court system. CSUDH College of Extended and International Education's Mediation and Conflict Resolution Certificate Program offers the most comprehensive training available in any single-semester program in this fast-growing field.

This extension certificate program consists of three courses and awards four (4) graduate extension units. It combines theory with application and practice over the duration of one semester.

What You Will Learn

The Mediation and Conflict Resolution Program actively engages mediation providers in the community to develop opportunities for its students. Participants receive hands-on mediation and conflict resolution training that actively reinforces the classroom training.

Who Should Attend

Because this certificate program is so comprehensive, it is also valuable for those seeking careers or career advancement as counselors, educational administrators, teachers, human resource professionals, managers and others who must deal with conflict in professional and personal situations.

Eligibility Requirements

To be admitted into the program, an applicant must:

- Have a bachelor's degree from an accredited college or university
- Have been in good academic standing at

the last educational institution attended

- Have a strong command of English both orally and in writing.

Program Benefits

Students will have the opportunity to network with LA's top mediators and work directly with organizations that utilize mediators. Students who complete the program receive a certificate intended to satisfy the educational requirements of the Dispute Resolution Program Act (DRPA) of California. Students in the Negotiation, Conflict Resolution and Peacebuilding Masters program at CSUDH will be able to use these courses as electives in their program. Students are eligible for MCLE credit.

Certificate Requirements

A CSUDH certificate in Mediation and Conflict Resolution will be issued to learners who successfully complete the requirements of the program as outlined. Participants must earn a cumulative GPA of 2.7 or higher with no course grade below a C.

Required Courses

Fundamental Mediation Skills and Techniques MCX 551
Mediation Practicum MCX 552
Diversity & Cross-Cultural Communication for Conflict Resolution MCX 555
The courses are to be taken concurrently.

Cost

The cost of the program is \$2496

Program Instructors

Jack R. Goetz, Esq., MBA, PhD, Academic Lead, has over 30 years as a law professor and bar exam expert. He was the founding dean and president of Concord Law School, the nation's first fully online nationally accredited law school.

The Paralegal Certificate Course® Online!

The Program

This intensive, nationally acclaimed program is designed for beginning as well as advanced legal workers. The complete Paralegal Certificate Course - (Core and Advanced) - can be completed in four seven-week sessions.

What You Will Learn

Students will be trained to assist trial attorneys, interview witnesses, investigate complex fact patterns, research the law, and assist in preparing cases for courtroom litigation. The instruction is practice-oriented and relates to those areas of the law in which legal assistants are most in demand. There are no prerequisites, but students will be expected to complete a significant amount of homework for each weekend session. This program will help students learn new marketable job skills and increase their office's efficiency, productivity, and billable hours.

Students will receive a certificate after successfully completing the Core; and another certificate for successfully completing the Advanced. To receive a Certificate, students must pass twelve quizzes and successfully complete five legal document writing assignments. Certificates will be mailed to successful graduates within 4 to 6 weeks of completion of the Core and the Advanced portions of the course. All classes are online.

These Certificates provide an individual with the recognition that he or she has achieved

the level of professional knowledge and competency necessary to work within the legal field, and it is designed to satisfy the requirements of California Business Professionals Code §6450.

Texts

Quality Assurance Master of Science Online

The Program

Quality Assurance is an interdisciplinary profession practiced by management and technical personnel responsible for planning and assuring the quality of products and services. Participants in the Master of Science in Quality Assurance (MSQA) receive education in both the technical and administrative foundations of the field.

The curriculum prepares working professionals to lead organizations toward the objective of "total quality." The program's interdisciplinary approach blends study in management with quality concepts. Relevant theoretical and practical course work, independent study, interaction with fellow students and working quality

Leader in Quality Assurance Education

Online On Site

CSUDH offers a full range of educational opportunities in Quality ranging from degree programs and certificate programs to seminars on cutting edge topics. Learn how to apply Quality management methods to manufacturing and service enterprises from instructors who are professionals in Quality fields. All MSQA programs are available in-house at your site. Contact msqa@csudh.edu

professionals, and a thesis or final project provide a well-rounded learning experience.

