SUMMER '85 AT CSUDH

CSUDH CAMPUS

California State University, Dominguez Hills is located on 346 acres of land once belonging to the historically important Rancho San Pedro, which encompassed most of what is now called the South Bay Area. Rancho San Pedro was established in 1784 by Juan Jose' Dominguez as a land grant from the king of Spain.

Today the grounds of CSUDH feature a wilderness preserve, beautiful landscaping, and unique architecture. The campus offers an attractive setting for scholarship. During the summer, study can be complemented with recreation by using the university's excellent athletic facilities or taking physical education classes.

Summer faculty and staff invite you to select one or two summer courses from the variety of courses, workshops and special summer programs available. We think you'll enjoy spending your summer learning at CSUDH.

If you have questions about courses or policies not answered in the following pages, please phone the office of Summer Session, 213/516-3746.

ADMISSION TO SUMMER SESSION

Registration for CSUDH Summer Session classes is relatively simple. Neither formal application to the University nor a transcript is required.

Admission to Summer Session, however, does not constitute admission to the University as a regular CSUDH student. For information about admission to the Fall quarter or to an academic program, check the *University Catalog*, or inquire at the University Information and Service Center (213/516-3696).

Summer Session students are normally college students, graduates of accredited high schools, or persons sufficiently mature and knowledgeable to profit from college courses. High school juniors and seniors, with letters of recommendation, may enroll in lower division, 100-level courses (see page 4).

Units or credits earned at CSUDH are *quarter* units.

REGISTRATION FOR SUMMER SESSIONS

Mail-In Registration

To attend CSUDH Summer Session, registration for courses must be completed, including payment of fees in full. For your convenience, there are two ways to register and pay fees: 1) advance mail-in registration, and 2) open or in person registration.

Mail-in registration is the simplest, most convenient method to enroll in summer classes. We recommend this method of enrolling because early registration usually ensures your seat in a class. Also mail-in registration may help you to avoid a late registration fee if you cannot register in person on **June 18**, or **August 5**.

Directions for completing mail-in registration are on inside back cover of this *Bulletin*. Deadline for receiving mail-in registration for Main session is **June 7**; deadline for Post session is **July 19**.

Open Registration

Open or in-person registration will take place on **June 18, Tuesday**, from 10 a.m. to 6:30 p.m. and on **June 19, Wednesday**, from 10 a.m. to 6 p.m. in the University Gymnasium.

To complete in-person registration, please bring payment for fees and CSUDH student identification number, if you have one. (You may not add a course during open registration). Open registration for Post session will take place on **August 5**, Monday, from 9 a.m. to 6 p.m. in the south alcove of the Admissions and Records office.

Registration For Non-Standard Date Courses

To enroll in a non-standard date course (that is, an intensive course or an offcycle course which does not begin during the week of June 24 or August 5), you must register during the stipulated registration period for the session. (If you do not register during the mail or walk-in period, you will be charged a \$25 late fee.)

Late Registration

A late charge of \$25.00 is assessed for registration on or after the first day of the session, June 24 (Main) or August 6 (Post).

1. Before attending first class meeting, *pick up Permit to Late Register* form in the south alcove of the Admissions and Records office. Hours for late registration are 9:00 a.m.-5:00 p.m., Monday through Thursday, **June 24-27**; Friday, 9:00 a.m.-3:00 p.m., **June 28**. The same hours apply for the Post Session, **August 6-8** and **August 9**.
2. Obtain instructor's signature on Permit to Late Register form.
3. Return signed form to the south alcove of Admissions and Records office by the date and time shown on the Permit to Late Register form.
4. Fees will be verified and student is required to pay fees to the cashier. **COURSE REGISTRATION IS COMPLETE AND OFFICIAL ONLY WHEN ALL FEES ARE PAID.**

CHANGE OF PROGRAM

TO ADD—FIRST WEEK OF MAIN OR POST

If a student has registered but would like to add another class within the same session, report to the main counter of Admissions and Records office (SCC Building 1) and obtain a Change of Program form. Secure instructor's signature on add portion of the form and return it to Admissions and Records front counter. You will be provided with an additional fee card which should be submitted to the Cashier for payment of the additional fee.

TO ADD—BEGINNING SECOND THROUGH FIFTH WEEKS, MAIN (JULY 1-JULY 26)

- Obtain Change of Program form at the front counter of Admissions and Records office. Obtain signature of instructor and
- a. Dean of appropriate department if you are a matriculated student at CSUDH or
 - b. Summer Session Director if you are a Summer Session student only.

TO ADD—BEGINNING SECOND THROUGH THIRD WEEKS, POST (AUGUST 12-23).

- Obtain Change of Program form at the front counter of Admissions and Records office. Obtain signature of instructor and
- a. Dean of appropriate department if you are a matriculated student at CSUDH or
 - b. Summer Session Director if you are a Summer Session student only.

TO DROP OR WITHDRAW—FIRST WEEK

Students may drop a course or withdraw from Summer Session without instructor's signature and without permanent record of enrollment through June 28, Main Session, and August 9, Post Session. Withdrawal forms are available at the Information and Service Center.

TO DROP OR WITHDRAW—SECOND THROUGH FIFTH WEEKS, MAIN (JULY 1-JULY 26).

Students must obtain signature of instructor (a grade of W if doing passing work) and signature of either the School Dean, if matriculated student at CSUDH, or Summer Session Director, if student for Summer Session only. Withdrawal forms are available at the Information and Service Center.

TO DROP OR WITHDRAW—SECOND THROUGH FIFTH WEEKS, POST (AUGUST 12-23).

Students must obtain signature of instructor (a grade of W if doing passing work) and signature of either the School Dean, if matriculated student at CSUDH, or Summer Session Director, if student for Summer Session only. Withdrawal forms are available at the Information and Service Center.

TO DROP OR WITHDRAW EXAM WEEK — JULY 29-AUGUST 2 OR AUGUST 6-30

Withdrawal from classes or dropping a class during exam week is not permitted, except in such cases as accident or serious illness where the circumstances causing the withdrawal or drop is clearly beyond the student's control, and the assignment of an incomplete is not practical. Such requests require a *Petition* with the signature and approval of instructor, and School Dean (or Summer Session Dean if student is not regularly enrolled at CSUDH). This *Petition* must be submitted to Admissions and Records with documentation (for example, a note from a physician). Petitions can be obtained at Admissions and Records office, SCC Building 1.

If eligible for a refund, student must file an *Application for Refund of Fees* when the *Petition* is submitted.

DEADLINES FOR COMPLETING CHANGE OF PROGRAM ARE FIRM.

TUITION AND FEES

Tuition is based on a per credit/unit fee*. Tuition for a course is determined by multiplying the number of units the course is worth by **\$41.50** in most cases. Some courses have special tuition rates, or an extra laboratory fee. The total credit fee and the lab fee for each course are indicated in the course listing. Full tuition and activity/union fees must be paid at the time of registration. Until total fees are paid, registration is not valid, and students may not be admitted to class.

Auditors pay the same fees as students enrolled for credit.

Checks and money orders are payable to CALIFORNIA STATE UNIVERSITY, DOMINGUEZ HILLS.

TUITION

Per unit, **\$41.50 (\$71.00 special, supervised courses)**.

LABORATORY, MATERIALS OR SPECIAL FEES

See class schedule for precise amount of fee, if any.

STUDENT ACTIVITY FEE

Pay only once for both sessions. **\$3**

STUDENT CENTER FEE

Pay only once for both sessions. **\$5**

LATE REGISTRATION FEE

Day instruction begins and thereafter **\$25**

CHECK RETURNED FOR ANY REASON . . . \$10

Registration will be cancelled if check is not redeemed by deadline.

*Fee is subject to change without notice by the Trustees of The California State University.

REFUND OF TUITION FEE

Refunds are not automatic, even if the University cancels a scheduled course.

Applications for refund of fees are available in the University Information and Service Center. Completed applications for refund of fees must be received by the Office of Admissions and Records within the time limits prescribed by the State of California Administrative Code which also states the formula for determining the amount of refund (See Title 5 of the Code). The schedule of refunds is subject to change without notice by the Trustees of the California State University.

If a student completely withdraws from Summer Session and files an application for refund before the day the session is scheduled to begin, all tuition and fees, **less a \$10.00 processing fee**, will be refunded.

Students may not apply payment for units in Main Session to units in Post Session; students must apply for refund of Main tuition.

Students must submit the identification/registration card with the application for refund of fees.

Allow four to six weeks for processing refund.

Advisement for Summer Courses

Regularly enrolled students may obtain academic advisement for their summer schedules during Spring quarter when faculty and advisors are available. Informal advisement will be available during Walk-In Registration for the Main Session. The Office of Summer Session does not provide academic advisement. Many questions are answered in the *University Catalog*, which includes course descriptions and course prerequisites in addition to policies and programs of the University. The *Catalog* is sold at the University Bookstore.

