CALIFORNIA STATE UNIVERSITY DOMINGUEZ HILLS
E X T E N D E D  E D U C A T I O N

What is Extended Education?

Extended Education is the continuing education branch of California State University, Dominguez Hills. Our goal is to extend the educational resources of the University to the community. Courses are open to all adults. You do not have to be enrolled at California State University, Dominguez Hills to attend.

Extended Education offers dozens of courses a year covering a variety of topics. The majority focus on career oriented information in a specific field. These professional development classes emphasize a practical, real-world approach. Other courses explore cultural and personal interests.

How can I find out more?

By simply calling (310) 243-3741 during business hours. We will be glad to answer any questions you may have about our programs. If you do not receive our bulletin in the mail already, request to have your name put on our mailing list!

Business/Certificate Programs

Would you like to become self-employed running your own child care center or medical billing service? Ideas abound for entrepreneurs on pages 4-18.

Computers/Internet

Could your career use an upgrade? The enhancement of great-looking reports, photographs and designed brochures make you look good, too. Learn the latest in computer design software! Sign up for an exciting seminar in e-commerce or a course in designing your own Web page. See pages 19-24.

Education

Courses for teachers and parents, plus speed reading courses for all ages. See pages 25-27.

ESL

For those who need to improve English skills for work or study, see pages 28-29.

Health

CSUDH's Certificate Program in Alcohol and Drug Counseling is one of the best in California. See pages 30-31 for the summer schedule.

Travel

Exciting travel experiences begin on page 3!

Think Like a Genius

Famous Trials

NRBT 102-01 Canoeing the Russian River

Noncredit

Spend four days on the beautiful Russian River along the northern California coast near San Francisco and the Napa-Sonoma wine country. Designed for beginners as well as experienced canoers, this trip will cover approximately 32-36 miles of the Russian River from Asti (near the Italian Swiss Colony Winery) to Guerneville-Monte Rio. The Russian River includes several sections with "riffles" (which can be walked around, if desired) rolling hills, giant redwoods along the riverbanks, and morning fog. Instruction provided in basic paddling strokes, maneuvering techniques, and safety procedures. Participants provide own food, camping equipment, transportation and camping expenses.

Prerequisites: participants must be in good physical condition and have basic swimming skills. There will be no pre-trip meeting; participants will receive an information sheet with registration fees. * No refunds 28 days prior to trip.

Chuck Reynolds has been leading trips such as these for 20 years.

Session 01: CRN 30443

Sun-Wed Aug 13-16
(must register by July 23)

\$190 per session
(incl. canoe rental)

Employers! In 1998-99 we helped train 550 students in 60 companies!

Take Advantage of California's Best-Kept Training Secret:

Employment Training Panel (ETP)

- ✓ CSUDH carries the contract for training services
- ✓ No Paperwork
- ✓ Training suited to your specific needs
- ✓ No out-of-pocket expense for training

"We gained a philosophy of learning the company will incorporate across the board through this great experience!"
Lulie Leonard
Human Resources
Juanita's Foods, Inc

"It's the most beneficial training we've had for our supervisors. Excellent teachers. We're continuing!"
Stephanie Wright
Vice President
The Queen Mary

"On-site computer, material planning, and leadership training classes provided through this program have helped increase our productivity significantly here at Hughes Electron Dynamics."
Tim Fong
General Manager
Hughes Electron Dynamics

In 1982, the State of California founded the Employment Training Panel to assist employers in training their workforce. Funding comes from the pool of employer contributions to unemployment funds (approximately \$100 million per year). *CSUDH will tailor-make a program suited to your training needs.*

- ✓ Computer Training
- ✓ Motion Picture Training
- ✓ Professional Supervision
- ✓ Vocational English
- ✓ Human Resource Management
- ✓ Health & Safety Training
- ✓ Production & Inventory Control
- ✓ New classes for 2000

And now:

Allied Signal Challenger Learning Center, located on the CSUDH campus offers

The Quantum Leap Challenger Training Program

Space-Age Team Building Skills and Dynamic Communications Training

Family Child Care Providers:

**Are you tired of being labeled
"baby-sitter?"**

Come and learn how to provide quality care and professionalize your home business. CSU Dominguez Hills, Extended Education, is offering a comprehensive training program designed for family child care providers. Students who attend all six sessions will receive a certificate awarding 1.8 Continuing Education Units (CEU's).

Family child care providers already in business or individuals interested in starting their own family child care business will learn how to provide high-quality programs for children in their care and how to "professionalize" their business. Participants will learn through active, hands-on activities, videos and discussions. Experts in various areas will be included as guest speakers.

Family Child Care Certificate Award Program

Classes begin			Course No	CRN No
June 17	Session 1	Your Family Child Care Business	TEX 906-01	30371
June 24	Session 2	Setting Up Your Home Environment	TEX 907-01	30372
July 8	Session 3	Preparing Nutritious Meals & Snacks	TEX 908-01	30373

Certificate Award in Construction Project Management

The Program

This innovative and timely program is designed for professionals in construction, architects, engineers, property owners, developers and those who wish to develop and expand their managerial skills in construction.

Certificate Award

A Certificate is awarded at the successful completion of all seven courses. A certificate can be earned in a five-month period. All courses provide Continuing Education Units (CEUs). **Those who do not wish to pursue a certificate may take individual classes.** Successfully completed courses by candidates in the program prior to Spring 1999 will automatically be counted toward the revised certificate requirements. Provider number is available for completion of Real Estate Law.

Schedule of Courses

Courses are offered Tuesdays and Thursdays, 6:30-9:30pm at the Franklin Community Center in Redondo Beach.

Textbooks

Textbooks may be purchased at the bookstore on campus (310) 243-3789, or payable by check or money order only in class.

**For more information,
call:**

(310) 243-2425

The Courses

CMX 920 Project Management

1.5 CEUs \$135

Become a successful project manager by learning the basic principles and responsibilities of construction project management and how they relate to the total construction process. Learn how to identify and manage the vital components of project planning, budgeting and scheduling, resource allocation, legal requirements and ethical considerations, construction safety, and project supervision.

CMX 921 Real Estate Law

1.2 CEUs \$105

This course provides an overview of the legal system: Contractor's license law, contract laws, real estate law, labor law, OSHA, employment law, litigation and arbitration, contractor's liability in tort-negligence, mechanic's liens, plus basic contract principles and responsibilities.

CMX 922 Construction Accounting

1.8 CEUs \$160

The course will review accounting theory offering an understanding of the terminology of accounting. Payroll accounting will focus on workers' compensation insurance, cost allocation and control. Other subjects include types of businesses and organizations, lien law, construction cost control, progress payments and subcontractor invoices, back charges, cash flow and cost of sales.

CMX 923 Construction Finance

.9 CEUs \$90

The course will focus on the nature of development projects, sources of funds, mortgages, permanent and construction loans, loan processing and administration for both portfolio and for sale projects.

CMX 924 Estimating and Plan Reading

2.4 CEUs \$210

This course provides a survey of the fundamentals of Construction Math, plan reading, and cost estimating with an emphasis on quantity surveying and pricing.

CMX 925 Bidding & Scheduling

1.8 CEUs \$160

This course covers the different bidding strategies used in the construction industry: methods of selling or buying out the construction project, whether from the owners' or contractors' perspective. Learn to read, analyze and create your own bar chart and critical path method schedules. Learn to monitor and control time, money and other resources with the schedule. Learn how to use the schedule to measure the effect of changes and delays on the project.

For Touch Tone Registration call T.O.R.O.S. @ (310) 516-3409 - 3416

CMX 926 Construction Safety

1.8 CEUs \$160

This course provides an overview of safety procedures, regulations and their application as they apply to the Southern California construction industry. Also included will be a series of lectures supported by printed material given by an industry working safety specialist. Areas such as fall protection, working in confined spaces, excavation safety procedures, CAL/OSHA, Federal OSHA regulations and procedures are covered.

Certificate Award in Environmental & Occupational Health & Safety

Learn how to fulfill OSHA requirements!

The Certificate Award in Environmental & Occupational Health & Safety is endorsed by the the National Safety Council.

The Certificate

Designed for Health & Safety officers and those planning to enter the field, the program will enable a person to apply the skills and fulfill the requirements of functioning in a Health & Safety Department and to administer health & safety programs in an industrial setting. Five core courses plus one elective course are required. Elective courses are offered to suit the needs with-in various industries. **Students not pursuing the certificate may take individual courses.** The total program awards 10 Continuing Education Units (CEUs).

Who Should Attend

The program will meet and satisfy ongoing CEU requirements for the safety officer, registered environmental assessors, certified safety professionals, certified industrial hygienists, professional engineers and safety & industrial nurses. Supervisors, company owners, top & middle management, loss control representatives, worker compensation administrators, risk management, general managers and superintendents will also find this program a valuable and important means of gaining professional Health & Safety knowledge.

The Schedule

Students may attend classes in any order according to their needs. Courses are offered in the evenings and/ or on weekends. The Program can be completed in six months.

The Location

All classes are held on the CSUDH campus in Carson or the Franklin Community Center in Redondo Beach.

Core Courses

HEX 945 Foundations of Safety and Health Program Administration

HEX 946 OSHA Laws and Accident Investigation

HEX 947 Introduction to Workers' Compensation

HEX 950 Introduction to Industrial Hygiene

HEX 953 Recognition and Control of Workplace Hazards

HEX 960 OSHA and Environmental Law

For more information, call (310) 243-2425

ELECTIVE COURSES

One elective is required from the list below.

HEX 920 Ergonomics

HEX 925/926 Principles of Industrial Hygiene and Exam Preparation Part I and Part II (Offered each Spring semester)

HEX 954 Safety Protection

HEX 955 Industrial Hygiene Instrumentation and Sampling

HEX 956 Environmental Fundamentals for the Safety Practitioner

HEX 963 Workplace Security & Violence Issues

HEX 978 OSHA Law Fundamentals

On-site instruction is available. For information or to obtain a current schedule of classes, call the CSUDH Office of Extended Education, (310) 243-3741.

Certificate Award in Advanced Human Resource Management

THE CERTIFICATE PROGRAM

Intended for the seasoned Human Resource professional, the Certificate Award in Advanced Human Resource Management is a series of classes in specific topic areas that focus on the important HR management issues of today. Rather than focus on a basic understanding of employment wage, and hour, and labor laws, the Advanced Certificate curriculum places emphasis on a detailed understanding of processes, systems, and practical "how-to" knowledge for administering HR programs and moving into strategic positions as part of the company management team in today's competitive business environment.