The MSQA requires thirty-three semester units and options are offered in Manufacturing, Service and Health Care. Students can customize their program of study to include areas of personal and professional interest.

What You Will Learn

Through the program, students acquire knowledge and skills in the following areas:

- Managing a quality organization
- Planning and implementing a quality assurance program
- Troubleshooting and solving quality problems, both administrative and technical
- Incorporating quality concepts and human factor techniques in the design of organizational operations
- Creating and managing supplier control systems
- Developing and analyzing statistical process control charts
- Developing and analyzing acceptance sampling plans
- Design of experiments (analysis of variance techniques)
- Performing quality cost analysis
- Performing reliability maintainability, and safety systems reviews
- Performing quality system audits.
- The ISO 9000 Series of Quality System Standards

Who Should Attend

The MSQA is ideal for creative thinkers who can apply technical and statistical principles and enjoy solving problems to increase safety and efficiency in crucial industries. The MSQA prepares professionals in manufacturing, service, government, and healthcare for career advancement. Professionals in the following fields, among many others, will benefit: quality, manufacturing, engineering, science, management, health care, government, utilities, retail, insurance, telecommunications, banking, finance, education, entertainment, transportation and other service industries.

The demand for individuals with industry-specific technical, management and team-based problem-solving skills is increasing as developments in science and technology advance. A degree in Quality Assurance is extremely versatile and provides graduates with many career options.

Admission Requirements

Candidates for the MSQA program must meet the CSUDH graduate admissions requirements and have a bachelor's degree. Applicants should have completed courses in mathematical statistics, theory of probabilities and principles of computer technology. Students who do not meet these requirements may be offered conditional admission to the program based upon review by the MSQA Admissions Committee. Information about graduate admissions is available at www.csudh.edu/graduatestudies.

Taking Courses Before Admission

Students can take up to three courses in the program before being admitted to the MSQA. This gives a student the opportunity to take courses while his/her admission application is being processed. Once admitted, a student can apply these courses toward the degree.

In addition, the Quality Assurance Program offers Certificates of Completion in several topics. These certificate programs include core courses from the MSQA program. If a student completes a certificate program and is later admitted to the MSQA, courses may be applied toward the degree.

Schedule available at:
www.csudh.edu/msqa

Quality Assurance Bachelor of Science & Quality Assurance Bachelor of Science with Measurement Science Option

The Program

Quality Assurance is an interdisciplinary profession practiced by management and technical personnel responsible for planning and assuring the quality of products and services. The BSQA program blends studies of the basic sciences, technologies, management principles, quality concepts and statistical tools needed to prepare professionals for careers in Quality Assurance, and enhance the careers of working Quality Assurance professionals. For those students more interested in the technical areas of Quality, there is a Measurement Science option.

Online

The online and on-site BSQA programs are designed primarily as upper division transfer programs for students who have completed the majority of their lower division general education courses. The online program requires no on-campus attendance. Courses are offered throughout the year on a trimester basis.

Who Should Attend

The BSQA program is conducted online through Cal State Online using a course management platform.

The BSQA Cal State Online program is especially suited for

- Working adults who, because of location or schedule, are not able to attend University classes on a campus
- Individuals who wish to complete a four-year degree, particularly those with associates in technical or vocational fields
- Individuals interested in career advancement with a 4 year degree
- Affordable degree in convenient format for working adults
- Advising and support throughout the program
- Scheduled courses year-round making possible timely completion of upper

division coursework

- Enrollment in courses permitted to qualified students before admission.

Advantages of the Program

- Prepares professionals in Quality Assurance for careers in the design, development, manufacture and support of products and service.
- Meets the needs and interests of the Quality Assurance professional through a combination of theoretical and practical course work, independent study, and interaction with fellow students and leading professionals.
- Provides an interdisciplinary approach that blends the basic sciences, technologies, management principles, quality concepts and statistical tools.
- Provides a well-rounded learning experience as well as preparation for advanced studies (e.g. Masters Degree) through a broad curriculum that includes a culminating project.
- Enables students to customize their programs of study to include areas of personal and professional interest.
- Develops problem-solving skills with a customer-based focus leading to the continuous improvement of process, product and service.