Quarter Unit Equivalency

CSUDH operates on the quarter system, so that units earned during the summer are quarter units or credits. To calculate equivalency to semester credits use this base formula: 1 semester unit equals 1.5 quarter units.

Grade Reports and Transcripts

Student performance in each course is reported at the end of the session by one of the following grades (with grade points earned):

GRADE	GRADE POINTS
A Excellent	4.0
AB	3.5
B Very good	3.0
BC	2.5
C Satisfactory	2.0
CD	1.5
D Barely passing.....	1.0
F Failure	0.0
I Incomplete (not counted in grade average)	0.0
W Withdrawal (not counted in grade average).....	0.0
U Unauthorized Withdrawal (counted as units attempted in grade point average)	0.0
RD Report Delayed.....	0.0

The following grades are to be used for approved courses only.

CR — Credit (not counted in grade average, but units allowed). Undergraduate level only

NC — No Credit (not counted in grade average, no units allowed).

SP — Satisfactory Progress (credit is deferred until completion of course sequence).

A report of final grades assigned in classes will be mailed to you about two weeks after the end of the session.

A student may obtain an official transcript of enrollment and grades by completing a request for transcript form available at the office of Admissions and Records. This request should

be filed no earlier than the last week of the session in which the student is enrolled. Allow at least three weeks after the end of the session for delivery of the transcript copy. A fee of \$4.00 is charged for each transcript request. Transcripts are not issued to a student whose record indicates financial obligation to the University.

Grades for nonstandard-date courses, if intensive, will be posted with standard course grades at end of session; grades for off-cycle courses will be posted with Post Session grades.

Maximum Credit Load

During the Main Session, students may enroll in a maximum of 12 units. During the Post Session the maximum is 8 units. Permission to exceed these limits must be requested. Matriculating or regularly enrolled CSUDH students request permission from the Dean of the School who governs their major subject. Those students who are enrolling for summer only or who are not matriculating must request permission from the Director of Summer Session. There are special forms for this request, and these must be completed and submitted at registration. Forms are available at the Office of Summer Session, ERC C508.

Credit/No Credit Grading

According to current Credit/No Credit grading procedures, the Credit (CR) grade is the equivalent of an A, B, or C letter grade, and the No Credit (NC) grade is the equivalent of a CD, D, or F. CR/NC grades are recorded on student transcripts. An undergraduate may elect to be graded CR/NC in particular courses, subject to conditions which are described in the *University Catalog*. To receive a Credit/No Credit grade in a Summer Session course (except when the course is graded solely on a Credit/No Credit basis), the student must complete the proper card, available at the Admissions and Records counter, and submit this card to the Office of Admissions and Records by the end of the first week of instruction.

Final Examinations

Final examinations are administered during the final week the course is scheduled to meet. Usually, the examination is given on the last day the course meets. No adds or drops will be accepted during or after the last week the class meets.

Independent Study

Independent or directed study courses are intended for the regularly enrolled, matriculated student in order to enhance or supplement his/her curriculum. To enroll for independent or directed study, a student must obtain a contract from the Office of Summer Session. This contract must be completed, including signature of dean, and submitted with student's registration. A student will not be registered for independent or directed study unless a completed contract has been submitted. Only course numbers listed with departments may be used; be sure the correct session and number of units are on the contract. The same registration deadlines and policies apply to independent study.

General Studies

The General Studies program is the nucleus of the undergraduate curriculum at CSUDH, deliberately structured to provide the intellectual and affective foundation required of a well-educated person. One major purpose of the program is to assure that students who enter the University at the lower division level acquire appropriate knowledge, experiences, and skills in the liberal arts and sciences.

Another major purpose is to assure that students are not only able to make connections between their general studies work and other coursework in the baccalaureate program, but more importantly, are stimulated to pursue life-long education in the liberal arts and science fields. The philosophy underlying General Studies offerings is that they are courses for nonspecialists, presenting subject matter related to the wider context of knowledge and stimulating interest in life-long learning. General Studies courses present breadth, deal with representative concepts, and provide some integration of concepts.

The 1983–85 General Studies program, which is divided into three components, requires 72 quarter units: (I) 18–20 units of Basic Skills; (II) 42 units of lower division General Education divided among Humanities (12), Natural Sciences (12), Social Sciences (16), and the Whole Person (2); and (III) 12 units of upper division Integrative Studies. The statutory requirement in American Institutions (History 101 or examination and Political Science 101 or examination) is *not* part of the General Studies program, but is a graduation requirement.

Several of the courses which comprise this curriculum are offered in the Summer Sessions. For an overview of the General Studies program consult the *University Catalog*.

GUIDE TO COURSE LISTINGS

High School Students

Qualified high school students who will enter the junior or senior year in Fall 1985 may be admitted to register for lower division (100 level) courses if the school principal provides the University with a letter of recommendation and if the student's parents approve. The letter should be addressed to the Dean of Extended Education, California State University, Dominguez Hills. Students will pay regular summer fees and the course credit they earn may be applicable to a degree from CSUDH or another institution.

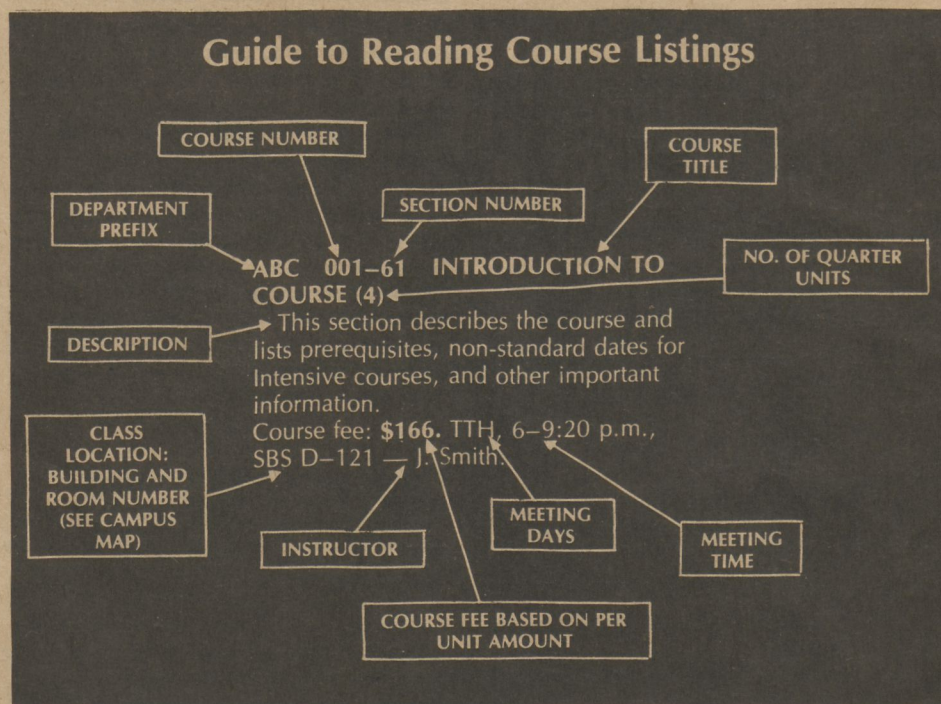

During the regular academic year — fall, winter and spring quarters — qualified high school students may earn college credits at CSUDH by taking university courses. Through a special program called CUE (Concurrent University Enrollment) high school students may take one or two classes per quarter on our campus. To be admitted as a CUE student, the student must: (1) be a junior or senior, (2) submit a standard CSU application form and high school transcripts and test scores, (3) have completed prerequisite coursework, (4) have the approval of the high school principal and parents. For more information about CUE application forms and fees, call Dr. John Auld, Coordinator, School and University Relations, 213/516-3699.

Course Numbering System

The course numbering system for the University is based upon the three-digit number as follows:

000-099	Sub-collegiate courses. Credit is granted for such courses only if equivalent work has not been taken in high school.
100-199	Lower division courses
200-299	Upper division courses
300-399	Upper division or graduate courses
400-499	Graduate courses
700-799	Professional courses

"S" preceding the course number designates special summer course which does not appear in the *University Catalog*.

COURSES OF INSTRUCTION

Students from other colleges and universities should ascertain from the registrars of their own institutions whether courses taken at California State University, Dominguez Hills will satisfy specific requirements of the institutions in which they are regularly enrolled.

Each course listed in this schedule carries a course number and a section number. The section number is important because it signifies the session in which the course is offered (*i.e.* "6" for Main, "4" for Post), and if there is more than one section of the course. For instance, if we offer two sections of Business 222 in Main Session, the second section will be numbered: BUS 222-62. Section numbers starting with "1," for example, CHE S202-11, denote courses which begin during the Main Session

and continue into the Post. *Registration deadlines for these Off-Cycle courses are the same as for other Main Session courses.*

Dates for Intensive courses are indicated in individual course listings.