PROGRAM EMPHASIS IS ON

- Development of practical HR systems and their administration
- Measurement and benchmarking of HR success
- Avoiding costly mistakes in hiring and dealing with HR issues
- Developing strategies for reducing corporate risk and liability through effective HR practices

WHO SHOULD ATTEND

- Specialists in the Human Resource field who need to expand their knowledge and expertise in all aspects of Human Resource Management
- Those who have completed the Human Resource Management Certificate Program
- Business owners and executives
- PHR's and SPHR's who need to meet recertification requirements
- Business attorneys
- Business consultants
- MBA students

CERTIFICATE AWARD

A certificate is awarded upon completion of all eight modules. Upon completion of the Certificate Program 2.4 Continuing Education Units (CEU's) are awarded together with a certificate. University transcripts are available upon request.

THE SCHEDULE

The eight modules are offered Thursday evenings June 8-July 27 from 6:30-9:30pm at the Franklin Center, room 8.

Preregistration
Required

Advisory Board

James D. Vigneau, SPHR, Human Resources Executive for VIAM Manufacturing, Inc., B.S., USF, is a lecturer and consultant with over 20 years of experience in the Human Resource field, assisting companies with the development of their Human Resource systems.

Patricia Doherty, CCP Principal, Doherty & Associates, is a Human Resource consultant with expertise in compensation and benefits administration, and Human Resource Management systems.

Carol Jaramillo, SPHR, Personnel Director, Casio PhoneMate, Inc. Ms. Jaramillo is a corporate Human Resource officer with considerable experience and expertise in HR Management.

Kent Perkins, PI, President, Allied Management Resources, a licensed private investigator with 25 years experience assisting companies with workplace security concerns, investigations, employee malfeasance and workplace violence.

Millicent Sanchez, Esq. Partner, Swerdlow, Florence, Rathbun & Sanchez, is a labor attorney admitted to practice in Hawaii and California with experience in employment law, discrimination, wrongful discharge and employment litigation.

THE COURSES

BUX 929-01 Certificate Award in Advanced Human Resource Management

2.4 CEUs CRN 30377

The Advanced Certificate in Human Resource Management is intended for the HR professional who wants to gain specific knowledge and develop specific skills in managing Human Resources systems. This eight-session certificate program will focus in depth on a different topic each session. All sessions must be completed to receive the certificate.

8 mtgs: Thu Jun 8-Jul 27
6:30-9:30pm
FCC rm 8
\$498

Analyzing HR

will examine specific models for establishing benchmarks and measuring HR effectiveness. **Thu June 8**

Enhancing the Value of HR

will focus on specific internal marketing and integration techniques to develop HR as a strategic partner in business operations. **Thu Jun 15**

Behavioral Interviewing

will develop specific interviewing skills to identify the right candidate for hire.

Thu Jun 22

Union Organizing in the Workplace

will focus on union organizing and effective company responses to maintaining a union-free environment.

Thu Jun 29

Understanding Workers' Compensation

will simplify and clarify the confusion that surrounds the administration of Worker's Compensation administration.

Thu Jul 6

Employee Leaves and Paid Time Off

will look at the legal and practical aspects of developing and administering company leaves, vacation programs, and other company paid time off benefit programs.

Thu Jul 13

Conducting Workplace Investigations

will focus on the proper and effective processes to conduct discrimination, harassment, and employee malfeasance investigations.

Thu Jul 20

Employee Discipline and Termination

will examine the systems, methods and communication techniques necessary to effectively discipline and terminate an employee.

Thu Jul 27

Instructor:

James D. Vigneau, SPHR,
Human Resources Executive
for VIAM Manufacturing,
Inc., B.S., USF, is a lecturer
and consultant with over 20
years of experience in the
Human Resource field,
assisting companies with the
development of their Human
Resource systems.

Onsite Instruction Available: call (310) 243-2425

Certificate of Completion in Medical Insurance Billing

The Program

Provides instruction and hands-on training in how to decipher medical insurance coding and process insurance claims accurately to obtain the maximum reimbursement. The Certificate is awarded at the successful completion of the program. **Those not pursuing the Certificate may take courses independently.**

Who should attend

This program is best suited to the person with little or no experience who wants to start a home business or perform medical billing services for doctors, hospitals, clinics or medical supply companies.

The Location

Classes are held on the CSUDH campus in Carson, at the Franklin Community Center in Redondo Beach and at the Inglewood One-Stop Center.

The Schedule

The Certificate can be earned in one semester (15 weeks). Courses are offered weekday evenings and Saturdays on campus, at the Franklin Community Center.

For more information, call (310) 243-2425.

NBMB 105-01 Medical Terminology

Noncredit

CRN 30378

Provides an overview of medical terminology including prefixes, suffixes, roots and combining forms. Students will learn about the various body systems as they relate to medical terminology. Also covered will be medical abbreviations and exercises on how to read medical reports. This course is a good foundation for anyone working in a medical environment.

Victoria Morgan

2 mtgs: Sat Jun 10-17

8:30am-2:30pm

NBMB 101-01 Medical Insurance Billing I

Noncredit

CRN 30379

Medical insurance billing is a stable, lucrative field within the medical industry. Insurance billers can work in a variety of settings (physicians' offices, clinics, hospitals, medical supply companies, etc.). Students will develop a firm foundation for medical insurance billing with a thorough knowledge of CPT coding. This course is specifically designed and taught for people with little or no experience in the medical field. Begin with the basics and develop a clear and concise understanding of each coding system to help formulate an accurate insurance claim that will maximize reimbursement.

Tuany Reid is a consultant who provides individuals and small and large companies with medical billing, financial and management accounting training.

4 mtgs: Mon & Wed Jun 5-14

6-9pm

FCC rm 8

\$95

Required text: Physician's Procedural Terminology, CPT -- latest edition

NBMB 102-01 Medical Insurance Billing II

Noncredit

CRN 30380

Prerequisite: Medical Billing I or previous billing experience

Build upon your knowledge of basic coding with these topics:

- ICD-9 Coding
- Constructing a "clean" claim for Medicare, Medicaid and other private insurance companies
- Managed Care Plans: unraveling the HMO, PPO, & IPA
- What to do when the insurance company refuses to pay or pays an unacceptable amount of the bill
- Interpreting explanation of benefits (EOB's)

6-9pm

FCC rm 8

\$95

Required text: ICD-9CM -- latest edition

NBMB 103-01 Medical Insurance Computer Billing

Noncredit

CRN 30381

Medical Insurance Billing I suggested as a prerequisite.

Learn the basics of using a computer in medical insurance billing. Learn how to build a patient information database, how to input patient and insurance information, and the ins and outs of electronic claims submissions that will produce third-party insurance claim forms and patient billing statements. A review of the information needed to set up a computerized medical insurance billing practice is included. Previous computer experience is not necessary.

Tuanyia Reid

1 mtg: Sat Jul 8

9am-3pm

CSUDH SBS B109

\$95 (fee includes materials)

Each session limited to 20 students

NBMB 106-01 Applied Billing Techniques

Noncredit

CRN 30382

Optional course. Limited to 10 students who have completed previous courses in series.

Students who have taken all previous billing courses will have the opportunity to do a half day of hands-on coding and billing. Students will complete several class projects which will allow them to put into practice all the skills an actual biller would use:

- Creating a billing database
- Inputting charges for offices
- Calculating write-offs and adjustments
- Assigning appropriate ICD-9 and CPT codes

Students should come prepared with an ICD-9 Manual, CPT Manual and calculator.

Tuanyia Reid

1 mtg: Sat Jul 15

9am-12noon

CSUDH SBS B109

\$50 (fee includes materials)

NBMB 104-01 How to Start & Run Your Own Medical Billing Service

Noncredit

CRN 30471

Medical insurance billing knowledge required

Overhead costs are steadily increasing for physicians in private practice. Doctors are avidly searching for cost-effective measures to cut their operating expenses. One trend is to use independent contractors who work from their homes instead of incurring the cost of hiring and maintaining full-time employees. In response to this trend, starting a medical billing service can be an extremely lucrative business. Students will learn: how to obtain clients, negotiate fees, market their services and select appropriate computer software, as well as a number of start-up requirements to enable them to work at home.

Tuanyia Reid

1 mtg: Sat Jul 22

9am-3pm

Certificate Award in Safety and Security

RECOGNIZED AND APPROVED BY THE INTERNATIONAL ASSO- CIATION OF SAFETY & SECURITY PROFESSIONAL (IASSP) TRAINING ACADEMY

Certificate Award

A certificate reflecting 70 hours and 7.0 Continuing Education Units (CEUs) is awarded upon successful completion of the program. **Courses may also be taken independently of the program.**

Course Schedule

The certificate can be earned in one semester (15 weeks). Courses are offered evenings or Saturdays on campus.

The Program

Provides safety and security personnel with practical, hands-on training in how to implement and maintain a safe and secure work environment according to the Peace Officers Standard of Training (POST) regulatory requirements for the state of California.

Who Should Attend

- Security Personnel
- Managers
- Supervisors
- Security Officers who need to fulfill POST Regulator requirements

The Courses

HEX 946 OSHA Laws & Accident Investigation 2.0 CEUs \$250

Provides participants with the foundation and practical application of current laws and regulations to identify the sources of injuries and illnesses in order to reduce them in the workplace. Legislation and defense for civil and criminal liability from collection and identification of accident evidence will be covered.

HEX 953 Recognition & Control of Workplace Hazards 1.5 CEUs \$180

A review of chemical and mechanical hazards known to be in the general workplace with an emphasis on logical discovery will be covered. Students will learn how to treat hazards in order to provide a safe and healthy workplace for their organization.

HEX 960 OSHA & Environmental Law 2.0 CEUs \$250

Provides a basic foundation to understand, analyze and apply federal and CAL/OSHA requirements. The current laws, legislation and litigation arising out of the development and application of environmental laws, dealing with the EPA and RCRA programs and hazardous waste controls, recent cases, legislation and defenses for the new civil and criminal liability cases will be covered.

HEX 963 Workplace Security & Violence Issues 1.5 CEUs \$180

Covers requirements under Title 8, Section 3203, Assembly Bill 508 and various Penal Codes. Legal standards v. probability liabilities. Also covered is civil litigation (tort laws) and/or regulatory citations for insufficient or non-existent security based on foreseeable duty of care stands. Also included:

- Risk assessment and assault paradigms covering environmental and work practice risks
- Issues of workplace violence
- Causative correlations of violence
- Incident deterrent procedures.

Certificate Award in Technical Writing

The Program

The Technical Writing Certificate Program introduces students to the many aspects of contemporary technical writing practice and helps them develop the skills and confidence to communicate complex technical concepts effectively.