Admission Requirements

The best way a student can prepare for transferring to the BSQA program is to complete an associate's degree with lower-division General Education requirements that meet both the CSUDH and BSQA requirements. Residence Units (Includes courses taken on the Internet, Correspondence and Television through CSUDH)

1. A minimum of 30 semester units must be completed in residence at CSU Dominguez Hills, of which 24 shall be earned in upper division courses and 12 upper division units shall be in the major. When a minor is declared, at least one-half of all upper division units earned for the minor must be completed in residence at CSU Dominguez Hills.
2. Credit by examination may not be used to fulfill the minimum residence requirement.
3. Up to 24 units of coursework taken in non-matriculated status through Open

University may be used to fulfill the minimum residency requirement.

4. Credit received in summer session or January session at CSU Dominguez Hills may be counted as residence credit.
5. At least nine units of General Education must be completed at CSU Dominguez Hills.

Admission as a Transfer Student

The best way to prepare to transfer to CSUDH and be admitted as an upper division student in the BSQA is to obtain an associate degree at a California Community College and a certification of completion of the California State University lower-division General Education requirements. Most students will enter the program with an associate's degree or equivalent completed. Refer to the CSUDH admissions website for information about qualifying for admission. <http://www3.csudh.edu/student-affairs/ois/transfer-students/admissions-criteria/default.html>

ASQ Exam Preparation Quality Capstone

The Program

California State University, Dominguez Hills, in cooperation with the American Society for Quality in Los Angeles, can help you prepare for ASQ exams. This certification is a recognized professional accomplishment bound to enhance your career and personal marketability. Capstone courses provide a complete overview of the Body of Knowledge prescribed by ASQ and CSU Dominguez Hills for each discipline. These courses prepare a student for certification by ASQ or registration as a Professional Quality Engineer, PE, by the state of California. These courses also serve as a final review for a series of four courses that result in a certificate of competence in a specialized area of Quality. Each student will receive a certificate of completion following successful completion of a capstone course. ASQLA will award 0.1 Re-certification Units (RU's) per hour of classroom instruction to those students who successfully complete each course. Cost of each course is \$350.

Sport & Fitness Psychology Online Certificate Program

Achieve optimal performance & apply team-building techniques

Program Description

The online Sport & Fitness Psychology Certificate

Online!

Program addresses a growing demand for techniques that contribute to optimal performance. Participants will acquire an understanding of psychological principals and knowledge that enhance sports performance, teamwork, fitness, and well-being. This is not a certificate in coaching. Courses focus on the psychological aspects of performance, teamwork and fitness.

This is an academic Certificate Program, consisting of five senior-level courses, each carrying three semester units. Take one course or complete the certificate.

Sport & Fitness Psychology Online Certificate Program

(Continued)

Location

Courses are offered online using the Blackboard course management system and can be taken anytime, anywhere.

Who Should Attend

Anyone involved in sports, fitness, coaching, and team building, such as athletes, trainers, coaches, fitness instructors, managers, health professionals, therapists, and individuals interested in performance and psychology.

Parent coaches will learn how to build cooperative teams. High school coaches can use these courses towards a teaching credential. Fitness instructors can increase their employability. Athletes have an opportunity to advance their careers.

Faculty

Beverly B. Palmer, Ph.D. Professor, Department of Psychology, California State University, Dominguez Hills. Dr. Palmer is an expert in creating online instructional programs that are maximally interactive and engaging. Dr. Palmer has a private practice as a clinical psychologist.

Mark Cartiglia, Ph.D. Instructor, Department of Psychology, California State University, Fullerton. His areas of interest include psychological testing and sport psychology.

Courses

PSY 480 Sport Psychology

In-depth analysis and application of psychological principles and research in motivation, psychophysiology, personality, cognition, and emotion in sport settings.

PSY 481 Applied Sport and Fitness Psychology

Scientific research results in the field of psychology are used to illustrate how participation in sports and physical activity can facilitate psychological development and physical well-being.

PSY 482 Psychology of Coaching and Team Building

Group processes, team-building techniques, leadership skills, and interpersonal communication skills will be applied to the enhancement of team sports performance and individual well-being.