COURSE CANCELLATION AND SCHEDULE CHANGES

The University reserves the right to make changes in this schedule as printed. When enrollment in any class is not sufficient to justify its continuance, the course may be cancelled. Faculty may be reassigned from one section to another to adjust the distribution of enrollment. Meeting times may also be changed when circumstances require.

If the University cancels a class, the student will receive a full refund of fees UPON APPLICATION FOR REFUND. Or student may register in another class in the same session without charge of a late fee.

ACC 233-61 Income Taxation I (4). Federal income tax law as related to individuals and sole proprietorships. **Prerequisite:** Accounting 131. Course fee **\$166**. TTh, 6-9:20 p.m., SBS E122. — R. Jaffe

ACC 237-61 Cost Accounting (4). The nature, objectives, and procedure of cost accounting and control; job costing and process costing; joint product costing; standard costs; theories of cost allocation and absorption; uses of cost accounting data for management decision-making. **Prerequisite:** Accounting 131. Course fee **\$166**. TTh, 6-9:20 p.m., SBS B209. — C. Chang

CIS 170-61 Introduction to Computers and Data Processing (4). Introduction to computer systems with emphasis on the impact of computers and their use; elements of programming. **Prerequisite:** Mathematics 102. Course fee **\$166**. Additional lab fee **\$20**. MW, 9-12:20 p.m., SBS B143. — Staff

CIS 172-61 Introduction to COBOL Programming (4). Computer programming for business applications, using the international business programming language COBOL. **Prerequisite:** Computer Information Systems 170. Course fee **\$166**. Additional lab fee **\$20**. TTh, 6-9:20 p.m., SBS D225. — Staff

LAW 102-61 Legal Aspects of Business Transactions (4). Analysis of the legal process; functions and operations within a federal system; contracts, sales, agency. Course fee **\$166**. MW, 6-9:20 p.m., SBS B203. — F. Strier

Department of Finance and Quantitative Methods

FIN 260-61 Business Finance (4). Development of a decision framework for financial management; capital budgeting, trade credit policy, dividend and capital structure policies. **Prerequisites:** Accounting 130, Economics 110, and Mathematics 102. Course fee **\$166**. TTh, 9 a.m.-12:20 p.m., SBS D125. — H. Milgrim

FIN 280-61 Economics of the Firm (4). Managerial economics; economic analysis applied to the solution of domestic and international business problems, including demand and cost estimation, pricing, forecasting and market structure. **Prerequisites:** Economics 110 and 111. Course fee **\$166**. MW, 6-9:20 p.m., SBS E122. — G. Wang

FIN 463-61 Financial Decision Analysis (4). Application of financial theories and practice to decision-making through the use of cases, problems, and readings. **Prerequisites:** Finance 461 or equivalent; Graduate standing; MBA office approval. Course fee **\$166**. TTh, 6-9:20 p.m., SBS B209. — M. Nashif

QMS 211-61 Production Management (4). Analysis of the management function in the production area; methods used in planning, organizing, and controlling production. **Prerequisites:** Management 210 and Quantitative Methods 222. Course fee **\$166**. TTh, 2-5:20 p.m., SBS B140. — E. Chu

QMS 222-61 Introduction to Business Statistics (4). Probability theory, probability applications, random sampling; estimation, hypothesis testing, regression, and correlation. **Prerequisite:** Mathematics 102. Course fee **\$166**. MW, 9 a.m.-12:20 p.m., SBS E220. — K. Yoshida

QMS 223-61 Introduction to Operations Research (4). Mathematical methods applied to management problems; elementary mathematical optimization models. **Prerequisite:** Quantitative Methods 222. Course fee **\$166**. MW, 2-5:20 p.m., SBS E220. — K. Yoshida

Department of Management and Marketing

MGT 210-61 Management and Organizational Theory (4). Integration of classical and behavioral approaches to management with emphasis upon human relations, informal organization, and motivation in both profit and non-profit organizations. Course fee **\$166**. MW, 6-9:20 p.m., SBS E220. — R. Dowling

Course fee **\$166**. MTTh, 2-5:20 p.m., SBS D219. — C. Lopilato

FIN 262-41 Real Estate Principles and Practice (4). Functions and regulations of the real estate market; transfers of property, including escrows, mortgage deeds, title insurance; appraisal techniques; financing methods; leases; subdivision development; property management. Course fee **\$166**. MWTh, 6-9:20 p.m., SBS B203. — G. Kuhlmann

FIN 483-41 Managerial Economics (4). Application of economic analysis to business decision-making in areas such as demand, cost, production and pricing; optimal resource allocation; market structure, behavior, and performance. **Prerequisites:** Quantitative Methods 421 and Economics 401; graduate standing; MBA office approval. Course fee **\$166**. MTTh, 6-9:20 p.m., SBS D219. — C. Lopilato

MKT 250-41 Elements of Marketing (4). Management of the marketing function: decision-making concerning products, distribution channels, pricing and promotion, consumer behavior. **Prerequisites:** Economics 110 and Mathematics 102. Course fee **\$166**. MTTh, 6:30-9:50 p.m., SBS A204. — J. Kitson

CHEMISTRY

Natural Sciences and Mathematics D331,
213/516-3376

CHE 102-61 Chemistry for the Citizen (4). A non-mathematical treatment of the basic principles of chemistry and their application to various facets of life in a highly technological society. Course fee **\$166**. MW, 9 a.m.-12:20 p.m., NSM B252. — T. Reilly

Organic Chemistry I and II

Two five-week courses with lab correspond to a full year of organic chemistry. Advance mail-in registration for the entire program is necessary since enrollment is limited. See page 20 for more information.

CHE S200-61 Organic Chemistry I (4). A detailed study of organic molecular structure, reaction mechanisms, stereochemistry, and synthesis with emphasis on aliphatic and aromatic systems. **Prerequisite:** One year of General Chemistry. Course fee **\$166**. Intensive course **June 24-July 29**. MTWTh, 10-12 noon, NSM C221. — J. Lyle

CHE S200-62 Section 2. MTWTh, 10-12 noon, NSM C221. — U. de la Camp

CHE S201-61L Organic Chemistry Laboratory I (2). Basic experimental techniques of organic chemistry. **Prerequisite:** Enrollment in CHE S200. Course fee **\$83**. Additional lab fee **\$40**. Intensive course **June 24-July 29**. MTWTh, 1-4 p.m., NSM C351. — J. Lyle

CHE S201-62L Section 2. MTWTh, 1-4 p.m., NSM C339. — U. de la Camp

CHE S202-11 Organic Chemistry II (4).

Continuation of Chemistry 200 with emphasis on the chemistry of organic compounds containing oxygen, nitrogen and sulfur.

Prerequisite: Chemistry S200. Course fee **\$166**. Intensive course **July 30-August 30**. MTWTh, 10-12 noon. NSM C221. — J. Lyle

CHE S202-12 Section 2. MTWTh, 10-12 noon, NSM C221. — U. de la Camp

CHE S203-11L Organic Chemistry

Laboratory II (2). Preparation of organic compounds and qualitative organic analysis.

Prerequisite: CHE S201 and enrollment in CHE S202. Course fee **\$83**. Additional lab fee **\$40**.

Intensive course **July 30-August 30**. MTWTh, 1-4 p.m., NSM C351. — J. Lyle

CHE S203-12L Section 2. MTWTh, 1-4 p.m., NSM C339. — U. de la Camp

CLINICAL SCIENCES

(Formerly Medical Technology)
Student Health Center E105, 213/516-3748

CLS 229-61 Clinical Hematology (4).

Formation and function of human blood cells; laboratory procedures used in enumeration and identification of blood cells; coagulation and hemostasis; theory and application of hematology procedures with emphasis on detection of abnormalities; demonstration of special equipment and techniques.

Prerequisites: BIO 150 and concurrent enrollment in MDT 229-61 lab. Course fee **\$166**. MWF, 9-11:15 a.m., NSM D129. — J. Welch

CLS 229-61L Clinical Hematology Laboratory

(0). Concurrent enrollment in MDT 229-61 required. Course fee **\$0**. Lab fee **\$35**. M, 1-4 p.m., NSM C109. — J. Welch

COMMUNICATIONS

Humanities and Fine Arts A334, 516/3313

COM 281-61 Writing for TV and Film (4). Same as English S249-61. See page 12.

COM 287-61 TV Production Workshop (4).

Production of news, public affairs, and entertainment programs on campus television facilities. Each student is required to produce and direct a program segment for possible use on cable TV. **Prerequisites:** COM 283, 284, 285, 286, and written consent of instructor.