The Certificate

A certificate is awarded upon the completion of all nine courses. All courses provide Continuing Education Units (CEUs). **Courses may be taken individually by those not wishing to earn a certificate.** Successfully completed courses by candidates in the program prior to Spring 1999 will automatically be calculated into the new program at the 1998 unit requirement.

Who Should Attend

Career opportunities are available in every industry: financial, industrial, construction, electronics, nuclear, automotive, medical, computer, international business, agricultural, aerospace and petrochemical, to name a few. Engineers, scientists, and businessmen everywhere understand that they can improve effectiveness and boost productivity through improved writing ability.

**For more information,
call (310) 243-2425.**

The Courses

BUX 905 Writing Technical Instructions

1.5 CEUs \$105

Participants will learn how to apply the Technical Writing principles to the writing of simple procedures. Discussions cover presentation, grammar, syntax, punctuation, and sentence structure as well as proper use of mood and voice in writing step-by-step procedures. Chapters in the textbook are assigned for reading, and for participants to interactively question and share ideas in class.

BUX 927 Fundamentals of Technical Writing

2.7 CEUs \$225

Before one can practice technical writing, one must know what it is, how it works, why people write it, and who reads it. This introductory course examines the basic requirements of technical style and organization as used in reports, proposals and presentations. Students learn and practice how to pack extensive information into few words without sacrificing readability in their writing. Individually and in groups, students study their own technique to improve conciseness and clarity. The class explores the varieties of technical writing and the requirements of the various audiences for each of them. Finally, students may make a technical presentation to the class on a topic of their own choosing.

BUX 931 Information Design

2.7 CEUs \$225

Students will learn about the principles of information management, design and presentation and be able to apply them to the design of print and online documents as well as multimedia presentations.

BUX 932 People Skills for Technical Writers

1.5 CEUs \$105

Technical writers work with people as well as words. This course prepares students for interactions with prospective consumers of technical writing, with technical experts, and with audiences. Students practice and workshop with each other on meeting the needs of all three groups. Participants learn to listen and ask questions so as to correctly interpret the needs of business and industry customers, to present technical information in an engaging and clear way, and to translate technical talk into comprehensible, everyday language.

Preregistration
Required

BUX 948 Proposal Preparation & Writing
1.5 CEUs \$105

The marketplace is lean and mean, and companies cannot afford proposals that fail. Students learn the importance of effective proposal writing in the business. They learn what every proposal must have. They acquire writing skills that demonstrate their understanding of the sales tone in proposals. Hands-on exercises guide them in writing resumes, project descriptions, and persuasive arguments, turning narrative into graphics, and judging whether a proposal responds to client expectations.

BUX 949 Graphics for Technical Writing
1.5 CEUs \$105

Graphic design and visual communication principles are essential in producing effective technical publications. This course will provide students the understanding of design principles and production processes, as they pertain to technical communication, through class exercises, demonstrations and discussions encompassing the following topics:

- The importance of visual communication
- Design/layout elements and principles
- Typography--understanding and utilizing type
- Graphics--working with photos, illustrations, tables and charts
- Desktop publishing software and tools
- Production processes for print, CD, Internet and on-line documentation

BUX 950 Online Documentation
1.5 CEUs \$105

An overview of online documentation concepts on Adobe Acrobat 3.0 application for Macintosh. This course consists of step-by-step instructions from the required training workbook, along with class exercises and projects. Basic computer experience is a prerequisite for the course.

BUX 970 Technical Editing
1.5 CEUs \$105

Participants will apply principles of how to help authors achieve effective writing by using the techniques of technical editing. Exercises and discussions deal with excerpts from these types of real-world documents: product descriptions, proposals, technical reports, and users' manuals. Chapters in the textbook are assigned for reading and for participants to interactively question and share ideas in class.

Summer 2000 Schedule**BUX 950-01 Online Documentation**

New! Certificate Program in Telecommunications

Move ahead in this fast-moving industry by completing a series of courses designed to place you among the most valuable employees in your field!

The Certificate Program in Telecommunications at California State University, Dominguez Hills is designed for those already making their mark within the industry who want to move into supervisory or management positions. The curriculum enhances your own knowledge and expertise by following the trends--it is virtually a living program which advances along with current technology so you won't be left behind.

Courses are scheduled at times and locations that take into account the needs of working adults. Whenever possible, the Certificate Program in Telecommunications courses will be delivered to work sites using telecommunications technology, taking in account the needs of working adults. Instructors will be drawn from the regular university faculty and augmented by experienced practitioners from the Telecommunications industry. All credit earned in courses in this Certificate Program will be applicable to a planned Bachelor of Science Telecommunications degree program.

Classes will begin in Fall, 2000 and may be completed within one calendar year by taking two classes each in the Fall 2000 and Spring 2001 terms, and one class during the 2001 Summer Session.

Cost is \$140 per unit (\$420 for a 3-credit course) plus an additional \$30 per unit when telecommunications technology is used to deliver courses to a worksite.

The Courses Fall 2000 Schedule

COM 303 Policy and Regulation Issues for Telecommunications (3)

The study of telecommunications policies, regulations, and laws. Focus is on current regulatory schemes at local, state, and federal levels and their impact on technology & society.

COM 312 Telecommunications Technologies (3)

Basic theory and principles of the operation and utilization of contemporary telecommunications, technologies and delivery systems. Assessment of implications of current and developing technologies.

Spring 2001 Schedule

COM 403 Financial Analysis & Strategies for Telecommunications Resources (3)

Case studies in costing telecommunications. Developing and responding to RFPs/RFQs. Needs analyses. Financial strategies for telecommunications expenditures. Developing business cases.

COM 495 Special Topics in Communications:

Telecommunications

Planning and Consulting (3)

Emphasis on needs analysis, planning and meeting customer expectations. Social and ethical issues in telecommunications. Case studies and models.

Summer 2001 Schedule

COM 496 Off-campus Internship in Telecommunications: Practicum (3)

Analysis and solution of a real-life telecommunications problem in a defied organizational setting. Student may participate in this internship at his/her place of employment.

Certificate of Completion in Computer Graphics Competency

A certificate will be awarded upon successful completion of the following 8-hour workshops. Introduction to Adobe Illustrator 7.0, Introduction to Adobe Photoshop 5.0, Introduction to QuarkXPress 4.0 and Introduction to Pre-Press. (no substitute computer experience will be accepted)

NCGP 108-01 Introduction to Adobe Illustrator 7.0

Noncredit **CRN 30465**

Adobe Illustrator 7.0 is one of the most popular illustrative software programs around. Illustrators, designers, artists, and many others use the powerful software too create art work and commercial illustrations. This intensive one-day, hands-on workshop will teach you the fundamentals. The workshop will cover the basic tools, layers, manipulation of shapes including typography, color application, the viewing modes plus the fundamental structure and process to actually create original illustrations. Workshop projects will be realistic and diverse, from very simple to more complex. Come with several high-density Mac diskettes (either double density or high density), or bring a 100mg ZIP disk. No Macintosh computer experience is necessary. **Bernard Baker**, Professor of Art, CSUDH, MFA Design, University of Kansas, BFA, Industrial Design, University of Illinois.

**1 mtg: Sat Jun 3
9am-5pm
CSUDH SCC E139
\$125**

**Limited to 10. Participants
may double on a computer for
\$100 each.**

NCGP 107-01 Introduction to Adobe Photoshop 5.0

Noncredit **CRN 30467**

This program is a powerhouse for photo image manipulation and modification. You will learn the basic tools and functions that provide easy graphic production and artistic manipulation. You will learn about cloning, filters, masks, channels, layers, histograms, and other strengths of Photoshop. Its typographic functions, color enhancements, scanning and photo touch-up power, importing strength and many other functions will open a world of creative ideas to you. Bring several 3 1/2" high-density Mac diskettes (either double density or high density) or bring a 100mg ZIP disk. Macintosh experience is not necessary.

Bernard Baker

**1 mtg: Jul 8
9am-5pm
CSUDH SCC E139
\$125**

**Enrollment limited to 10.
Participants may double-up on
a computer for \$100 each.**

NCGP 102-01 Introduction to QuarkXPress 4.0

Noncredit **CRN 30466**

QuarkXpress 4.0 is one of the most popular and powerful page layout software available. If you are a designer, illustrator, writer, publisher, or a professional in public relations, advertising or marketing -- anyone working with graphic layout -- you need this workshop! You will learn the fundamentals of page setup, tool functions, use of typography, importation of type, graphic and photo images, applying master pages, page editing, color palettes, image modification, and much more. Bring several 3 1/2" high density diskettes, or bring a 100mg ZIP disk. Macintosh experience is not necessary.

Bernard Baker

**1 mtg: Sat Jul 22
9am-5pm
CSUDH SCC E139
\$125**

**Enrollment limited to 10.
Participants may double-up on
a computer for \$100 each.**

Be sure to register
early
so that we know
you're coming!

NCGP 110-01
Introduction to Pre-Press:
Creative Graphics with
Illustrator, Photoshop &
QuarkXPress

Noncredit

CRN 30468

In the "real world" great graphic documents are often created and prepared for printing using all three programs. In this workshop you will learn the techniques needed to create your own complete graphics projects on the computer and initiate the preparation for press, called pre-press. You will be using images created in the previous workshops to create a document, plus create original images and layouts. You will manipulate images, layout your document, and proof your design with color printouts to create a great graphic document. You will experience color separation, document preparation, and the use of registration, bleed marks, plus the RGB - CYMK colors modes. You will discover the combined power and effectiveness of Illustrator, Photoshop and QuarkXPress as creative and pre-press tools. Participants should have completed the Illustrator, Photoshop and QuarkXPress CSUDH Extended Education Workshops (no substitutions are allowed). Bring a 100 mg ZIP disk or several 3 1/2" high-density Mac diskettes.

Bernard Baker

1 mtg: Sat Aug 5
9am-5pm

Certificate Award in Internet Business & Marketing Fundamentals

The Certificate Award Program in Internet Business and Marketing Fundamentals can be an important addition to your personal or business profile. It informs customers and employers that you have chosen to explore and understand this new and huge communications and marketing medium. The Internet is the Information Superhighway. Personal interests, business and career opportunities abound as the Internet doubles in size each year.

Who Should Attend

Anyone who desires to have access to information provided from the Internet can benefit from this program. Participants will learn how the Internet

works, how to find and access information, and how to communicate with people from all over the world. People with a message to share, special interest groups, advertising agencies, sales and marketing professionals, small businesses, entrepreneurs and all companies who buy any type of advertising will learn how to start sharing their message and increase sales.

The Certificate

Those participants who successfully complete all four courses will receive the Certificate Award in Internet Business and Marketing Fundamentals.