"I thoroughly enjoyed your Sport and Fitness Psychology courses. The certificate program well exceeded my expectations. It has provided me with knowledge that I am applying on a daily basis to assist others in our physical readiness programs. Thank you."

-Chad W., Coach,
U.S. Navy's Fitness Program

PSY 483 Contemporary Issues in Sport and Fitness Psychology

Psychological theories will be applied to the identification and treatment of problems people who participate in sports may have as well as applied to the promotion of mental health.

PSY 486: Internship in Sport and Fitness Psychology

Supervised application of psychological principles applied to sports and fitness to promote performance and optimal well-being.

Test Preparation Courses

The Program

The BTPS system originated at California State University, Northridge, by request of the student body in 1973. Since then, it has assisted more than 500,000 students in preparing for college and graduate entrance examinations. These programs are now offered at 30 universities, colleges and law schools. The programs are constantly updated for the most recent forms of the exams. Fees paid for these test preparation courses do not include payment and registration for the actual exam. For information on registration for the exams, call the CSUDH Testing Office at (310) 243-3909.

Program Instructors

The staff is comprised of math and reading specialists and other expert instructors who are fully credentialed and have advanced degrees.

Registration Information

Who May Register

Extension classes are open to the public. You do not need a college degree to be registered in an Extended Education program at the University. Please note, however, that registration in the College of Extended & International Education does not constitute admission to California State University, Dominguez Hills.

Four Ways to Register

Register By Mail:

Complete the Registration Form at the end of this catalog and mail it to:

**CSU Dominguez Hills
Registration Office, EE 1100
1000 East Victoria Street
Carson, CA 90747**

Include your check, money order or credit card information; do not send cash.

By Phone:

You may register by phone with your VISA/ MasterCard/ Discover Card by calling (310) 243-3741, Monday through Thursday 8am - 8pm; Friday 8am - 5pm and 8am-1:30pm on Saturdays.

In Person:

You can register in person at the College of Extended & International Education Registration Office located on the CSU Dominguez Hills campus, EE 1100. The Office accepts checks, money orders, Visa, MasterCard and Discover Card (no cash). Hours are 8am-8pm Monday-Thursday, 8am-5pm Friday and 8am-1:30pm Saturdays.

MyCSUDH:

College of Extended & International Education students who have previously taken a class at Dominguez Hills can register via MyCSUDH: <http://my.csudh.edu>

Or go to <http://www.csudh.edu>

From the QUICKLINKS pull-down menu, select MYCSUDH to register.

For credit courses, click on Student Center, and then on link "Add a Class". Students enrolling in non-credit and CEU courses click on Non-Credit Enrollment first and then enroll. To complete the online registration process, students must pay in full at the time of registration. Fees MUST be paid at the time of registration. After adding a course, be sure to click on "Account Inquiry" from the pull down menu, then click on "Make a Payment" from the pull down menu, select appropriate term, and pay with VISA, MasterCard, or Discover Card. Acceptable forms of

payment are Visa Card, MasterCard, or Discover Card. Students will be disenrolled from classes by 8am next business day if payment is not received at the time of registration.

Early Registration

Reasons to Enroll Early in Extension Courses

- It's a fact—all classes need a minimum number of students. Enroll early to make sure that classes you want can be held.
- Many of the most popular classes fill quickly. Be sure that you have a place in the class you want by enrolling early.
- There are several easy ways to enroll early; when you do, you will be mailed a confirmation receipt to take to the first class meeting.

Fee Payment

Students are required to pay in full for their courses at the time of registration. The fees for courses are listed in this bulletin. Please note that there is an additional \$30 per unit charge for TV courses. The fees are the same for residents and nonresidents. Payment may be made by check, money order, or Visa, Mastercard or Discover card payable to CSUDH in the exact amount required. Registration will not be considered complete until all fees are paid. Fees and refunds are subject to change.