Students will be asked to purchase videotape and to make their own travel arrangements. Course fee **\$166**. TTh, 2:30-5:50 p.m., ERC H120. — G. Vinovich

COM 290-61 Special Topic: Effects Of Mass

Media (4). Analysis, with examples from motion picture, television, and radio, of the major psychological and sociological effects of contemporary mass media on modern society. Examination of controversial issues such as violence, pornography, sexism, and subliminal advertising in the media. Course fee **\$166**. TTh, 6-9:20 p.m., HFA A324. — G. Vinovich

COMPUTER SCIENCE

Natural Sciences and Mathematics A132,
213/516-3398

CSC 112-61 Introduction to Computers and Basic Programming (4). Introduction to

computing, with particular emphasis on small systems, through programming in the BASIC language. Course fee **\$166**. TTh, 9-12:20 p.m., SBS B110. — Staff

CSC 112-62 Section 2. MW, 6:30-9:50 p.m., SBS B110. — Staff

CSC 150-61 Computer Programming in

PASCAL (4). Introduction to computer programming emphasizing structured programming using the PASCAL language.

Prerequisite: Recommended Computer Science 112. Course fee **\$166**. Addition lab fee **\$20**. MW, 9 a.m.-12:20 p.m., SBS B110. — Staff

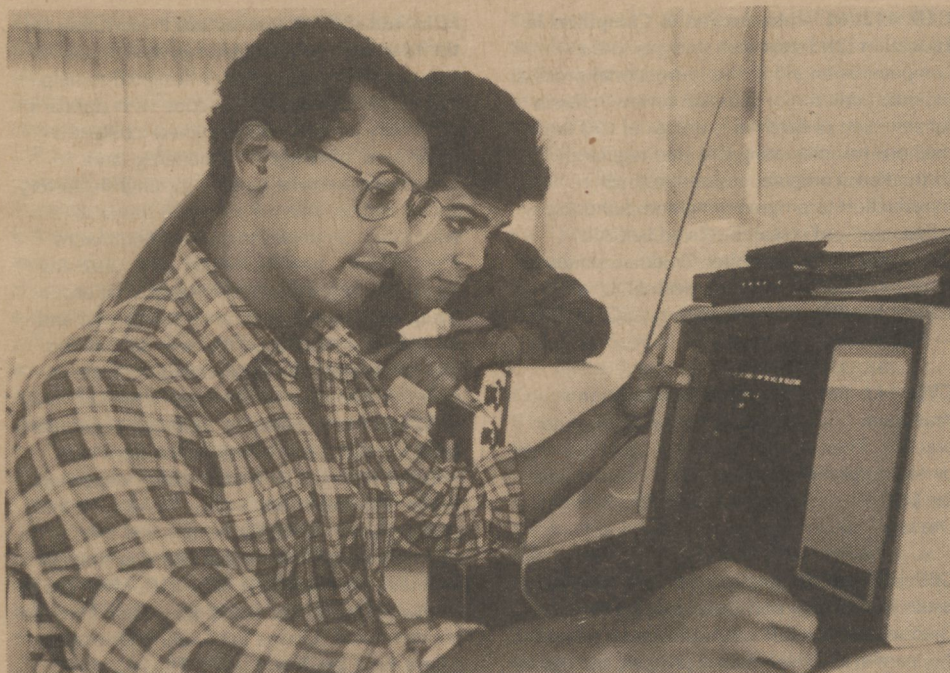

CSC 150-62 Section 2. TTh, 6:30-9:50 p.m., SBS B110. — Staff

CSC 160-61 Computer Programming in

FORTRAN (4). Programming digital computers using FORTRAN IV to solve simple numeric and non-numeric problems. **Prerequisite:**

Recommended Computer Science 112. Course fee **\$166**. Additional lab fee **\$20**. MW, 6:30-9:50 p.m., SBS B143. — Staff

CSC 162-61 Assembly Language Programming (4). Programming problems in assembly language; writing and using macros; features of modern computer hardware and operating systems. **Prerequisite:** One course in programming. Course fee **\$166**. Additional lab fee **\$20**. TTh, 6:30-9:50 p.m., SBS B140. — Staff

CSC 200-61 Survey of Programming Concepts (4). Methods of computer solution of a wide variety of non-numeric problems. Topics include searching, sorting, linked lists, trees, recursion, random numbers, and simulation, as well as general programming methodology. **Prerequisite:** Computer Science 150. Course fee **\$166**. Additional lab fee **\$20**. MW, 9 a.m.-12:20 p.m., SBS B203. — Staff

CSC 210-61 Data Structures (4). More advanced and detailed treatment of concepts of data organization introduced in Computer Science 200, including lists, trees, graphs, and storage allocation and collection. Applications to such areas as symbol tables, string search, and optimization. **Prerequisite:** Computer Science 200. Course fee **\$166**. MW, 9 a.m.-12:20 p.m., NSM C213. — L. Larmore

CSC 220-61 Programming Languages I (4). A comparative study of programming languages, citing examples from such languages as ALGOL 60 and 68, PL/I, LISP, SNOBOL, and APL. Formal description of languages. Characteristic programming assignments in selected languages. **Prerequisite:** Computer Science 200. Course fee **\$166**. Additional lab fee **\$20**. TTh, 9 a.m.-12:20 p.m., SBS B137. — Staff

CSC 230-61 Computer Organization I (4). Structure of the modern digital computer. Introduction to Boolean algebra and logical design of digital circuits. Arithmetic, control, storage and input-output systems. **Prerequisite:** Computer Science 162; Mathematics 160 recommended. Course fee **\$166**. Additional lab fee **\$20**. MW, 6:30-9:50 p.m., SBS D225. — Staff

CSC 240-61 Operating Systems I (4). Overall structure of batch and time-shared operating systems. Scheduling of jobs, CPU, and I/O devices. Pages and segmented memory management. I/O programming and file handling. Synchronization of concurrent processes. **Prerequisite:** CSC 230 and CSC 200. Course fee **\$166**. Additional lab fee **\$20**. TTh, 9 a.m.-12:20 p.m., SBS B143. — Staff

CSC 250-61 File Processing (4). Methods of constructing and processing files of information. Emphasis on the relationships between file organizations, processing options, and supporting devices and the analytical techniques necessary to make an intelligent choice among these alternatives. **Prerequisite:** CSC 200. Course fee **\$166**. Additional lab fee **\$20**. TTh, 6:30-9:50 p.m., SBS B143. — Staff

EDUCATION

Humanities and Fine Arts C316, 213/516-3519

TED 210-61 Motivation and Learning (4).

The psychology of learning and motivation as it relates to instruction; emphasis on the application of learning principles to classroom learning situations. Survey of applicable research from educational psychology and psychology. Course fee \$166. MW, 5-8:20 p.m., HFA A230. — P. Desberg

TED 229-61 The Teaching of Reading (4).

Procedures and materials for teaching reading in the elementary/secondary schools. Course incorporates use of videotaped reading lessons and micro teaching assignments. Course fee \$166. TTh, 9-12:20 p.m., HFA A224. — P. Ellis

TED 324-61 Classroom Management (4).

Approaches and procedures for effective classroom discipline, with emphasis on curriculum planning and implementation. Students will engage in action research projects to investigate conditions in their own school settings and to implement changes conducive to teaching and learning. Course fee \$166. MW, 9 a.m.-12:30 p.m., HFA A324. — D. Wolff

GED 367-61 Basic Generic Practicum With Exceptional Children (6). Supervised practice in assessment, instruction and program evaluation for exceptional children with various learning patterns and developmental levels. Reporting outcomes of teaching-learning sequences for pupils, parents, and school records will be included. On-site experience with a variety of exceptional children in exemplary public and/or private school special education programs. **Prerequisites:** EDU 266 and written consent of instructor or department. *Students are asked to make own travel arrangements.* Course fee \$426. MTWThF, 8:30-12:30 p.m., first meeting 6/24, 9 a.m. ERC A121. — D. Okada

EDU 398-6 Independent Study (1, 2, or 4 units). **Prerequisite:** To enroll, students obtain special contract from Summer Session office in advance of registration. Signatures of instructor and Dean required. Course fee \$41.50 per unit. — Staff

GED 400-61 The Critique and Analysis of Research in Education (4). Considerations of assumptions and techniques of educational research ranging from the theoretical to the empirical. Review of pertinent research studies in emphasizing their applicability to general and specific educational problems. Analysis of statistical concepts. Review of sources of educational research. **Prerequisite:** Graduate standing. Course fee \$166. MWTh, 1:30-3:50 p.m., HFA A230. — J. Cooper

GED 442-61 Introduction to Computers in Education (2). Introduces students to the computer as an aid in the instructional process. Includes: criteria for software review; criteria for selection of hardware; design of CAI lab; methods for integrating CAI into regular instruction; computer-assisted testing; introduction to programming and authoring languages; and research-related to CAI effectiveness. **Prerequisite:** Graduate standing. Must be taken concurrently with EDU 443. Course fee \$83. M, 1-4:20 p.m., SCC E139. — P. Desberg

GED 443-61 Computers in Education Practicum (2). Provides supervised computer practice. **Prerequisite:** Graduate standing. Must be taken concurrently with EDU 442. Course fee \$83. W, 1-4:20 p.m., SCC E139. — P. Desberg

GED 451-61 Biological and Psychological Issues in Learning and Development (4).