CIX 920-01 Internet Applications for Business and Professionals

.3 CEUs CRN 30460

Prerequisite: CIX 907 Introduction to the Internet or permission of the instructor (must be obtained prior to first day of class)

This course will provide a survey of business and commercial activity on the Internet with an emphasis on practical applications being utilized on a daily basis in the workplace. Whether you're a busy professional, an innovative employee, or an entrepreneurial business owner, this class will help to put you on the cutting edge of Internet and telecommunications practices in the business community.

CIX 934-01 Finding It Fast on the Internet

.3 CEUs CRN 30447

Prerequisite: CIX 907 Introduction to the Internet or permission of Instructor (must be obtained prior to first day of class)

There is an unprecedented amount of information on the Internet. However, the challenge lies in finding the right information, fast. This class will show you Internet specific research techniques that will help you find the information you want. You will get a list of Internet addresses that can help you find information such as where to get a free web site, free email, how to find information on your competitors, online encyclopedias, libraries, news services as well as how to operate the most powerful information search tools. Students will also learn how consumers locate products and services on the web.

\$60**

CIX 923-01 Designing an Effective Web Site

.3 CEUs CRN 30448

Prerequisite: CIX 907 Introduction to the Internet or permission of Instructor (must be obtained prior to first day of class)

There are thousands of Web sites on the Internet and hundreds more are being added each day. How will your target users find your site among all the others? What will make them come back? Learn the latest techniques for attracting target customers to your Web site. Discover the most recent developments in effective Web site design and learn what you can do to keep users returning to your Web site.

This is a conceptual class designed to prepare students for the Certificate capstone course CIX 928 Building a Better Web Site. Under the guidance of the instructor students will think through the design and objectives of the Web site they will be creating in CIX 928.

CIX 928-01 Building a Better Web Site

(replaces CIX 912 Beginning HTML Publishing Lab)

.9 CEUs

CRN 30459

Enrollment limited to 10 students in each section.

Mandatory prerequisites: CIX 909 How to Conduct Business on the Internet or CIX 923 Designing An Effective Web Site

An HTML beginning-level workshop in which students will create a basic Web site for a business, a non-profit organization, or for individual personal or professional use. In addition, students will learn how to get their site onto the Web once it's created, how to choose an Internet Service Provider or Web Hosting Service, how to register their domain name with Internic, and how to make sure their site gets listed with all the right search engines and directories.

Successful completion of a basic Web site is required to obtain the certificate.

Anissa Barton-Thompson

**2 mtgs: Fri & Sa Jun 16 & 17
6:30-9:30pm Fri**

9am-4pm Sa (1-hr. lunch)

CSUDH rm TBA

(One student per computer)

\$160

Two Certificate Awards in HTML Publishing INTERMEDIATE • ADVANCED

To successfully achieve either the Intermediate or Advanced Certificate Awards in HTML Publishing, students are required to participate in 9 Hours of hands-on computer experience in the CSUDH On-Line/Multi-Media Computer Lab and demonstrate to their instructor that they have achieved the understanding and publishing skills required for each level. Students may repeat courses as often as required (repeat tuition but no additional materials fee).

Who Should Attend

Anyone interested in advancing beyond beginning levels of HTML publishing and Web page design (see skills listed in CIX 928) to intermediate or advanced publishing, design and implementation of dynamic, eye-catching Web pages/sites should consider enrolling in the Intermediate & Advanced HTML Certificate Award programs. Personal enrichment and exciting employment opportunities exist for those adequately skilled in HTML and Web page design.

CIX 913 Intermediate HTML Publishing - Lab

.9 CEUs

CRN 30449

Enrollment limited to 10

One computer per person

Prerequisite: CIX 912 OR CIX 928 or instructor approval (must be obtained prior to enrolling in class-be prepared to submit to the instructor a beginning level web page of your own creation for consideration)

Who should attend:

Anyone with basic HTML publishing experience who wishes to attain the next level of designing graphics and enhanced layouts for eye-catching web pages/sites.

Not a beginning level course:

Students must have a basic knowledge of HTML and Web page design. Students who have successfully completed CIX 912 or CIX 928 or have an equivalent level of expertise are prepared for participation in this course. All students will work on their own projects with individual guidance from instructor as needed.

Topics covered include: a quick review of software and keyboard basics and basic HTML structure, advanced tags, images (formats, background imagery, copying graphics from web, creating original graphics, scanning and manipulating photos and clip art), using tables to control layout, and more. This class also includes information on how to get a site onto the Web once it is created, how to choose an Internet Service Provider or Web Hosting Service, how to register a domain name with Internic, and how to make sure a site gets listed with all the right search engines and directories.

Students will need to bring the following to class :

- floppy disks (at least two high density 3.5" diskettes) to store finished work
- photographs to be scanned, (limit 2), as well as printed material to be incorporated into your Web page design

REGISTER BY PHONE: (310) 243-3741 • REGISTER BY FAX (310) 516-3971

Important Information:

Course may be repeated as needed. Participation in class does not automatically qualify a student to receive the Intermediate Certificate Award. Instructor will determine when student has achieved the competency and skill level sufficient to have earned the Intermediate Certificate Award and is thereby eligible to participate in the Advanced Certificate Award program. 9 Hours of Instruction.

The Instructor, **Anissa Barton-Thompson**, has taught on the CSUDH Internet faculty for 3 years and is responsible for the design and implementation of several informative and innovative websites. Anissa can be contacted at: abarton@csudh.edu

2 mtgs: Fri & Sa Jun 30 & Jul 1

6:30-9:30pm Fri

9am-4pm Sa (1-hr. lunch)

(One student per computer)

\$160

CIX 914-01 Advanced HTML Publishing - Lab

.9 CEUs CRN 30452

Enrollment limited to 10 One computer per person

Prerequisite: CIX 913 or instructor approval (must be obtained prior to the first night of class. (Be prepared to submit to the instructor an intermediate level web page of your own creation for consideration)

Who should attend:

Anyone with intermediate level HTML publishing experience who wishes to achieve an advanced level of competency. Not a beginning level course: students must have more than a basic knowledge of HTML and Web page design. Students who have successfully completed CIX 913 or have an equivalent level of expertise are prepared for participation in this course.

Students will work together to create and/or update an exciting Web site; the final project will actually be used on-line! This course builds on the skills gained in the Intermediate class and adds forms, frames, image maps, access counters, sound, video and animation, java applets and more. This class also includes information on how to get a site onto the Web once it is created, how to choose an Internet Service Provider or Web Hosting Service, how to register a domain name with Internic, and how to make sure a site is listed with all the right search engines and directories.

Students will need to bring the following to class:

- floppy disks (at least two high density 3.5" diskettes) to store finished work
- photographs to be scanned (limit 2), as well as printed material to be incorporated into your Web page design

IMPORTANT INFORMATION

Course may be repeated as needed (additional tuition but no additional materials fee charged). Participation in class does not automatically qualify a student to receive the Advanced Certificate Award. Instructor will determine when each student has achieved the competency and skill level sufficient to have earned the Advanced Certificate Award.

A new Seminar...

The Internet will change the way we work and the way we live more than the invention of the telephone--more than the invention of television. In fact, it was quite simply the most important invention of the last 500 years exceeded in all the history of human kind only by the inventions of the wheel and the printing press.

...The Economist

E-Commerce, using Internet technology to integrate all aspects of the business process, is dramatically changing the way we live and work. Forrester research projects e-commerce will reach an astounding \$1.3 trillion in the next few years. Understanding the basics of how Internet technology is changing business models is imperative for organization and individual growth in the new millennium.

This one-day seminar is designed to teach you the essentials to utilize Internet technology to expand or create a new business.

Program objectives:

Upon completion of this seminar, you will be able to:

- Determine how to apply winning e-commerce strategies to your business
- Define viable online revenue streams for your e-commerce business
- Understand the elements of an effective e-commerce site
- Create a plan to drive paying customers to your site
- Develop a strong "back end" solution for your e-commerce business

E-commerce Success Strategies

This seminar is designed to give a solid overview of the processes required to launch and maintain a successful e-commerce business.

Students will learn to select appropriate products and services, define, reach and penetrate target markets, and find alternative revenue sources. Effective e-commerce site front end and back end development will also be covered.

Who should attend?

E-commerce spans all industries and occupations. If you are a

- **Business Owner**
- **Business Executive**
- **Entrepreneur**
- **Manager**
- **Enterprising Individual**

This is information which will help you make better business decisions.

The Instructors:

Lynda Palmer, co-founder and president of The Internet Institute, has been teaching Internet courses at CSUDH Extension for three years, and teaches Marketing and E-Commerce at Pepperdine University.

Gary Palmer, co-founder of the Internet Institute, is an e-business technology solutions specialist for Science Applications International Corporation, and has taught at CSUDH Extension for three years, and teaches Internet strategies at the University of Phoenix and is a co-instructor at UCLA in the "E-commerce for Business" program.

Bobrow Test Preparation

The Bobrow Test Preparation system originated at California State University, Northridge, by request of the student body in 1973. Since then, it has assisted more than 500,000 students in preparing for the college and graduate entrance examinations. By request only, these programs are now offered at 30 universities, colleges and law schools.

The staff is comprised of math and reading specialists and other expert instructors who are fully credentialed and have advanced degrees. The programs are constantly updated for the most recent forms of the exams.

Fees paid for these test preparation courses do not include payment and registration for the actual exam. For information on registration for the exams, call the CSUDH Testing Office at (310) 243-3909.

All workshops cover the most recent areas. Students may repeat classes at no charge.

The Scholastic Assessment Test (SAT I) Review

The SAT I Prep Sessions are a series of workshops designed to help students prepare for the SAT I. All question types will be carefully discussed and reviewed. Emphasis will be placed on Mathematical Reasoning (Multiple Choice, Quantitative Comparison, and Grid-ins) and a short review of algebra and geometry. Verbal Reasoning (Analogies, Sentence Completions, and Critical Reading) will also be discussed and analyzed. Students should bring simple calculators to class as they are allowed on the new SAT I. NOTE: Early enrollment is advisable. Class contingent upon a minimum enrollment. For information about test application call your high school or class ETS at (510) 873-8100 or see the ETS website: <http://www.collegeboard.org>

Speed Reading, Comprehension and Study Skills Programs

In these programs our average student improves reading comprehension one to two whole grade levels, while more than doubling reading speed. We'll teach your son or daughter the best way to improve vocabulary, study textbooks, take notes, and prepare for tests. Learning these skills will make it easier to complete assignments quickly and get better grades, and will help your child become a successful, motivated student. Our students become fully absorbed in books, and develop the lifelong habits of reading for pleasure. You will be extremely pleased with your child's highly-skilled, encouraging teachers and delighted with the extraordinary instructional materials.

