## Extended Education

California State University  
**Dominguez Hills**

## What is Extended Education?

Extended Education is the continuing education branch of California State University, Dominguez Hills. Our goal is to extend the educational resources of the University to the community. Courses are open to all adults. You do not have to be enrolled at California State University, Dominguez Hills to attend.

Extended Education offers dozens of courses a year covering a variety of topics. The majority focus is on career-oriented information in a specific field. These professional development classes emphasize a practical, real-world approach. Other courses explore cultural and personal interests. These courses offer another learning experience, giving an appreciation of the world around and within us.

### How can I find out more about Extended Education?

By simply calling 310/516-3741 during business hours. We will be glad to answer any questions you may have about our programs. If you do not receive our bulletin in the mail already, you may request to have your name put on our mailing list.

## Medical Billing

### Medical Billing I

BMB 101-01 Noncredit

Medical insurance billing is a stable, lucrative field within the medical industry. Insurance billers can work in a variety of settings (physician's offices, clinics, hospitals, medical supply companies, etc.). The basis of building a firm foundation for a career in medical insurance billing and reimbursement is a thorough knowledge of ICD-9 CM and CPT coding. This course is specifically designed and taught for people with little or no experience in the medical field. We begin with the basics and develop a clear and concise understanding of each coding system and how they relate to each other to help formulate an accurate insurance claim that will maximize reimbursement.

**Sandra Collins** is Vice President of Giles & Associates, a medical consultant, former medical billing service owner a graduate of UC Riverside.

## **How to Start & Operate Your Own Medical Billing Service**

**Medical Insurance Billing  
knowledge required.**

**BMB 401-02      Noncredit**

---

Overhead costs are steadily increasing for physicians in private practice. Doctors are avidly searching for cost effective measures to cut their operating expenses. One such trend is to use independent contractors who work from their homes instead of incurring the cost of hiring and maintaining a full-time employee. In response to this trend, starting a medical billing service can be an extremely lucrative business. Students will learn: How to obtain clients, negotiate fees, market their services and select appropriate computer software, as well as a number of start-up requirements to enable them to work at home.

## *Speed Reading for Children and Adults*

### **Speed Reading for Academic and Professional Materials *Entering 11th Graders through Adult and Children's Reading Skills *Entering 1st Graders through Entering 10th Graders****

In the adult program you will learn to increase your reading speed while improving comprehension: After completing this program you will read difficult material, such as textbooks, technical manuals and legal materials, two to three times faster. In most other materials, such as business and professional journals, books, marketing materials and correspondence, you will read three to four times faster. In addition, your comprehension and concentration will substantially improve and you will virtually eliminate wasteful re-reading.

Course includes: 6-7 different speed techniques

- Advanced comprehension strategies
- Concentration and recall techniques
- Lots of practice & individualized coaching
- Free 1-day follow up business & academic writing seminar
- Lifetime repeat privileges for speed reading and writing seminar

Instructors: Professional instructors from the Institute of Speed Reading Development, which has provided this course for most of the state universities in the west for 25 years, and has also assisted technical, financial, sales and management personnel in such corporations as IBM, Hewlett Packard and Autodesk to improve their reading skills.

In our series of enrichment reading skills programs for children the aim is to: Help your child develop the reading skills needed to succeed in school and build confidence in a program designed for children by grade level. Programs for entering 1st & 2nd graders and 3rd & 4th graders emphasize word skills, fluency and comprehension. Programs for entering 5th-7th graders and 8th-10th graders stress speed reading, comprehension and study skills.

Tuition is \$199 per class.

## Health and Fitness

### Balance Your Life Through Herbs & Nutrition

HGH 102-01 Noncredit

Because of the nature of their effects, herbs are particularly beneficial in increasing energy levels, releasing stress and pain, and in nurturing peace of mind. From this class, participants will gain understanding and insight into why people desire particular foods, just as different people enjoy different activities to balance their mind and body. Participants will receive personalized herbal formulas for their own constitutions. They will cook at home and discuss their experiences in class.

**Jamoon Song**, intern in oriental medicine and acupuncture, BA, CSULB, is a Tae Kwon Do Master and a herbalist. Currently owner of Body Mind Workout Studio, and a student in traditional Chinese medicine, he is proficient in Yoga, meditation techniques, Tai Chi and martial arts.

### Canoeing the Russian River

RCO 101-04 or 101-05 Noncredit

Spend four days on the beautiful Russian River along the northern California coast near San Francisco and the Napa-Sonoma wine country. Designed for beginners as well as experienced canoers, this trip will cover approximately 32-36 miles of the Russian River from Asti (near the Italian Swiss Colony Winery) to Guerneville-Monte Rio. The Russian River includes several sections with "riffles" (which can be walked around, if desired) rolling hills, giant redwoods along the riverbanks, and morning fog. Instruction provided in basic paddling strokes, maneuvering techniques, and safety procedures. Participants provide own foods, camping equipment, transportation and camping expenses.

**Prerequisites: participants must be in good physical condition and have basic swimming skills. There will be no pre-trip meeting: participants will receive an information sheet with registration fees. No refunds 28 days prior to trip.** Chuck Reynolds has been leading trips such as these for 20 years.