Theories, basic assumptions, research related to the learner and the learning process; biological and psychological factors in individual differences; relevant factors in individual differences; relevant factors in cognitive and affective development. **Prerequisites:** Graduate standing; written consent of instructor. Course fee \$166. TTh, 3-6:15 p.m., ERC D120 — D. Scherba

GED 455-61 Socio-Cultural Aspects of Learning and Development (4). Examines the total process of socialization and the effects of cultural determinants upon individual growth, development, and patterns of learning. Considers the school as an agent of socialization and mediator of culturally determined drives and values. **Prerequisites:** Graduate standing and written consent of instructor or department. Course fee \$166. Intensive course July 2, 3, 9, 10, 11, 16, 17, 18, 23, 24, 25, and 30. TWTh, 9:30 a.m.-1:00 p.m., HFA A230. — M. Carrison

GED 465-61 Practicum: Directed Teaching With the Severely Handicapped (7). Provides experience with severely handicapped children and integrates the competencies of the candidate for the specialist credential. Emphasis is placed on the use of current procedures with children classified as severely handicapped, within the context of classroom, home, and institutional settings. **Prerequisites:** EDU 464, written consent of instructor; graduate standing. Students are asked to make own transportation arrangements. Course fee \$497. MTWThF, 8:30 a.m.-3:30 p.m., first meeting 6/24, 10:30 a.m., ERC A121. — D. Okada

EDU 468-61 Diagnosis and Prescription for the Learning Handicapped (4). Will survey structured learning strategies designed to help low achieving adolescents cope with standard secondary content courses where content is expository, coverage is demanding, and homework overwhelming (e.g., English, history, social studies, science and even driver's education). Strategies include difficult word identification, text-book study skills, listening and notetaking skills, sentence generation, paragraph organization, error monitoring and revision of written products, test preparation, and test taking skills. The course includes a review of the research on the teaching of study skills and the rehearsal of validated acquisition, generalization, and maintenance steps with selected strategies to ensure their independent use in mainstream secondary classes. Pre and post evaluation procedures to assess the effectiveness of training and learning strategies included. **Prerequisites:** EDU 210, EDU 266 or equivalent; Graduate standing; written consent of department. Course fee \$166. Intensive course June 24-July 9. MTWTh, 1-5 p.m., SBS A110. — K. Skindrud

EDU 469-61 Curriculum and Instruction for the Learning Handicapped (4). Supervised practice in the development of individualized instruction for the learning handicapped. Students will diagnose, prescribe, and formatively evaluate instruction for children with learning handicaps. Assessment and evaluation data will be used to develop curricula appropriate to the child's learning pattern and developmental level. Supervision and teaching will be in an on-campus learning and instructional materials center for the handicapped. **Prerequisites:** Graduate standing; valid California Multiple or Single subject Credential; written consent of instructor; concurrent enrollment in EDU S493-61. Course fee \$166. Intensive course July 1-August 1, MTWTh, 1-5 p.m., SBS A104. — K. Skindrud

EDU 5470-61 Ethnic Communities of Los Angeles: Materials and Strategies for Education (4). This course will feature seven mornings of field work in different ethnic community centers in the Los Angeles area where students will be given information and teaching materials about each ethnic group. Each morning of community field work will be followed by afternoon on-campus lecture/discussion sessions. Ethnic group characteristics and educational needs will be evaluated, and appropriate classroom lessons will be discussed. Social studies and reading and curriculum based on ethnic groups will be developed by students outside of course time. These projects will be shared on campus at the final meeting. *Students are expected to make their own travel arrangements to visit the seven community centers. ENG S314-61 The Grammar Course (4). In this course designed for teachers, current and prospective, we will undertake a comprehensive survey of English grammar. Using a number of texts, we will develop a framework for understanding and classifying the "traditional" — and often varied — terminology used to describe the major syntactic structures of English. Where appropriate, we will use the insights provided by current linguistic research about how speakers' knowledge of their language should be described. However, our main goal will be control and ordering of the systematic chaos of traditional grammar. This course will satisfy the English 214 requirement in the single-subject waiver program in English and in the minor. Course fee **\$166**. MW, 1-4:20 p.m., HFA A225. — S. Klein

ENG 449-61 Seminar: Studies In Modern British Literature (4). ENG S320/S420-41 Writers' Craft Workshop (6). For prospective and practicing writers, teachers of writing, and English majors (undergraduate and graduate). The Workshop will meet in two blocks of time, separated by two weeks of independent writing time. The first five sessions (**August 5, 6, 7, 8, 9**) will explore the broad range of writing and pre-writing strategies, the varieties and intricacies of modern prose style, and the contemporary marriage of fictional and non-fictional technique. Each participant will, with Workshop guidance, plan a writing project — an essay, short story, or article — to be carried out in the interim between the workshop's first and second phases. The four sessions of the second phase (**Sept. 3, 4, 5, 6**) will be devoted to editorial analysis and evaluation of the completed writing projects, aiming toward a standard of professional merit. **All of the sessions will meet from 9 a.m.-4:20 p.m.** with ample lunch and coffee breaks. The Writers' Craft Workshop is applicable for either graduate or undergraduate credit in English and may, on advisement, be acceptable for credit in Education. *Students should enroll in either ENG S320 or ENG S420-41.* Course fee **\$249**. HFA A229 — W. Wells

HEA 220-61 Health in Public Education (4). An overview of health factors which helps the student to become a health-educated individual as well as to become capable of implementing health instruction in the public schools. Topics which are addressed include: substance use and abuse, nutrition, mental-emotional disorders, accident prevention, emergency health service and disease; as well as personal, family, community, environmental and consumer health. Course fee \$166. TTh, 9-1 p.m., SCC E157. — D. Hanson

HEA 220-62 Section 2. TTh, 5-9 p.m., SCC E157. — D. Hanson

HEA 241-11 Medical Science (4). An advanced study of the nature and causes of disease pathologies. Course fee \$166. Course dates June 26-August 28. T, 6-10 p.m., SHC A145. — C. Walker

HEA 263-11 Normal and Pathological Gait (3). Instruction in recognizing gait and postural deviations, determining the cause of such deviation and suggesting surgical, therapeutic or mechanical remedies for such pathologies. Students will evaluate patients and video tapes of patients, review EMG and force plate recordings, and compare results of surgery, therapy, and mechanical aids that were used on these patients. **Prerequisite:** Consent of instructor or department and admission to P & O program. Course dates June 25-August 29. Course fee \$258.00. T, 4-6 p.m., TBA. — D. Clark

HEA 267-11 Spinal Orthotics (3). Patient evaluation prescription recommendation, orthosis measurement, fabrication and fitting. Spinal biomechanics, gait analysis, and motor disability, fitting of several orthoses, including lumbo-sacral, thoraco-lumbo-sacral, and cervical types. Fabrication of at least two orthoses. **Prerequisite:** Consent of instructor or department and admission to P & O program. Course dates June 28-August 30. Course fee \$258. F, 8 a.m.-4:30 p.m., NSM E029. — J. Greenfield and D. Clark

HEA 269-11 Neuromusculoskeletal Pathomechanics III (2). Neuromusculoskeletal systems as they apply to the spine for both normal function and in the presence of pathology. Examples of specific weakness and deformity will be studied. The impact of spinal muscles on gait substitution, the effect of spinal anatomy on respiratory function. **Prerequisite:** Consent of instructor or department and admission to P & O program. Course dates June 27-August 29. Course fee \$172. Th, 4-6 p.m., TBA. — D. Clark and T. Lunsford

HEA 321-61 Dynamics of Health Communication (4). Fundamentals, principles, and skills of interpersonal and group processes utilized in health related occupations. Special emphasis is placed on the theory and techniques of writing, oral skills, interviewing, small-group dynamics, and crisis intervention. Course fee \$166. MW, 6-9:30 p.m., SCC E157. — J. Bush

HUMANITIES

Humanities and Fine Arts E303, 213/516–3993

HUM 100-61 Introduction to the Humanities (4). Examines the inter-relationships among the humanities (art, literature, music, and philosophy) in Western culture by tracing the theme of tradition and change in selected time periods. Course fee **\$166**. TTh, 9 a.m.–12:20 p.m., SBS B203. — J. Vaughn