Speed Reading, for Work, School, and Recreation

When you complete our adult speed reading program, you will read 3 to 4 times faster in novels, newspapers and most business and school materials. In more difficult reading like technical journals or college textbooks, you'll read 2 or 3 times faster. In addition, the comprehension, concentration, and retention techniques you learn will enable you to remember more, even though you read much faster. You will virtually eliminate re-reading. As a special bonus, participants in our adult speed reading program receive lifetime repeat privileges, which means you may repeat the speed reading class at any time, for free.

TEX 900-01 Grant Writing for Educators

2 CEUs

CRN 30491

This course is designed for professionals who are either practicing administrators or other interested educators. The course content has been developed in accordance with the requisites for administrators who work in culturally diverse environments, whether they are urban, suburban and/or rural.

Students will learn how to develop successful grant proposals. Funding sources and fund raising activities will also be examined.

Course objectives:

- * To analyze the current structure of a grant proposal
- * To describe and identify major events and timelines
- * To understand how grant proposals are reviewed and evaluated
- * To analyze the administrative hierarchy and implications when submitting grant proposals

Topics to be covered include:

- * Introduction
- * Getting started
- * Identifying funding sources
- * Important distinctions
- * Project development
- * Writing to selection criteria
- * Preparing the budget
- * Summary -- Tips for Proposal Writers

THE AMERICAN LANGUAGE & CULTURE PROGRAM

ENGLISH LANGUAGE COURSES FOR Beginning, Intermediate and Advanced International students

The American Language and Culture Program at California State University, Dominguez Hills, has courses for international students, business people and new residents who wish to improve their English language skills. Maximum enrollment in most classes is 15 students to ensure sufficient student practice and attention from the teacher.

WORK-SITE PROGRAMS (WSP)

ALCP can offer English language and culture programs at the work-site for non-native speakers of English. Programs can be developed for a wide range of work needs: on-the-line employees who need basic communication skills and orientation to an American work environment; executives who need high-level communication skills to negotiate business and operate in social environments or other special situations. English-for-Special-Purposes (ESP) programs are often offered in industries such as hospitality, tourism and travel, import/export, banking and manufacturing. ESP programs can include safety English, industry-specific terminology and jargon, company-specific terminology and

jargon, writing skills (forms, memos, reports), oral communication/pronunciation, asking questions, giving/receiving directions, clarifying, expressing opinions, and expressing safety concepts.

INTENSIVE ENGLISH PROGRAM (IEP)

IEP offers an eight-week intensive English language program five times a year for students with academic or professional goals, including passing the TOEFL for entrance into an American university. The 20-hour per week IEP (9am-1pm daily) offers a coordinated program of conversation, grammar, writing, reading/vocabulary, pronunciation and listening. Students from all over the world enroll in this multi-level program and can continue to improve their skills by advancing from session to session. Qualified students from outside the U.S. are eligible for a student visa. Individual courses may also be taken by students. A certificate of achievement is awarded after successful completion of at least one session. Language skills studied are:

Conversation

Conversation Skills offers extensive individual student practice in speaking. Students learn to use authentic language in situations related to work, school, leisure and social life. They are encouraged to express their thoughts and ideas, plus their wants and needs, in classroom situations that make extensive use of pair work, small-group discussions, and information-sharing activities. These face-to-face discussions simulate real-life social interaction, encouraging the use of eye contact, exclamations, questions, accurate intonation and emotional tone.

Writing

Writing Skills emphasizes the process of writing and highlights the various strategies writers can use in the process. The class teaches such organizational patterns as generalizing, describing, defining, talking about differences and similarities, and expressing cause and result. Although the focus is on content-based writing, other language skills are integrated, and practice writing is combined with speaking and listening activities. In order to gather data for their writing, students share ideas, opinions, and suggestions in pair, small group, and whole-class discussions. These brainstorming activities lead to teacher and peer analyses of student essays where the focus is on topic sentences, supporting facts, discourse markers, and concluding sentences.

2000 Schedule

Intensive English Language Program Eight-Week Sessions

Summer A	May 1-2	May 3 - June 23	\$1,500
Summer B	June 26-27	June 28 - August 18	\$1,500
Fall A	August 28-29	August 30 - October 20	\$1,500
Fall B	October 23-24	October 25 - December 15	\$1,500

Registration and Payment for two consecutive 8-week session allow for a one-hundred-dollar discount. Prices and dates subject to change without prior notice.

ESL

Pronunciation

The Pronunciation class helps develop clear pronunciation and American English intonation patterns for increased spoken comprehension. Students learn acceptable pronunciation of single vowel and consonant sounds, groups of sounds, stress patterns in words, and intonation patterns in sentences. Students have the opportunity to listen and practice with tapes and to express their own views and opinions under the teacher's guidance. Students receive personal attention and special homework assignments focused on their specific pronunciation and intonation problems. Further pronunciation work can be done in the University's learning laboratory.

Grammar

The Grammar class presents the important grammatical structures in English through a process of observing, describing and using the structures in written and spoken language. Controlled and open-ended exercises and tasks are practiced in class to help the students increase their mastery over the forms. Special attention is given to grammar points that are most difficult for students. Additionally, the ways in which grammar is tested in the TOEFL are examined and practice TOEFL exercises are done.

Reading & Vocabulary

The focus of Reading & Vocabulary is to help students increase their vocabulary within the context of meaningful, high-interest readings. Each student will learn the skills needed to find the meanings of unfamiliar words and then incorporate them into active, everyday use. Reading and vocabulary

skills will be practiced through an integrated approach that uses a variety of topics, genres, moods and styles. Interesting subjects will be read and then examined through paired discussions, small group work and whole-class activities.

Listening Skills

The Listening Skills class allows students to develop their aural skills in a supportive, active environment. Each student is given the opportunity to participate in a variety of in-class activities using tapes, videos and guest speakers. Students listen to and learn how to appropriately respond to questions presented in meaningful language contexts. Each listening exercise allows students to progress from controlled

listening activities to more complex ones. Each student will be expected to strengthen his listening skills outside the classroom through assignments involving TV, radio and community service projects that require interaction with American speakers. Additional practice is available through tapes in the University's Learning Labs.

Optional Afternoon Classes

- TOEFL Preparation
- Computer, e-mail, WWW and Internet
- Video, Films
- Conversation Partners
- Pronunciation

TO APPLY, SEND:

1. Completed Application Form. See ALCP brochure or Web-Site.
2. \$55 U.S. Application Fee written to: CSUDH. Non-refundable.
Cash cannot be accepted.
3. Financial Verification. If you are requesting an I-20 in order to enter the U.S. on an F-1 Student Visa for full-time study only. The financial verification is usually a bank statement, which must verify a minimum of \$7,000 U.S. available for the student's studies.
4. Additional Costs: Health Insurance (required), text books, food, housing, transportation, miscellaneous.

Certificate in Alcohol & Drug Counseling

The Program

The Certificate Program in Alcohol/Drug Counseling consists of 9 courses designed to prepare individuals for entry into the field at a professional level. All courses provide Continuing Education Units (CEUs) and a board-approved provider number for registered nurses and teachers. ADX 300 may be taken on an individual basis without formal entrance into the Certificate Program. Students may enter the program in either the Fall or Spring Semester. Students are required to pass each course with a grade of C or better and maintain a 2.5 G.P.A.

The Certificate

Upon satisfactory completion of all nine courses with a 2.5 grade point average, and 300 hours of field work. The student will receive a Certificate as recognition of educational achievement and professional status. The Certificate is widely recognized by alcoholism treatment centers.

Entrance Requirements

Applicants should have completed at least two years of college or have at least two years of work experience in a health or human service agency. If applicant is a recovering substance abuser, two years of continuous sobriety is recommended.

The Courses

Students must successfully complete all nine courses in the program. Six courses are degree applicable. Courses transferable to the Human Services Program and their equivalencies are as follows:

ADX 301 is equivalent to PSY 367

ADX 303 is equivalent to SOC 363

ADX 304 is equivalent to PSY 342

ADX 305 is equivalent to PSY 496

ADX 306 & 307 are equivalent to SOC 320

The Cost

The fee is \$135 per unit; a three-unit course is \$405. Fees must be paid upon registration before classes begin.

*Fees subject to change.

Location and Schedule

Classes are held weekday evenings 6-10 pm on the CSU Dominguez Hills campus in Carson.

Deadline for Fall application: August 13.

For Information, call the Division of Extended Education at (310) 243-2425.

ADX 300 Introduction to Alcoholism 3 ext units

Prerequisite for program

This course provides basic information about alcohol; the physiological, psychological, and sociological effects of alcohol abuse; identification of social drinking, problem drinking; etiological theories of alcoholism; defense mechanisms; the counseling relationship and basic treatment issues.

ADX 301 Introduction to Counseling Techniques 3 ext units

Prerequisite for program. ADX 300 and 301 must be taken before any other courses

This course introduces the skills and techniques necessary for counseling. Students will learn to use active listening skills and to develop a high empathy level. The course is both theoretical and experiential.

ADX 302 Counseling the Individual 3 ext units

Prerequisite: ADX 300, 301

This course develops an understanding of the psychological factors of alcoholism and drug abuse and their implications for treatment. Counseling techniques are examined and practiced including assessment, perception and communication skills required for various stages of treatment, prognosis and termination.

ADX 303 Perspectives on Drug Abuse: Counseling the Substance Abuser 3 ext units

Prerequisite 300, 301

This course is an introduction to a major social/psychological problem. Students learn the basic pharmacology of the commonly encountered street drugs & behavioral and physiological consequences of drug abuse. Poly-addiction & treatment modalities are also covered.

ADX 304 Group Counseling Techniques 3 ext units

Prerequisite 300, 301

This course provides an understanding of group dynamics, defenses, problems, goals and growth. The roles of the group facilitator and group members are examined and practiced in class.

ADX 305 Introductory Practicum 2 ext units

Prerequisite 300, 301

This course introduces the students to the applied counseling experience. They become knowledgeable about community resources, learn documentation techniques, charting, and case studies. Issues related to grief, loss, stress, and counselor burn-out are addressed.

ADX 306 Family Dynamics 3 ext units

Prerequisite 300, 301

This course introduces theories of the effects of substance abuse (alcohol and/or drugs) as they relate to the family system. Students gain insight into the identification and solution of problems of the pathologic family and the individual roles and behavior patterns that exist within it.