Confirmation/Receipts

You are considered officially enrolled when your registration fees are paid and your registration form has been received. You will receive confirmation of enrollment via e-mail, provided we have a valid e-mail address for you on record. Additionally, you should receive a confirmation letter within two weeks after we have received your registration and fees. This letter is your receipt for fees paid. Please read the letter carefully because any changes in the course meeting time or place will be indicated in the letter. Changes which occur after the confirmation is mailed will be posted on the door of the scheduled classroom. If you do not receive a confirmation letter, REPORT TO THE FIRST CLASS MEETING. The instructor will have a roster and, if your registration is complete, your name will be on the roster. If it is not on the roster, contact the College of Extended & International Education's office at your earliest convenience.

Returned Checks

There is a \$25.00 service charge for checks returned for any reason.

Refund of Fees

You must file appropriate forms in the College of Extended & International Education Office in order to receive a refund. Students must officially drop their courses. For credit courses, students must file the appropriate "drop" and "request for refund" forms in the Office of College of Extended & International Education. The effective date of the refund is the day the forms are received by the Office of the College of Extended & International Education. To receive a refund of fees for any course, you must notify of College of Extended & International Education in writing

between the hours of 9am and 4pm at least two working days before the course begins. You will be asked to submit a written request to our office for a refund of fees. If you need to withdraw on or after the day of the first class meeting, notify the Extended Education Registration office immediately. Refunds are granted in accordance with the State refund schedule.

- If a course is cancelled, the entire course fee will be refunded
- If you withdraw prior to the first class meeting, 100 percent of the course fee will be refunded (less a \$10 processing fee for credit courses)
- If you withdraw after the first class, and before the first 25 percent of the course has elapsed, 65 percent of the total fee will be refunded
- After 25 percent of the course time has elapsed, no refund will be made
- Courses of four meetings or less, or four weeks or less, no refund will be made.

Above refund policies do not apply to courses that are offered in partnership with other educational entities. These include, but are not limited to, the following partners: UCSD, Gatlin, Ed2Go, VESI, SHRM, WITS, CCI and the Center for Legal Studies.

Do not put a stop payment on a check to withdraw from a course. This results in a financial obligation to the University for the course fee; you will be assessed a \$25.00 dishonored check fee plus an additional \$25 late registration charge.

Official Withdrawal from Credit Courses

Courses Less Than 1 Week

Prior to the first class meeting, a student may withdraw and no grade is assigned; the enrollment does not appear on the student's transcript. Drops or complete withdrawals may be processed via MyCSUDH during this period. If a student wishes to withdraw at any time during the course, they may do so for serious and compelling reasons only. A student may request to withdraw with a "W" grade by submitting a change of program form with the signatures of their instructor, department chair and dean, as well as a petition for exception with attached documentation supporting the reason for withdrawal.

One Week Courses

On the first day of the week of the session, a student may withdraw and no grade is assigned; the enrollment does not appear on the student's transcript. Drops or complete withdrawals may be processed via MyCSUDH during this period. After the first day of the week of the session, a student may request to withdraw for serious and compelling reasons only. A student may request to withdraw with a "W" grade by submitting a change of program form with the signatures of their instructor, department chair and dean, as well as a petition for exception with attached documentation supporting the reason for withdrawal.

Two Week Courses

During the first three days of the first week, a student may withdraw and no grade is assigned; the enrollment does not appear on the student's transcript. After the first three days of the first week, a student may request to withdraw for serious and compelling reasons only. A student may request to withdraw with a "W" grade by submitting a change of program form with the signatures of their instructor, department chair and dean, as well as a petition for exception with attached documentation supporting the reason for withdrawal.

Three Week Courses

During the first week, a student may withdraw and no grade is assigned; the enrollment does not appear on the student's transcript. After the first week, and prior to the last two days of the session, a student may request to withdraw for serious and compelling reasons only. A student may request to withdraw with a "W" grade by submitting a change of program form with the signatures of their instructor, department chair and dean, as well as a petition for exception with attached documentation supporting the reason for withdrawal. During the last two days of the session, a student may withdraw with a "W" grade by submitting a change of program form with the signatures of their instructor, department chair and dean, a petition for exception with attached documentation supporting the reason for withdrawal, and documentation of illness or accident.