HUM 411-61 Perspectives on the Humanities (4). An examination of the concepts of the Humanities through comparing expressions of these concepts in the 20th century and in the Age of Revolution (1776–1832) focusing on Art, Music and Literature. **Prerequisites:** Required within the first two quarters after entering the M.A. program; consent of instructor or department. Course fee **\$166**. TTh, 9 a.m.–12:20 p.m., HFA A225. — M. Mahon

HUM 424-61 Seminar in History: The Historical Works of Edmund Wilson (4). This seminar offers advanced work in topics or specific problems in the works of Edmund Wilson. Course assumes the student has a working knowledge of the basic vocabulary and concepts of the discipline. **Prerequisite:** Consent of instructor or department. Course fee **\$166**. TTh, 6:30–9:50 p.m., SBS D121. — D. Cady

LIBRARY

(Educational Resources) 213/516–3700

LIB 150-61 Library Skills and Strategies (2). Emphasis on the broad principles involved in the retrieval of ideas and information and on the application of search techniques to individual research interests. Topics covered include search strategies, using the card catalog, problems of the subject approach to information retrieval, bibliographies, indexes and abstracts, information retrieval from non-book sources. Students will develop a search strategy which will utilize library resources for their research needs. Course fee **\$83**. Fri., 9 a.m.–1 p.m., ERC B130. — E. Settle

LINGUISTICS

Humanities and Fine Arts B337, 213/516–3938

LIN 100-61 Introduction to Language (4). An overview of current knowledge about human language: its structure and function, its cultural and social setting, its universality, and its relationship to other areas of human knowledge. Designed especially for students not majoring in a foreign language as a General Studies course in the Humanities. Course fee **\$166**. MW, 5–8:20 p.m., HFA A225. — S. Klein

LIN 295-6 Independent Study: Foreign Language (2 or 4 units). To enroll, students obtain special contract from Summer Session office in advance of registration. Signatures of instructor and Dean required. Course fee **\$41.50 per unit**. — B. Mohr

LIN S350-61 Children's Language (4). As an introduction to the study of children's language, this course will provide students with a chance to learn about the specific questions that linguists are asking about how children develop their native languages. We will look at current research concerning the abilities children are born with, and we will trace the features of the developing sound system (phonology), word, phrase, and sentence structures (morphology and syntax), and interpretive systems (semantics and pragmatics) that linguists have been able to describe. Finally, we will contrast the picture of children's language development with that of chimpanzees exposed to both artificial and human linguistic systems. Course fee **\$166**. MW, 9–12:20 p.m., HFA A225. — S. Klein

LIN S390-61 Men's and Women's Speech (4). This course will examine the many ways in which language both reflects and influences the roles and status of women and men in society. It is expected that a clearer distinction between sex as a biological phenomenon and *gender* as a sociocultural and linguistic phenomenon will contribute to a better understanding of both the social and the linguistic differences between men and women. Course fee **\$166**. TTh, 1–4:20 p.m., HFA A324. — B. Mohr

Summer Session students who are regularly enrolled at a CSU campus should be aware that successful completion of Mathematics courses in Summer Session may not qualify them for exemption from the system-wide entry level Mathematics (ELM) requirement.

MAT 004-61 Algebra and Geometry (4). Topics covered include quadratic equations, linear inequalities, systems of linear equations, graphs, square roots, geometry and more word problems. Course is appropriate for students needing a review in algebra and geometry. Course can be used as a preparation for the Elementary Level Mathematics examination (ELM). Course fee **\$166**. TTh, 9-12:20 p.m., SBS B137. — C. Chang

MAT 020-61 Algebra (4) (Formerly Mathematics 030). Topics covered include factoring, quadratic equations, graphing, systems of equations, exponential and logarithmic computation and statistical averages. This course satisfies the General Studies Quantitative Reasoning requirement. **Prerequisite:** MAT 006 or one year of high school algebra. Course fee **\$166**. TTh, 9-12:20 p.m., SBS E126. — G. Hart
MAT 020-62 Section 2. TTh, 6:30-9:50 p.m., SBS E126. — Staff

MAT 102-61 Mathematical Analysis for Management and Social Sciences I (4). Topics covered include functions, graphs, the straight line, systems of linear inequalities, the derivative and its applications including maxima and minima. **Prerequisite:** MATH 020 or two full years of high school algebra. Course fee **\$166**. MW, 9:00-12:20 p.m., SBS F225. — W. Armacost
MAT 102-62 Section 2. TTh, 1-4:20 p.m., SBS E126. — C Chang
MAT 102-63 Section 3. TTh, 6:30-9:50 p.m., SBS B137. — T. Shore

MAT 108-61 Pre-Calculus Mathematics (4). Topics covered include the function concept, exponential and logarithmic functions, and plane trigonometry. **Prerequisite:** MAT 020 or two years of high school algebra. Course fee **\$166**. MW, 1-4:20 p.m., SBS B203. — T. Shore
MAT 108-62 Section 2. TTh, 6:30-9:50 p.m., SBS D125. — Staff

MAT 110-61 Differential and Integral Calculus I (4). Functions, introduction to the derivative and integral, analytic geometry, vectors in the plane. **Prerequisites:** either MAT 108 or two years of high school algebra and trigonometry. Course fee **\$166**. TTh, 9-12:20 p.m., SBS D125. — Staff
MAT 110-62 Section 2. MW, 6:30-9:50 p.m., SBS B110. — Staff

MAT 112-61 Differential and Integral Calculus II (4). A continuation of Mathematics 110. Topics covered include trigonometric and exponential functions, techniques of integration, the concepts of limits and continuity. **Prerequisite:** Mathematics 110. Course fee **\$166**. TTh, 9-12:20 p.m., SBS B140. — L. Larmore
MAT 112-62 Section 2. MW, 6:30-9:50 p.m., SBS B137. — Staff

MAT S131-61 Computer Literacy and Problem Solving (6). This course will develop procedures for problem formulation and analysis. Introduction to mathematical models and computers as a means of solution. Other topics include flowcharting, programming in LOGO on microcomputers, role of computers in society and education, and development and evaluation of computer Aided Instruction. For Math Teachers or teachers who are planning to retrain or become credentialed to teach Mathematics. **Prerequisite:** Consent of instructor or department. Course fee **\$249**. MWTh, 5:00-8:30 p.m., NSM B252. — E. Krinsky

MAT 150-61 Elementary Statistics and Probability (4). A practical course in statistics and probability, including such topics as the normal distribution, t-test, chi-square test, linear regression and correlation, conditional probability. **Prerequisites:** MAT 006 or one year of high school algebra. Course fee **\$166**. MW, 1-4:20 p.m., SBS B140. — Staff
MAT 150-62 Section 2. MW, 6:30-9:50 p.m., SBS B140. — W. Armacost

MAT 160-61 Discrete Mathematics I (4). Set theory probability, Boolean algebra, combinatorics, and matrix algebra, with applications to computers and computer programming. **Prerequisites:** MAT 110 or 120 and programming experience. Course fee **\$166**. MW, 9-12:20 p.m., SBS B137. — Staff
MAT 160-62 Section 2. TTh, 6:30-9:50 p.m., SBS E220 — Staff

SOCIOLOGY

Post Session — August 6 through August 30

SOC 204-41 Counseling and the Changing American Family (4). *Same as SMC 220.* While the impact of recent marriage and divorce trends has yet to be felt, we are witnessing a slowdown in the rate of first marriages, a decrease in rate of marriage after divorce accompanied by an increase in divorce. Is the "American" family going to survive? Just as the extended family was replaced by the nuclear family, is the nuclear family being replaced by single parent family or "transitional living arrangements?" Is marriage becoming a part-time career, a phase in one's life cycle, rather than a lifetime status that is synonymous with being adult? If so, what role does counseling play in preparing adults in adapting to such changes? How will increasing communications, teaching married folks how to relate to each other provide answers to changing societal definitions of marriage and divorce? These and other related questions will be addressed in this course which examines the relationship between counseling strategy and the changing American family. Course fee **\$166.** TWTh, 6-9:20 p.m., SBS E305. — E. Bryan

SPECIAL SUMMER PROGRAMS

Pre-Medical Dental Organic Chemistry

Designed for pre-medical and pre-dental students, this ten-week program corresponds to a full year of organic chemistry with lab. CHE S200/201 is scheduled for the first five weeks, **June 24–July 29**, followed by CHE S202/203 for the second five weeks, **July 30–August 30**. The two sequential courses offer 12 quarter units — equivalent to 8 semester units — the required minimum in organic chemistry for professional schools.

Students who have taken the program in previous summers have also found it very useful in preparing for the DAT and MCAT.