ADX 307 Advanced Practicum

2 ext units

Prerequisite 300, 301, 305

This course demonstrates how to link clients with community resources. The student learns charting techniques, becomes aware of the needs of special populations and develops a further understanding of the counselor-client relationship, including confidentiality and legal aspects. The student learns about the multidisciplinary treatment team, how to take histories and make psychosocial evaluations. The various alcoholism treatment agencies and program modalities--their staffing, funding, operational procedures--are studied.

ADX 308 Treatment of Eating Disorders

3 ext units

Prerequisite 300, 301

An introduction to the treatment of eating disorders such as anorexia nervosa, bulimia, compulsive eating, and obesity, biological, psychoanalytic, behavioral, psychosocial, and other theoretical perspectives will be highlighted. The history of the interrelationship of alcohol and food as substances often abused is explored. Multidimensional treatment techniques will be explored for a comprehensive understanding of this illness. Designed for professionals and interested public.

Bachelor of Science in Nursing -- Worldwide

Complete the B.S. degree in Nursing via World Wide Web at a time and place convenient to you!

B.S. Degree in Nursing

A prestigious program that is individualized for the self-directed, working nurse...an ideal way for RNs to complete their B.S. Degree in Nursing via the World Wide Web.

California State University, Dominguez Hills is fully accredited by the Western Association of Schools and Colleges (WASC), and the Division of Nursing is fully accredited by the National League for Nursing Accrediting Commission (NLNAC).

As a nurse, you care for the needs of others every day.... But what about your needs?

Professional Advancement? Earning Power? Autonomy? Flexibility?

A bachelor's degree can help you achieve your goals, and now you can earn your degree at home via the World Wide Web, at times convenient to you. No need to quit your job to go back to school, or commute long distances to campus.

The Division of Nursing at California State University, Dominguez Hills offers a Web-based program to complete your Baccalaureate Degree in Nursing to English speaking nurses worldwide. Graduates are prepared to function as:

**Leaders
Managers
Resource persons**

...in a variety of health settings.

* Performance Courses

Performance courses have a required clinical field experience component that can be completed under the guidance of an approved preceptor in your home locale. A variety of health care settings can be used, depending upon the course content and desired objectives.

Admission Requirements

- 1) RN licensure in USA or its equivalent
- 2) Minimum of 56 semester units of transferable college credit (RNs with fewer units are admissible to Undergraduate Preparatory Program)
- 3) University level prerequisites in basic skills of English, math, speech and logic
- 4) Grade point average of 2.0 if education completed in English or 2.4 if English is a second language
- 5) There are no entrance exams prior to admission. However, academic advisement - via e-mail - must be conducted before applying.

Technical Requirements

Students participating in courses will need to have access to the following:

- 1) TV with a videotape player/recorder
- 2) Pentium 100 or faster IBM-compatible or comparable Macintosh computer
- 3) 16 MB of RAM
- 4) Minimum 28.8 KBPS modem
- 5) Internet access (including email and World Wide Web)
- 6) Netscape 3.01 or higher or Internet Explorer 4.0 or higher Web browser

SUMMER SESSIONS TOUCHTONE REGISTRATION DATES ONLY

1st Session: April 3-June 4 • 2nd Session: April 3-June 25 • 3rd Session: April 3-July 16

Touchtone will be up between 6am-midnight, Monday-Saturday. If you need additional assistance, you may select the option to transfer to an operator during office hours.

Welcome to T.O.R.O.S., the Division of Extended Education at California State University Dominguez Hills Touchtone Registration and Billing System. During the Fall and Spring semesters, you may register and drop courses by Touchtone up to the day before the course begins. During the Winter and Summer Sessions, you may register and drop courses only up to the day before the session begins. Touchtone Registration for Extended Education courses is available only to students paying in FULL at the time of registration by credit card, and/or students with approved Financial Aid Award from CSUDH. You may pay by VISA, DISCOVER CARD, OR MASTERCARD. You will receive written confirmation of your registration within seven days from the date of registration.

Failure to pay in full for your classes at the time of registration may result in the immediate cancellation of your courses. If a Third Party pays your fees, please call (310) 243-3741 to register and make payment arrangements. All continuing students and students who have prior records at CSUDH are eligible to register via Touchtone. If you are enrolling for the first time at CSUDH, please call the Division of Extended Education at (310) 243-3741 to register if paying by credit card. First time enrollees may register by mailing their registration forms to the address provided in the catalog or by faxing their registration to (310) 516-3971. Access to grades and GPA information is now available on a separate line. Please call (310) 516-4308 to listen to your grades.

For Touch Tone Registration call T.O.R.O.S. @ (310) 516-3409 - 3416

T.O.R.O.S. Checklist

- √ Read the information and instructions in your catalog.
- √ Note enrollment restrictions, prerequisite and co-requisite requirements.
- √ Complete the Registration Worksheet before attempting to register.
- √ Prepare a list of alternate sections in case your first choice classes are not available.
- √ Call T.O.R.O.S. (310) 516-3409 -3416 from any Touchtone telephone.
- √ Change your PIN (for security reasons).
- √ Make your entries permanent before exiting the system. Failure to do so will result in cancellation of your course requests.
- √ Refer to the "Troubleshooting" section if you encounter difficulty.
- √ Call back to add, waitlist, drop or review your schedule at any time after registering for your courses.
- √ Check your account balance to confirm that your payment has been received and credited to your account.

Student Identification Number (SID)

Your 9-digit Social Security Number is your Student Identification number.

Personal Identification Number

Your personal identification Number is your birth date (DDMMYY). For example, if you were born on April 12, 1972, your initial PIN number will be 041272. You are urged to change your PIN for security reasons and to keep your PIN in a safe place. Do not write your PIN in your Class Schedule. You may change your PIN by dialing T.O.R.O.S. and making the appropriate selection at the main menu. The recorded voice will guide you.

Holds

Students must clear holds at the appropriate office:

Admissions Hold: Admissions And Records Office, SCC J-103 (310) 243-3600

Financial Aid Hold: Financial Aid Office, SCC- 138A (310) 243-3647

Financial Hold: Cashier's Office, SCC B-135 (310) 243-3812

Library hold: Library ERC B-226, (310) 243-3712

Billing: Accounting Services (310) 243-3803

Extended Education Hold: Division of Extended Education (310) 243-3741

Humanities/External Degree

Hold: Division of Extended Education (310) 243-3741

T.O.R.O.S. Information**Making your Entries**

Permanent: It is very important to make your entries permanent before exiting T.O.R.O.S. Failure to do so will result in cancellation of your request(s).

Co-requisites: Some courses require concurrent enrollments in laboratory or activity sections as well as in lecture or seminar sections, or concurrent enrollment in one or more other courses. Failure to add/waitlist both or all co-requisites will result in being dropped from your original request.

Enrollment restrictions: Some courses are restricted to students in specific degree programs, to specific class levels (e.g. seniors) or to certain student levels (e.g. graduates).

Some departments may choose not to print course reference numbers (CRN's) in the Course Listing section of the Class Schedule in order to screen students for eligibility. Other courses may not be available through T.O.R.O.S. but may be added with the instructor's approval.

Students who are not eligible for restricted courses may be able to obtain approval from the department in special circumstances. A signature of approval must be obtained from the appropriate department representative.

Time conflicts: T.O.R.O.S. checks for time conflicts and will not allow registration in classes meeting at the same time. Students with permission from both instructors to enroll in classes with time conflicts will need to register in-person.

Full classes: If you attempt to register for a class that is already full, you will be given two options:

- 1) to check for open sections of the same course.
- 2) to place yourself on a waitlist for the requested section.

In order to secure a seat in the class, it is recommended that you check for open sections first and register for an open section, if any. If no open sections exist, you may wish to place yourself on a waitlist for the full section of your choice.

Cancelled classes: If you register for a course that is subsequently cancelled, you will receive written notification from the Division of Extended Education and should register for an alternate class or section as soon as possible. If you do not wish to enroll for an alternate class, you will be automatically issued a full refund for the canceled class.

Schedule adjustment/

Schedule review: Remember, you may call back any time during the Registration period to change or review your schedule. If you choose to exchange one class for another, add the new class before dropping the other class (unless you have reached the maximum enrollment limit.)

11 STEPS TO REGISTER

Step 1

Call T.O.R.O.S. @ (310) 516-3409 through 3416.

Step 2

Press 1 for registration information.

Step 3

Press 1 to register for classes.

Step 4

Enter your 9-digit Student I.D. Number (Social Security Number).

Step 5

Enter PIN (personal I.D. number). Your PIN Number is your birth date (MMDDYY).

Example: 041272 (April 12, 1972).

Step 6

Press 1 to register or drop classes, or 2 to review your schedule or 9 to return to main menu.

Step 7

If you entered 1 in Step 6, select one of the following options:

- ✓ Press 1 to add (go to step 8) or,
- ✓ Press 2 to drop.
- ✓ Press 3 to make your entries permanent (REQUIRED FOR ALL REGISTRATIONS AND DROPS).
- ✓ Press 4 to check course availability.
- ✓ Press 5 to list (review) your current schedule.
- ✓ Press 9 to return to main menu.

Step 8

Enter Course Reference Numbers from your registration worksheet. T.O.R.O.S. will announce the course and section. T.O.R.O.S. will prompt you to enter additional course reference numbers, or enter * and # to end this option and return to the previous menu (1 to add, 2 to drop, 3 to make your entries permanent and pay by credit card, etc.).

Step 9

If the course is full, Press 1 to Check for Open Sections or 2 to Waitlist.

Step 10

When you have entered all your Course Reference Numbers, press the * key followed by the # key to return to step 7. Press 3 to make your entries permanent. Do not hang up without completing this step. Failure to make your entries permanent will result in the cancellation of your registration and in losing all your entries. Stay on the line until the system completes this step and confirms the courses you are enrolled in. Once completed, press 1.

Step 11

If you have finished adding classes, press the * key and the number 6 to go back to the main menu. YOU MUST NOW PAY FOR YOUR COURSES BY CREDIT CARD. FAILURE TO PAY IN FULL FOR YOUR COURSES WILL RESULT IN THE IMMEDIATE CANCELLATION OF ALL YOUR COURSE ENTRIES. To proceed, press 2.

- ✓ To end this call at any time, press the * key followed by the 9 key.
- ✓ To return to the selections you heard at the beginning of the call, press the * followed by the 6 key.
- ✓ To have a prompt or selection repeated, press the * key followed by the 7 key. ✓ For menu help, press the * key followed by the 4 key at any time.

Important Information:

Whenever you adjust your schedule, call back and review your schedule. Verify your entries against your worksheet. Verify your worksheet against the Schedule of Classes. You are responsible for dropping any unwanted courses and ensuring that you are properly registered.