Four And Five Week Courses

During the first week, a student may withdraw and no grade is assigned. No signatures are required if a four or five week course is dropped during the first week. Prior to the last four days of the session, a student may withdraw with a "W" with the signatures of the instructor and school dean. During the last four days of the session, a student may withdraw with a "W" grade for serious and compelling reason, with the signatures of the instructor and school dean.

Six, Seven, and Eight Week Courses

During the first two weeks a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. Prior to the last week of the session a student may withdraw with a "W". During the last week of the session a student may withdraw with a "W" for serious and compelling reasons only.

Courses of more than Eight Weeks

For courses longer than eight weeks, refer to the withdrawal policy in the University catalog: <http://www3.csudh.edu/student-affairs/admissions-and-records/records/add-drop/default.html>

Withdrawal from classes during final exam week (last week of session) is not permitted, except in such cases as accident or serious illness where circumstances causing the

withdrawal are clearly beyond the student's control, and the assignment of a grade of Incomplete is not practical. A student may withdraw with a "W" grade by submitting a change of program form with the signatures of their instructor, department chair and dean, a petition for exception with attached documentation supporting the reason for withdrawal, and documentation of illness or accident.

A student who does not officially withdraw shall receive "F" or "WU" grades for all courses on his/her official record.

Schedule Changes

Although care is taken to ensure the accuracy of all information in this Bulletin, there may be unintended errors and changes or deletions without notification. In situations when our office has sufficient advance notice, we will make every attempt to notify pre-enrolled students about changes in class dates, time, or location.

Class Cancellation

Occasionally an extension class must be cancelled because of insufficient pre-enrollments. If a decision to cancel is made, we will make every effort to notify by telephone all persons who have pre-enrolled, and their fees will be refunded from the University. When you pre-enroll, therefore, please give us a daytime telephone number and email address so that you will not be inconvenienced if the class must be cancelled.

Change of Address

If you are receiving several copies of the College of Extended & International Education Bulletin, or have recently moved, please cut the mailing label from the back cover of this catalog and print corrections clearly. If you are receiving the bulletin at different addresses, please indicate which address you would prefer. Send the complete mailing label with corrections to: College of Extended & International Education, CSU Dominguez Hills, 1000 East Victoria Street, Carson, CA 90747-0005.

High School Students

Qualified high school students who will enter the junior or senior year in Spring 2015 can register for CSUDH Spring 2015 lower division (100 level) courses with a letter of recommendation from the school principal or counselor and written authorization from the parents. Address letters to the Dean of the College of Extended & International Education, California State University, Dominguez Hills. Students pay regular Open University registration fees, and the course credit they earn may be applicable to a degree from CSUDH or another institution.

Standards

Degree credit courses in the College of Extended & International Education adhere to the academic standards of the University. All activities usually associated with regular University course work are integral parts of the degree credit instruction program.

It is our aim, through course review, planning, and the selection of quality, experienced College of Extended & International Education faculty, to provide you with meaningful learning experiences. We realize, however, that on rare occasions your expectations and the course do not match. Should this occur, let us know so we can make changes and adjustments for future courses.

Transcripts

Students may request transcripts online through Credentials Inc. at <http://www4.csudh.edu/admissions-records/records/request-transcript>. There is an additional \$2.00 service charge per transcript. Alternatively, you can place your transcript order via telephone by calling Credentials Inc. at 800-646-1858. There is an additional operator surcharge for placing orders over the telephone. If you wish to request a transcript order be held until degree completion or for final grades to be posted, you must specify this when you make the request.

Extended Education Grading Procedures

Unless a course is offered for a grade of credit/no-credit only, all extension credit courses are offered for letter grades. However, an undergraduate student in an extension credit class offered for a letter grade may choose to be graded on a credit/no-credit basis by informing the instructor in writing at the beginning of the class. For Special Sessions classes, follow University procedures.

Grade Reports

Official transcripts with current grades will be available approximately five weeks after the end of the course. To learn your grade for any graded class, including Extension, Special Sessions, Summer Sessions and Winter Session, please access MyCSUDH: <http://my.csudh.edu>, or go to <http://www.csudh.edu> From the QUICKLINKS pull-down menu, select MyCSUDH.