In previous summers this program has been filled by May. Therefore, advance mail-in registration is necessary. *Students must enroll for the entire program with mail-in registration.* The tuition fee for the program is **\$586**.

See p. 8 for class meeting information. Instructors: James Lyle, PhD, professor of Chemistry; Ulrich de la Camp, PhD, professor of Chemistry

Tenth Annual Summer Institute in Gerontology

Experts in the field from the university and community will offer four core courses and two 4-unit electives required to earn the Gerontology Certificate. Classes are offered at convenient times for professionals working in the field, students needing to take an intensive course for degree requirements, or for persons seeking personal enrichment.

The courses offered have been approved for continuing education credit by the California Board of Registered Nursing (BRN Provider No. 00757) and the Board of Examiners of Nursing Home Administrators (BENHA No. 029). *A 4-unit course equals 40 hours of continuing education credit.*

Core Courses:

BIO 286–41 Human Aging, PSY 252–41 Psychology of Adult Development and Aging, PSY 296–61 Practicum in Psychology: Memory, SOC 204–64 Issues and Concepts in Gerontology

Elective courses:

PSY 292–41 Psycho-Social Health Problems in the Elderly, SOC 204–62 The Aging Woman

For course descriptions and meeting times, see course listings by department.

Call Human Services Program for information, 213/516–3641.

Intensive Workshop on Teaching Low Achievers

Open to both regular and special education teachers, this five week workshop focuses on small group, direct instruction methods for teaching basic academic and study skills to low achievers 1st–12th grade. This workshop should be of interest to all of the following:

- Charter One Teachers
- Resource Specialists
- School Psychologists
- Remedial Reading or Math Teachers
- Learning Handicapped Specialists
- Teachers of Modified Secondary Classes

Two courses dealing with curriculum and instruction for low achieving and learning handicapped students are offered concurrently in this summer workshop which provides 5 quarter units toward the Ryan Learning Handicapped Specialist Credential. The courses are scheduled in conjunction with the Dominguez Hills Summer Learning Center (1st–12th grade) which brings low achieving students to the campus from schools in the surrounding area.

Teachers participating in the workshop will be assigned daily tutoring and small group instruction responsibilities to master the direct instruction methods covered. Individual practicum supervision will be provided to sharpen teaching and assessment techniques. The workshop maintains an 18:1 graduate student to faculty ratio allowing more individualized assistance than in most teacher workshops.

Any teacher holding a preliminary elementary, secondary, or pupil services credential is eligible to attend. Interested teachers should reserve a place in the workshop by contacting Dr. Skindrud by May 1 as registration will be limited to 36 participants. (All candidates for the Learning Handicapped Credential should seek advisement from Special Education Faculty by calling 213/516–3522 before enrolling.)

INTENSIVE SESSION:

See EDU 469–61 Curriculum and Instruction for the Learning Handicapped (4); and, EDU 493–61 Practicum: Teaching Low Achievers (1). MTWTh, 1–5 p.m., July 1–August 1. **PREREQUISITES:** EDU 210, 266 and 466 or consent of instructor. *Teachers must enroll in these two courses concurrently.*

FOR FURTHER INFORMATION contact Dr. Skindrud or Donna Alderman, School of Education, CSUDH, 213/516–3522.

Resource Specialist Certificate Workshop

This 6-week workshop is designed to meet the state guidelines for the Resource Specialist Certificate required of all teachers employed as special education Resource Specialists since June 30, 1981. Resource Specialists employed prior to that date may also find this workshop valuable in providing indirect services to handicapped children in the public schools. At this time the total program at CSUDH for the state Resource Specialist Certificate consists of three courses:

EDU 475–61 RESOURCE SPECIALIST
I: PROGRAM PLANNING (4 q.u.)

EDU 476–61 RESOURCE SPECIALIST
II: INDIRECT SERVICES (4 q.u.)

EDU 477 RESOURCE SPECIALIST
III: FIELD SUPERVISION (5 q.u.)

The first two courses (EDU 475 and EDU 476) will be offered this summer as an evening workshop M, T, W, Th from 5–8:20 p.m. (See course listings for meeting place.) Following successful completion of the 8 q.u. summer workshop, participants may then satisfy the field supervision component (EDU 477) during Fall quarter. EDU 477 completes requirements for the clear Resource Specialist Certificate approved by the state Commission on Teacher Credentialing (June 1984).

For further information on admission to this certificate program, contact the Graduate Studies Department Secretary, or Dr. Skindrud, Coordinator, Special Education, 213/516–3522.

Summer Study and Travel in the People's Republic of China

Participate this summer in a Chinese Language and Culture Program, June 21 through August 2. The program consists of 2 weeks of travel and 4 weeks of study at Huazhong Normal University in the city of Wuhan.

Participants will study Chinese culture and history. Language study is available upon request. Weekend trips to factories, rural communes, and places of historical and cultural interest will be offered. Huazhong Normal University provides instructors and textbooks, as well as lodging and meals.

A travel tour is planned for one week before and one week following the study program. The faculty director, Linda Pomerantz, CSUDH professor of History, and representatives and translators from Huazhong will guide participants through a tour of Beijing, Shanghai and other important cities in the PRC. Participants can earn CSUDH academic credit for successfully completed coursework.

The cost for the 6-week program, including food, lodging, travel in the PRC, round-trip airfare, and credit fee, will be \$3,100.

Please write or telephone 213/516-3746, the Division of Extended Education, for more information and a brochure.

London Semester Program

Living and studying in London means personally exploring history, art, and culture as it has unfolded for the past 2000 years.

The curriculum of this study program corresponds to the artistic and cultural resources which the city of London offers. Participants study with outstanding California State University faculty from the Social Sciences and the Humanities, while earning degree-applicable, CSU credit. Participants need not be matriculating CSU students.

14-week Fall and Spring semester programs are offered. Register now for Fall Semester 1985.

Students can also join optional European tours.

The London Program is co-sponsored by the CSU Network of Extended Education and the American Institute for Foreign Study, an organization which provides all non-academic support for participants.

For more information and a brochure, contact the Division of Extended Education, 213/516-3746.

Monday-Friday	7:00 a.m.–5:00 p.m.
Saturday and Sunday	CLOSED

PARKING

Small College Complex A122, 213/516-3696

All vehicles parked on this campus must have a valid parking decal either on the left rear bumper or hanging from the rear-view mirror. On motorcycles, the decal is affixed to the front left fork. Single entry parking permits can be obtained for 50¢ from a vending machine near the rear entrance of each general parking lot. Restricted parking areas are enforced at all times. Parking decals for Summer Sessions can be purchased during open registration and starting June 24, at the Cashier's Office (SCC B130), open 9 a.m.–6 p.m., Monday through Thursday.

For more information about the University's parking regulations, please contact the Director of Public Safety.

CAFETERIA AND FOOD SERVICE

Cafeteria Student Area G120, 213/516-3814

The Cafeteria will be open throughout the summer, Monday through Friday, 8 a.m. until 2 p.m.

In addition, vending machines are located on the ground floor of the Educational Resources Center (library) and of the Social and Behavioral Science building. For the convenience of evening students, a catering truck will be parked on campus near the Social and Behavioral Science building.