Waitlist Instructions

Follow steps 1 - 6.

At step 7, press 1 to Register or Add. If the course is full, you will hear:

Example: "Ted 411, section 72, course request number 12345 is closed. To check for open sections of this course, press 1. A waiting list is open for this course; there are currently _ people on the waitlist. If you would like to be put on the waitlist, press 2, otherwise press 3."

Press 1 to check for open sections of the course and register for an alternate section if possible, to maximize your enrolled units. If you decide to register for an alternate section, follow steps 9 and 10.

If there are no available alternate sections or if you choose not to register for one, press the * star key followed by the # pound key to go back to the previous menu. You are now back at step 8.

To waitlist your first choice section:

At step 7, press 1 to Register or Add. Follow Step 9.

Press 2 to Waitlist.
You will hear:

Example: " When you make your entries permanent, you will be waitlisted for TED 411, section 72, course request number 12345." Complete your registration and follow step 10. You will not be on the Waitlist if you do not to make your entries permanent.

Note: After the third invalid entry or if there are system problems, you will be transferred to an operator for help. For additional assistance, call the Registration help line (310) 243-3741.

Mon - Thu.....8am-6pm
Fri.....8am-5pm
Sat8am-1:30pm

Credit Card Payment Instructions

Press 1 for Account Balance. Select the term for which you would like billing information. Enter your nine digit Student ID Number (social security number).

Enter your Personal Identification Number (PIN).

1. Press 1 to review your balance (the current account balance will be spoken).

2. Press 2 to pay by credit card. Select type of credit card you will use to pay:

Press 1 for Visa.
Press 2 for MasterCard.
Press 3 for Discover Card

3. Enter your credit card number (The number you have entered will be spoken back for verification).

Press 1 if the number repeated is correct.

Press 2 if the number is incorrect and reenter the credit card number.

4. Enter your credit card Expiration Date ((The expiration date you have entered will be spoken back for verification)

Press 1 if the expiration date repeated is correct.

Press 2 if the expiration date is incorrect and reenter the expiration date.

5. Select the amount you wish to pay.

Press 1 to pay the full amount you currently owe.

Press 1 if the amount entered is repeated correctly.

Press 2 to enter a different amount.

The system will place you on hold while your credit card is authorized. The system will inform you that your credit card has been accepted and will instruct you to hold while your payment is applied to your account. If your credit card is denied, you may start over with a different credit card. (Note: you will need to contact your credit card issuer if you wish to find out why your card has been denied.)

When the payment is applied to your account, the system will indicate the remaining amount due for the account, if any. Press 9 to exit the main menu.

Mon-Thu.....8am-6pm
Friday.....8am-5pm
Sat.....8am-1:30pm

How and When to Register

Enrollment is open now for all of the courses listed in this Bulletin. Because enrollments are taken in order received, we recommend that you register early.

There are Four Convenient Ways to Register for Courses:

BY MAIL:

Complete the original or photocopy of the registration form on the inside back cover. Please provide all of the information requested on the form to ensure quick processing of your registration. Please print clearly. Mail the form with a check or money order to CSUDH Extension, or a credit card authorization to

CSUDH Extension
1000 E. Victoria St.
Carson, CA 90747-0005

BY PHONE:

You may register by phone with your VISA/

MasterCard/Discover by calling (310) 243-3741, Monday through Thursday 8am - 6pm; Friday 8am - 4pm and 8am-1:30pm on Saturdays.

BY FAX:

You may register by FAX with VISA/MasterCard or Discover Card by

completing the registration form and FAXing it to (310) 516-3971.

IN PERSON:

Come to the Extended Education office to register for a class in person. The

office is located in the Extended Education complex on the west side of the campus, EE 1100. You may pay by check or money order, or use your VISA/MasterCard or Discover Card. No cash is accepted.

Confirmation/Receipts

You are considered officially enrolled when your registration fees are paid in full and your registration form has

been received. You should receive a confirmation letter within two weeks after we have received your registration and fees. This letter is your receipt for fees paid. Please read the letter carefully because any changes in the course meeting time or place will be indicated in the letter.

Changes which occur after the cards are mailed will be posted on the door of the scheduled classroom. If you do not receive a confirmation letter, REPORT TO THE FIRST CLASS MEETING. The instructor will have a roster and, if your registration is complete, your name will be on the roster. If it is not on the roster, contact the Extended Education office at your earliest convenience.

Fees

The fees for each course are listed in this Bulletin. Please note that there is an additional \$30 per unit charge for TV courses. The fees are the same for residents and nonresidents. Payment may be made by check, money order or VISA/MasterCard/Discover draft, payable to CSUDH in the exact amount required. Registration will not be considered complete until all payments have cleared the bank. Fees are subject to change.

Tax Deduction

An income tax deduction may be allowed for educational expenses undertaken to maintain or improve professional skills. For specific information, please contact your local Internal Revenue Service Center. If you are enrolled in an eligible degree or certificate program or are taking courses to acquire or improve job skills, you may qualify for a Hope Scholarship or Lifelong Learning Tax Credit. The Hope Scholarship tax credit is available only to students in their first two years of postsecondary education who are enrolled at least half-time in an eligible program. The Lifelong Learning tax credit is available to students at all educational and enrollment levels who are enrolled at an eligible educational institution. The tax credits are based on the amount of qualified tuition and fees, less grants and other tax-free educational assistance, and the taxpayer's modified

adjusted gross income. Hope credits apply to fees paid after December 31, 1997 and the Lifelong Learning credit applies to fees paid after June 30, 1998. Consult IRS Publication 970 or your tax preparer for additional information.

Refund of Fees

You must file appropriate forms in the Extension Office in order to receive a refund. Students must officially drop their courses. For credit courses, students must file the appropriate "drop" and "request for refund" forms in the Office of Extended Education. The effective date of the refund is the day the forms are received by the Office of Extended Education. To receive a refund of fees for a noncredit class, or a class offering Continuing Education or Professional Units, you must notify the Division of Extended Education between the hours of 9am and 4pm at least two working days before the course begins. You will be asked to send a written request for a refund of fees to our office. If you need to withdraw on or after the day of the first class meeting, notify the Extended Education office immediately. Refunds are granted in accordance with the State refund schedule.

- If an Extension course is cancelled, the entire course fee will be refunded
- If you withdraw prior to the first class meeting, 100 percent of the course fee will be refunded (less a \$5 processing fee for credit courses)
- If you withdraw after the first class and before the first 25 per cent of the course has elapsed, 65 percent of the total fee will be refunded
- After 25 percent of the course time has elapsed, no refund will be made
- Courses of four meetings duration or less, no refund will be made

Do not put a stop payment on a check to withdraw from a course. This results in a financial obligation to the University for the course fee, plus an additional \$25 charge.

REGISTER BY PHONE: (310)243-3741 • REGISTER BY FAX (310) 516-3971

The Division of Extended Education at CSUDH offers a variety of credit and non-credit courses.

Extension Courses

Academic credit is awarded for successful completion of formally recognized institutional extension courses. A maximum of 24 units of extension credit may be applied toward a baccalaureate degree and up to 6 units toward a master's degree, subject to departmental approval.

Special Sessions

Resident academic credit is given for Special Sessions classes through Extended Education. Registration is open to both matriculated students and to the community. For the course numbering system, see the University catalog.

Professional Credit

A few courses in the Bulletin are offered for Professional Credit. Professional credit is designed for professionals who benefit from credit for salary or step advancement. The awarding of professional credit requires completion of out-of-class assignments. One Professional Credit equals 15 hours of participation in lecture. Professional credit is not degree-applicable. Course numbering is 800-899 for educational professional credit. Course numbering is 600-699 for business professional credit.

Official Withdrawal from an Extension Credit Course

Courses less than 1 week

Prior to the first class meeting a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. An administrative grade of "W" will be assigned if a student withdraws at any time during the course.

One Week Courses

During the first day of the week a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. An administrative grade of "W" will be assigned if a student withdraws at any time after the first day of the week.

Two Week Courses

During the first three days of the first week a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. An administrative grade of "W" will be assigned if a student withdraws at any time after the first three days of the week.

Three Week Courses

During the first week a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. Prior to the last two days of the session a student may withdraw with a "W". During the last two days of the session a student may withdraw with a "W" for serious and compelling reasons only.

Four and Five Week Courses

During the first week a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. Prior to the last four days of the session a student may withdraw with a "W". During the last four days of the session a student may withdraw with a "W" for serious and compelling reasons only.

Six, Seven and Eight Week Courses

During the first two weeks a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. Prior to the last week of the session a student may withdraw with a "W". During the last week of the session a student may withdraw with a "W" for serious and compelling reasons only.

Final Exams

Once final examinations begin, no drops or withdrawals are allowed. A student who does not officially withdraw shall receive "F" or "U" grades for all courses on his/her official record.

Transcripts

A student may obtain an official transcript of his/her record by completing a Request for Transcript form, available from the Records and Registration Office (Small College Complex, J103). A fee of \$4 is charged for each transcript. Additional copies of transcripts prepared at the same time (up to 10) are \$2 each. (310) 243-3600.

Verification of Enrollment for Noncredit Courses

At the end of each term, students enrolled in noncredit courses are sent a Verification of Enrollment. More copies may be obtained by calling the Office of Extended Education, (310) 243-3741.

Noncredit

Many of the short courses, workshops and seminars in this bulletin are noncredit. These are designed to respond to the various educational interests and needs of those living and working in the University's service area. Course numbering is as follows:

A=Arts: DA=Dance; DR=Drama; FL=Film; MS=Misc; MU=Music; PD=Painting & Drawing; PH=Photography.

B=Business: AC=Accounting; BK=Banking; BL=Business Law; FI=Finance; GB=General Business; IN=Investments; IX=Import Export; MB=Medical Business; MG=Management; MK=Marketing; PF=Personal Finance; PR=Personnel; RE=Real Estate; SB=Small Business; TX=Tax.

C=Computers: CB=Computer Basics; DB=Data Base; DP=Desktop Publishing; OS=Operating Systems; PG=Programming; SS=Spread Sheets; WR=Word Processing.

E=Environmental: ER=Ergonomics; HZ=Hazardous Waste; IH=Industrial Hygiene; OC=Occupational Therapy.

F=Foreign Language:

SP=Spanish; JP=Japanese.

H=Health: GH=General Health.

K=Kids: EX=Exams;

RD=Reading; VO=Vocabulary; WR=Writing

L=Letters: LT=Literature;

SR=Speed Reading; WS=Writing Skills.