Grades

For Academic Programs, student performance in each course is reported at the end of the session by one of the following grades (with grade points earned):

GRADE	GRADE POINTS
A.....	4.0
A-.....	3.7
B+.....	3.3
B.....	3.0
B-.....	2.7
C+.....	2.3
C.....	2.0
C-.....	1.7
D+.....	1.3
D.....	1.0
F.....	0

The following grades are to be used for approved courses only:

- I (Incomplete authorized--not counted in GPA)
- IC (Incomplete charged)
- WU (Withdrawal Unauthorized)
- W (Withdrawal--not counted in GPA)
- AU (Audit--not counted in GPA, no units allowed)
- CR Credit (not counted in grade average, but units allowed).
- CR* (Credit in sub-collegiate course, no units)
- NC No Credit (not counted in GPA, no units allowed).
- RP (Report in Progress-- credit is deferred until completion of course)
- *** (Graduate Continuation Course)
- RD (Report Delayed)

Extended Education Courses

Academic credit is awarded for successful completion of formally recognized institutional extension courses. A maximum of 24 units of extension credit may be applied toward a baccalaureate degree and up to 6 units toward a master's degree, subject to departmental approval.

Special Sessions

Resident academic credit is given to matriculated students for Special Sessions classes through Extended Education. Registration is open to both matriculated students and to the community. For the course numbering system, see below.

Continuing Education Units (CEUs)

Some extension workshops and courses award Continuing Education Units (CEUs). The CEU is nationally recognized for relicensure, promotion or career advancement. One CEU equals ten hours of participation in lecture. CEUs are not degree-applicable. A cumulative permanent transcript of all CEU study undertaken is provided to extension students upon written request. Course numbering is 900-999. CEU grades are for credit or no credit only (CR/NC).

Noncredit

Many of the short courses, workshops and seminars in this bulletin are noncredit. These are designed to respond to the various educational interests and needs of those living and working in the University's service area.

Course Numbering System

The course numbering system for the University is based upon three-digit numbers as follows:

- 000-099 Sub-collegiate courses, not for baccalaureate credit.
- 100-199 Lower division courses, normally taken in the freshman year.
- 200-299 Lower division courses, normally taken in the sophomore year.
- 300-399 Upper division courses, normally taken in the junior year.
- 400-499 Upper division courses, normally taken in the senior year.
- 500-599 Graduate courses, normally limited to graduate students.

Policies

Nondiscrimination Policy

The College of Extended & International Education is an equal opportunity/affirmative action institution and does not discriminate on the basis of race, color, religion, national origin, sex, sexual preference, age, disability or veteran status. This policy is applicable to employment and student admissions, and to all educational programs and activities. For further information, please visit: <http://www4.csudh.edu/university-catalog/index>.

Privacy Information

The University complies with Federal and State Laws concerning privacy rights of students. These rights are summarized in the University catalog. Questions about privacy rights may be directed to the Dean of Extended Education at (310) 243-3737 or the Vice President of Student Affairs at (310) 243-3784.

Immigration Requirements for Licensure

On August 27, 1996, Governor Pete Wilson issued Executive Order W-135-96 which requested that the CSU and other state agencies implement "as expeditiously as reasonably practicable" the provision of The Personal Responsibility and Work Opportunity Reconciliation Act (PRAWORA) of 1996 (P.L.104-193). The Act, also known as the Welfare Reform Act, included provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning the regulation is available from the Vice President of Student Affairs, (310) 243-3784.

Use of Social Security Number

CSUDH provides all students with generic 9 digit student ID numbers. These ID numbers are used to identify student records, registration, and to conduct all University business. However, students are still required to provide the University with their correct social security numbers (individual taxpayer identification numbers) pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code. The University may, if necessary, use the social security number to collect debts owed the University. Also, the Internal Revenue Service requires the University to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes. Students who do not have a social security number at the time of enrollment will be required to obtain a social security number and submit it to the University within sixty days. Failure to furnish a correct social security number may result in the imposition of a penalty by the Internal Revenue Service.