TESTING OFFICE

Small College Complex C144A, 213/516-3909

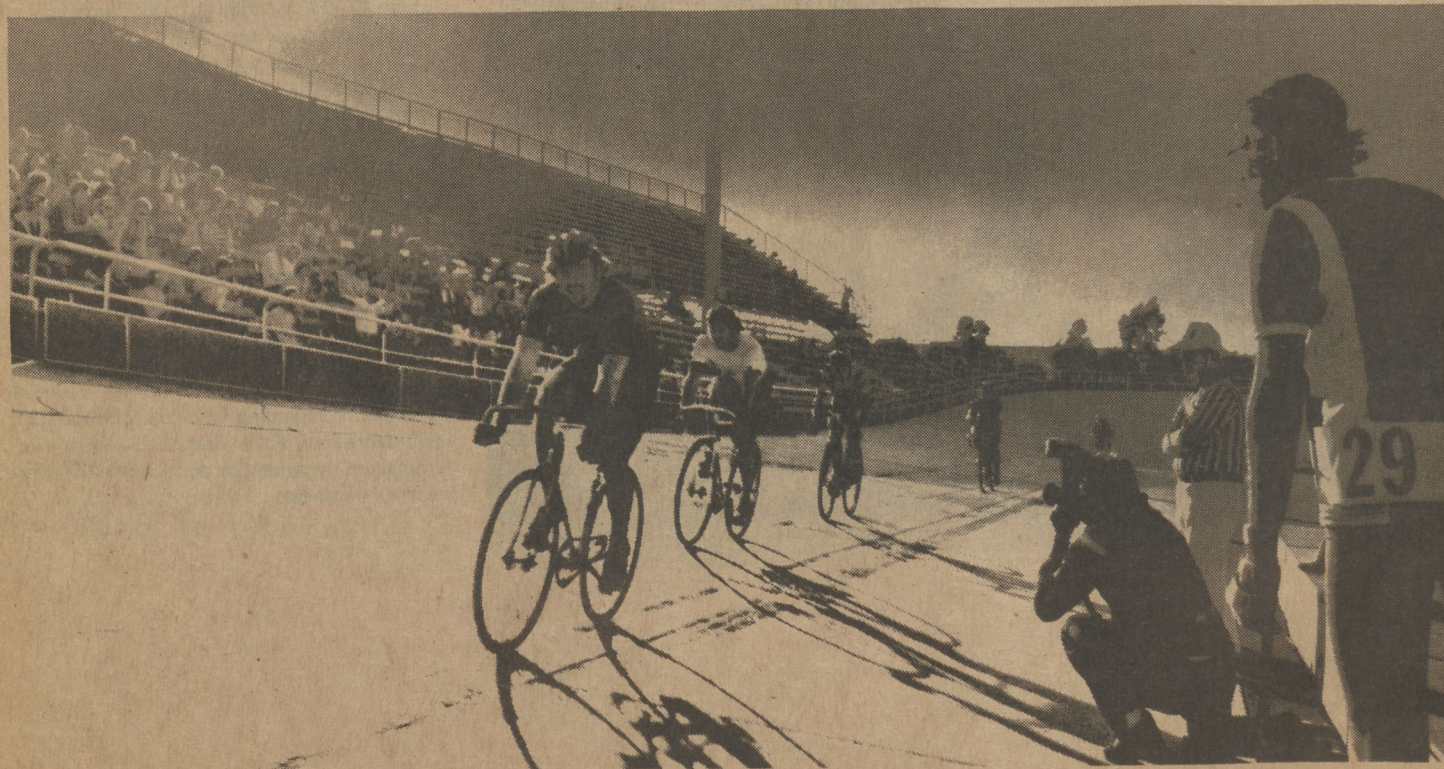

The Testing Office provides the following services:

National Test Programs—

Information and registration materials for the GRE, SAT, ACT, DAT, LSAT, GMAT, MCAT, CLEP (credit by exam programs) and CBEST.

Individual Diagnostic Testing—

Interest inventories and other diagnostic instruments are administered to students who have been referred by counselors in the Student Development or Health and Psychological Services.

DISABLED STUDENT SERVICES

Student Health Center A106,
213/516-3660/TDD/516-4028

The Disabled Student Services Office is committed to the student with a disability and his or her right to an equal educational experience. Students having a disability which is either permanent or temporary in nature, are eligible for a variety of support services including:

- Admissions/Registration Assistance
- Priority Registration
- Readers-Notetakers-Interpreters
- Assistive devices and equipment loans

CENTER FOR TRAINING AND DEVELOPMENT creates and conducts specialized training programs to meet the needs of all types and sizes of organizations, both public and private. These programs are conducted on the client's premises, on the University campus, or at convenient locations off-campus. The faculty is composed of highly-qualified working professionals. Some of the available programs are: Supervision and Management Skills, Business Writing, Customer Relations, Pre-retirement Planning, Speedreading.

EXTERNAL DEGREES are offered off-campus for individuals who find it inconvenient to attend classes on the main campus of the University. There are three degree programs — a Master of Science in Administration (MSA), a Master of Science in Medical Technology (MSMT), and the Humanities program which offers both an undergraduate bachelor's degree and a masters degree through correspondence study.

TELECOMMUNICATIONS media are employed by Extended Education through participation in three innovative networks — the LA Basin ITFS Network (Instructional Television-Fixed Service, NUTN (the National University Teleconference Network), and EIES (the Electronic Information Exchange System). In a time of rising educational costs, these networks offer a cost efficient method for expanding educational and training opportunities.

OPEN UNIVERSITY, also called "concurrent enrollment," is available for individuals who wish to take regular academic courses without being enrolled in the University. Anyone 18 or older can enroll and earn degree-applicable credit up to a maximum of 36 units for undergraduates and 13 for graduates.

BOBROW

Bobrow Test Preparation Services originated at California State University, Northridge, by request of the student body 10 years ago. Since then it has assisted more than 500,000 students in preparing for the college and graduate entrance examinations. By request only, these programs are now offered at 26 universities, colleges, and law schools. The classes have been developed and evaluated by authors of 15 national best-selling test preparation textbooks (Guide to New LSAT, published by Barrons Educational Series, Cliffs GMAT

Preparation Guide, Cliffs SAT Preparation Guide, Cliffs NTE Preparation Guide, Cliffs CBEST Preparation Guide, Cliffs GRE Preparation Guide among others published by Cliffs Notes).

The Staff is composed of attorneys, CPAs, math and reading specialists and other specialist instructors who are fully credentialed and have advanced degrees. The programs are constantly updated for the most recent forms of the exams and are carefully planned learning, practicing and analyzing experiences.

STUDENTS MAY REPEAT THE CLASS AT NO CHARGE.

Speed Reading and Study Skills for Students

This program lays the foundation of strong reading skills necessary for academic success and personal confidence.

The speed reading and study skills program has two main goals. First, to teach a reading process which will develop a love of reading and the lifelong habit of reading for enjoyment. The second goal is to teach a mastery level of reading skill, through development of comprehension, reading speed, memory, concentration, and study skills.

Each student's initial level of reading skill is carefully evaluated, and materials and instruction are individually tailored to provide the correct balance of challenge and encouragement. Our average student increases his/her reading comprehension grade level from one to three years, while more than doubling reading speed.

Reading and Study Skills for College Students and Adults

An advanced level of reading comprehension, retention, and speed is critical to success in the academic and business worlds, and to your ability to explore subjects of personal interest. Now you can dramatically improve these skills.

In this course you will learn to read twice as fast in academic and professional material, and three to four times faster in reading you do for personal enjoyment.

You will also learn a systematic approach to reading and studying difficult non-fiction, improving your ability to absorb and retain information. Our average student improves his comprehension and long-term recall by 25%, while learning to sustain concentration for many hours of continuous reading.

Participant perform significantly better on timed reading tests.

This course is also appropriate for college preparatory juniors and seniors.

INSTRUCTIONS FOR MAIL-IN REGISTRATION

Instructions for Advance Mail-In Registration

Mail-in Registration begins **April 2** and ends **June 7** for Main Session courses. Mail-in registration ends **July 19** for Post Session courses. Students may register for both sessions during the mail-in period for Main Session. Once a student has registered by mail for a session, *he/she must follow instructions for adding and dropping in order to change the program for the session.*

1. Please read carefully sections of this Schedule regarding refunds, change of program, and "How To Read The Course Description." Please note special requirements or fees, prerequisites or approvals, and special dates for individual courses.

2. To fill out the Registration Request Form, PRINT clearly with a ballpoint pen. Please supply all requested information. It is important that the information is complete and correct in order for your registration to be processed.

3. Unless special written approval is obtained by student, *total units for Main Session may not exceed 12. Total for Post may not exceed 8.*

Application for exceeding the maximum units is available in office of Summer Sessions (ERC C508). This must be submitted with registration.

For courses which require consent of instructor, obtain an approval card from the Office of Summer Sessions, or the departmental office and have the instructor or departmental representative sign this card. Or request the department/or instructor to forward signed approval card to the Office of Summer Sessions. We cannot process registration for courses requiring consent of instructor until we have the instructor's written approval/signature.

4. Check course descriptions for amount of course fee and lab fee, if any. *A Student Center fee of \$3.00 and a Student Activity fee of \$5.00 are required of each individual registering for Summer Sessions.* Your request for courses cannot be processed unless these fees are included in the total fees submitted. Full payment of all fees, *except parking fees*, must accompany your request for registration.

5. Make check or money order payable to CALIFORNIA STATE UNIVERSITY DOMINGUEZ HILLS. Do not send cash. Send registration with a stamped, self-addressed envelope to:

OFFICE OF SUMMER SESSION (ERC C508)
California State University, Dominguez Hills
1000 E. Victoria Street
Carson, California 90747

The self-addressed, stamped envelope will be used to mail Summer Session ID/receipts to students.

6. Early registration delivered to the Office of Summer Session on a walk-in basis will be accepted **only** if fee payment is for exact amount.

7. A Study List will be mailed to you at the beginning of June. This is your official registration in Summer Sessions. Please check the courses you have been registered for; change of program begins **June 24**.

8. Class space will not be reserved until the Request for Registration is processed. The following problems will delay registration:

- the form is not complete or the information is illegible
- course numbers and section numbers are confused
- required written authorization is not included
- payment of appropriate fees incorrect or invalid
- a class is filled

9. For Summer Session Registration Information, phone 213/516-3746.