P=Psychology: FM=Family;

GH=General Health;

TH=Therapy; YO=Youth

R=Recreation: CO=Canoeing;

FI=Fitness; FL=Flying;

MA=Martial Arts; SL=Sailing

S=Seniors: OM=Omnifore

T=Travel

X=Exam Test Prep: CB=CBEST;

GM=GMAT; LS=LSAT;

MS=MSAT; SA=SAT

Continuing Education Units (CEUs)

Some extension workshops and courses award Continuing Education Units (CEUs). The CEU is nationally recognized for relicensure, promotion or career advancement. One CEU equals ten hours of participation in lecture. CEUs are not degree-applicable. A cumulative permanent transcript of all CEU study undertaken is provided to Extension students upon written request. Course numbering is 900-999.

Extension Grading Procedures

Unless a course is offered for a grade of credit/noncredit only, all extension credit courses are offered for letter grades.

However, an undergraduate student in an extension class offered for a letter grade may choose to be graded on a credit/noncredit basis by informing the instructor in writing at the beginning of the class. For Special Sessions classes, follow University procedures.

Grade Reports

Grade reports will be sent approximately three weeks after the course ends. Official transcripts with current grades will not be available for at least three weeks after the end of the course. To learn your grade for any graded class, including Extension, Special Sessions, Summer Sessions and Winter Session, call (310) 516-4308.

Class Cancellation

Occasionally an Extension class must be cancelled because of insufficient pre-enrollments. If a decision to cancel is made, we will make every effort to notify by telephone all persons who have pre-enrolled, and their fees will be refunded by check from the University. When you pre-enroll, therefore, please give us a daytime telephone number so that you will not be inconvenienced if the class must be cancelled.

Change of Address

If you are receiving several copies of the Extended Education Bulletin, or have recently moved, please cut the mailing label from the back cover of this catalog and print corrections clearly. If you are receiving the Bulletin at different addresses, please indicate which address you would prefer. Send the complete mailing label with corrections to: Extended Education, CSU Dominguez Hills, Carson, CA 90747-0005.

Nondiscrimination Policy

The Division of Extended Education is an equal opportunity/affirmative action institution and does not discriminate on the basis of race, color, religion, national origin, sex, sexual preference, age, disability or veteran status. This policy is applicable to employment and student admissions, and to all educational programs and activities.

Privacy Information

The University complies with Federal and State Laws concerning privacy rights of students. These rights are summarized in the University catalog. Questions about privacy rights may be directed to the Dean of Extended Education at (310) 243-3737 or the Vice President of Student Affairs at (310) 243-3784.

Schedule Changes

Although care is taken to ensure the accuracy of all information in this Bulletin, there may be unintended errors and changes or deletions without notification. In situations when our office has sufficient advance notice, we will make every attempt to notify pre-enrolled students about changes in class dates, time or location.

Standards

Degree credit courses in Extended Education adhere to the academic standards of the University. All activities usually associated with regular University course work are integral parts of the degree credit instruction program.

It is our aim, through course review, planning and the selection of quality, experienced Extended Education faculty, to provide you with meaningful learning experiences. We realize, however, that on rare occasions your expectations and the course do not match. Should this occur, let us know. It is through your feedback that we are able to make changes and adjustments for future courses.

Resources for Students Computer Labs

Student identification cards -- available at the Extended Education Office -- will entitle those enrolled to full use of the CSUDH Computer Labs.

Library Services

Student identification cards will entitle those enrolled in credit courses to full use of the CSUDH Library.

Loker Student Union

Hours are 7:30am to 7pm Monday through Thursday, from 7:30am to 5pm Friday, and from 8am to 3pm on Saturday. Food is served from 7:30am-6pm Monday

through Thursday, 7:30am-2pm Friday, and from 8am-2pm Saturday. There is no food service on Sundays. Food vending machines are available on the first floors of the Social and Behavioral Sciences building and the Educational Resources Center. They are available Saturdays, 7:30am -2pm. For further information, call (310) 243-3814.

Parking

Redondo Beach Community Center (RBCC): Ample free parking.

Franklin Community Center (FCC): Free parking in lot and on Fisk and Inglewood Avenues.

CSUDH

Parking permits are required for all on-campus classes. They are available from the machines at the entrance to each parking lot and cost \$2 per day. Weekly passes are available at the Cashier's Office. No charge for parking on Sundays. (Bring dollars and/or quarters for the machines). *Subject to change.

Textbooks

Unless otherwise noted, textbooks may be purchased at the University Bookstore, (310) 243-3829. The Bookstore hours during regular semesters are Mon-Thu 8am-6:30pm, Fri 8am-4pm, Sat 10am-2pm (6/10, 17; 7/1, 15 & 22 only) Campus is closed on July 4. Registration fees do not include textbooks unless noted.

Open University

Extension students may enroll in regular CSUDH classes through a program called Open University in Spring and Fall terms. To enroll in a course you need the consent of the instructor and you must have completed any prerequisites for the course.

You will earn academic credit that may be used toward a degree at our campus or most other colleges or universities. Course fees are \$140 per semester unit (\$420 for a three-unit class--fees subject to change).

To register for Open University classes, follow the instructions below:

1. Pick up an Open University registration form from the Division of Extended Education (EE 1100 in the Extended Education Complex on the west end of the campus).
2. Complete the student information on the registration form, including the course information.
3. If you have been assigned a CSUDH student identification number, please be sure to indicate it on the form.
4. Take the Open University registration form to the first session of each course and ask the instructor to sign the form, permitting you to enroll. All enrollments through Open University are on a space-available basis. Remember, all prerequisites for a course must be completed before you will be permitted to enroll.
5. Bring the signed and completed registration form to the Extension office and pay the required fees. Payment may be by check, money order or VISA/MasterCard/Discover draft, payable to CSUDH in the exact amount required. Registration will not be complete until all payments have cleared the bank. Registration dates vary by semester. For a complete schedule of classes, please call (310) 243-3741.

Use of Social Security Number

Students are required to provide the university with their correct social security numbers (individual taxpayer identification numbers) pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code. The University uses the social security number to identify records pertaining to the student and, if needed, to collect debts owed the University. Also, the Internal Revenue Service requires the University to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes. Students who do not have a social security number at the time of enrollment will be required to obtain a social security number and submit it to the University within sixty days. Failure to furnish a correct social security number may result in the imposition of a penalty by the Internal Revenue Service.

Important Tax Credit Information

If you are enrolled in an eligible degree or certificate program or are taking courses to acquire or improve job skills, you **may** qualify for a **Hope Scholarship or Lifetime Learning Tax Credit**. The Hope Scholarship tax credit is available only to students in their first two years of postsecondary education who are enrolled at least half-time in an eligible program. The tax credits are based on the amount of qualified tuition and fees, less grants and other tax-free educational assistance and the taxpayer's modified adjusted gross income. Hope credits apply to fees paid after December 31, 1997. **The Lifetime Learning Tax Credit** The Lifetime Learning tax credit is available to students at all educational and enrollment levels who are enrolled at an eligible educational institution. As with the Hope Scholarship tax credit, this opportunity is based on the amount of qualified tuition and fees, less grants and other tax-free educational assistance and the taxpayer's modified adjusted gross income. The Lifetime Learning credit applies to fees paid after June 30, 1998. Consult IRS Publication 970 or your tax preparer for additional information on both programs.

Disabled Student Services

Students with verified disabilities, which are permanent or temporary (e.g., broken bones, strained back, other sprains, etc.) are eligible for a variety of support services from the Disabled Student Services Office. Information regarding special facilities and services available to students with a disability may be obtained from the Director of Disabled student Services Office, located in the Student Health Center, Room A-106, (310) 243-3660 (voice) or 243-2028 (TDD).

Section 504 of the Rehabilitation Act of 1973

California State University, Dominguez Hills is an equal opportunity/affirmative action institution. As a unit of the university, the Division of Extended Education does not discriminate on the basis of race, color, religion, national origin, gender, sexual preference, age, disability or veteran status. This policy is applicable to employment and student admission, and to all educational programs and activities.

Immigration Requirements for Licensure

On August 27, 1996, Governor Pete Wilson issued Executive Order W-135-96 which requested that the CSU and other state agencies implement "as expeditiously as reasonably practicable" the provision of The Personal Responsibility and Work Opportunity Reconciliation Act (PRAWORA) of 1996 (P.L. 104-193). The Act, also known as the Welfare Reform Act, included provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the new Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning the regulation is available from the Chancellor's office.

Thinking About Going Back to School? Try

Open University

at California State University, Dominguez Hills

Open University is a program that permits you, as a member of the community, to take regular University classes offered on the California State University, Dominguez Hills campus without going through the formal admissions process. Essentially, it "opens University" courses to the general public. Open University can help you update your professional skills or simply allow you to rediscover the joys of exploring new frontiers of learning. Open University makes it possible for you to begin or continue your education for any purpose you may have.

Open University is for you if you:

- Missed the deadline for admission to the regular resident program
- Want to examine a particular field before actually enrolling in a degree program
- Want to update your professional training
- Are not able to attend on a continuous basis
- Have been disqualified or are otherwise ineligible for admission & need to raise your GPA

Fall Semester starts August 28!

ONE CALL: 5 UNIVERSITIES CALNET

DISTANCE LEARNING PROGRAMMING

CSU DOMINGUEZ HILLS • CSU FULLERTON

CSU LONG BEACH • CSU LOS ANGELES • CAL POLY POMONA

What is CALNET Distance Learning?

- You call one number to register, and gain information on the class
- You save commuting time and expenses by taking classes at home or at locations near home or work
- You can take a class you need at another CSU if it is not offered locally

Who can enroll?

If you are a registered student at any of the participating CSU campuses you may enroll in the classes offered. You will need to meet the prerequisites as described in your university catalog. You will receive credit on your home campus.

What kind of equipment do I need?

If you are taking online courses, you need access to a computer. If you are taking courses over TV, you need access to PBVS, Pacific Bell Video Services. In the future, there will be other forms of delivery.

Summer Schedule CSUF

Principles of Communication Research

COMM 410 (3 units)
Internet

TWTH" 5/30-7/15
Code Numbers:
69-70-24 or 41-42-09

Refund Policy

Refunds are granted in accordance with the State refund schedule. Refunds are not automatic; you must file appropriate forms in the Extended Education Office in order to receive a refund. Refunds take a minimum of six to eight weeks for processing. To receive a refund of fees for a non-credit class or a class offering continuing education, extension credit or professional units, you must notify the Division of Extended Education between the hours of 8:00am and 5:00pm Monday through Thursday, 8:00am to 4pm on Fridays, and from 8:00am to 1:30pm Saturdays, at least two working days before the course begins. You will be asked to send a written request for a refund to our office.