Important Tax Credit Information

If you are enrolled in an eligible degree or certificate program or are taking courses to acquire or improve job skills, you may qualify for a Hope Scholarship or Lifetime Learning Tax Credit.

The Hope Scholarship Tax Credit

The Hope Scholarship tax credit is available only to students in their first two years of postsecondary education who are enrolled at least half-time in an eligible program. The tax credits are based on the amount of qualified tuition and fees, less grants and other tax-free educational assistance and the taxpayer's modified adjusted gross income. Hope credits apply to fees paid after December 31, 1997.

The Lifetime Learning Tax Credit

The Lifetime Learning tax credit is available to students at all educational and enrollment levels who are enrolled at an eligible educational institution. As with the Hope Scholarship tax credit, this opportunity is based on the amount of qualified tuition and fees, less grants and other tax-free educational assistance and the taxpayer's modified adjusted gross income. The Lifetime Learning credit applies to fees paid after June 30, 1998.

Americans with Disabilities Act

It is the policy of California State University, Dominguez Hills to comply with the Section 504 Regulations [now, Americans with Disabilities Act] adopted by the Department of Health, Education and Welfare. Accordingly, any student at California State University, Dominguez Hills who believes that there has been a violation of the Regulations is encouraged to discuss the matter with the Dean of their College and the campus Handicapped Regulations Coordinator and/or the Handicapped Services Coordinator and such persons as may be identified by the Handicapped Regulations Coordinator in order to resolve the matter in a prompt and equitable manner. For more information, please visit www4.csudh.edu/dss

Sexual Harassment Policy

It is the policy of California State University, Dominguez Hills, that the campus maintain a working and learning environment free from sexual harassment of its students, employees, and those who apply for student or employee status. All should be aware that California State University, Dominguez Hills is concerned and will take action to eliminate sexual harassment. Sexual harassment includes such behavior as sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature directed towards an employee, student, or applicant when one or more of the following circumstances are present:

Sexual Harassment Policy

(Continued)

- Submission to or toleration of the conduct is an explicit or implicit term or condition of appointment, employment, admission or academic evaluation:
- Submission to, or rejection of such conduct is used as a basis for a personnel decision or an academic evaluation:

The conduct has the purpose or effect of interfering with an employee's work performance, or creating an intimidating, hostile, offensive or otherwise adverse learning environment, or adversely affecting any student.

In determining whether conduct actually constitutes sexual harassment, the circumstances surrounding the conduct will be carefully considered. However, where the facts support the allegations, all appropriate measures including disciplinary action will be taken. For more detailed information on this policy see website at www4.csudh.edu/pms

Campus Smoking Policy

California State University, Dominguez Hills has a responsibility to its students and employees to provide a safe and healthful learning and working environment. The University recognizes the harmful effects of involuntary contact with smoke. It also recognizes the need to preserve the reasonable individual rights of smokers as long as doing so does not interfere with the right of the non-smoker to a smoke-free environment.

The following policy shall be effective immediately:

Smoking is prohibited in all campus buildings; including offices, work areas, classrooms, lecture halls, laboratories, libraries, theaters, practice rooms, listening rooms, gymnasiums, kitchens, hallways, stairwells, elevators, eating areas and restrooms. Certain areas external to buildings which do not have adequate ventilation (e.g. patios, stairways and walkways) may also be designated as non-smoking areas by the Director of Environmental Health and Safety.

Smoking is prohibited in all State

automobiles, vans and trucks.

Members of the campus community who willfully violate the University smoking policy will be subject to disciplinary action through recognized administrative channels and/or in accord with the applicable collective bargaining agreement.

Appropriate signs designating no smoking and smoking areas shall be posted. At least one copy of this policy shall be posted in each campus building.

Through Extended Education, students who are not admitted to CSUDH can still take classes for credit. These include classes through Open University, Winter Session, Spring Intersession, Summer Sessions, and certificate programs. Through these programs, you can start or complete a degree, gain professional skills, or pursue an area of personal interest.

OPEN University

Open University is a program that permits members of the community to take regular University classes offered on the California State University, Dominguez Hills campus without going through the formal admissions process.

Essentially, it "opens University" courses to the general public.
