Adding Courses

To add a course before the start of the session, submit your completed Add / Drop form and the additional tuition to the registrar in the Summer Sessions Office.

To add a course after the start of the session, you must file a Change of Program form available in the Summer Sessions Office and have it signed by the professor for the class you want to add.

Six-week courses may be added during the first two weeks of the session. Students wishing to add an Intensive of one week or less may only add on the first day of class. For two to three-week courses they may only add during the first two days, and for four to five-week courses students may only add during the first week of the course.

The deadline for adding courses is June 13 for the First Session, July 3 for the Second Session, and July 25 for the Third Session. Provided that you are enrolled in a Summer Sessions course at the time you choose to add an additional course, you will not be charged a late fee.

Students may exchange one class for another within the same session without penalty, if the unit and tuition value is the same.

If you will exceed a maximum unit load by adding courses, you must also submit a Petition to Exceed Maximum Units, available in the Summer Sessions Office (refer to policy on Maximum Unit Load).

Dropping / Withdrawing

Non-attendance in class, notifying the instructor, or stopping payment on a check does NOT officially constitute dropping or withdrawing from a course. The Summer Sessions Office must be notified and appropriate form must be filed.

Dropping a Course

If you decide to drop a course, you must file a Change of Program form with the Summer Sessions Office. (if you are dropping all courses you enrolled in, follow withdrawal procedures.) Refer also to Refund Policies.

Drop, prior to first day of session.

To drop a six-week course before a session begins, file a Change of Program form and an application for Refund of Fees in the Summer Sessions Office.

Drop, during the first two weeks of the session. Summer Sessions students may drop or withdraw from any six-week course prior to and during the first two weeks of a session without permanent record of enrollment or "W" on transcript, and without the instructor's signature.

Drop, third through fifth weeks of the session. During the third and until the final week of the six-week session, the instructor's and the school dean's or associate dean's signatures for each course are required on the Change of Program form in order to drop. Non-matriculated or Summer-only students need the signatures of the instructor and the Dean of Extended Education.

If a student drops or withdraws after the second week of a six-week session, a grade of "W" for the course(s) will appear on the student's permanent transcript.

Courses less than 1 week

Prior to the first class meeting a student may withdraw and no grade is assigned: the enrollment does not appear on the student's permanent transcript. An administrative grade of "W" will be assigned if a student withdraws at any time during the course.

One Week Courses

During the first day of the week a student may withdraw and no grade is assigned: the enrollment does not appear on the student's permanent

transcript. An administrative grade of "W" will be assigned if a student withdraws at any time after the first day of the week.

Two-Week Courses

During the first three days of the first week a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. An administrative grade of "W" will be assigned if a student withdraws at any time after the first three days of the first week.

Three-Week Courses

During the first week a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. Prior to the last two days of the session a student may withdraw with a "W". During the last two days of the session a student may withdraw with a "W" for serious and compelling reasons only.

Four and Five-Week Courses

During the first week a student may withdraw and no grade is assigned; the enrollment does not appear on the student's permanent transcript. Prior to the last four days of the session a student may withdraw with a "W". During the last four days of the session a student may withdraw with a "W" for serious and compelling reasons only.

Complete Withdrawal from session

To withdraw from all courses, complete and submit a Withdrawal form, and, if you are eligible for a refund, an application for a refund of fees. Withdrawal forms are available in the Summer Sessions Office.

Complete withdrawal, prior to first day of session. If you find it necessary to drop all courses before a session begins, you must cancel your registration and you may be eligible to receive a full refund of fees, less a non-refundable processing fee. A completed Withdrawal form and a

Refund Application must be received by the Summer Sessions Office by May 31 for First Session, June 21 for Second Session and July 12 for the Third Session.

Complete withdrawal, during the first two weeks of the session. You may withdraw during the first two weeks without a record of enrollment and without the instructor's signature. Complete a Withdrawal form and a Refund Application and submit these forms to the Summer Sessions Office by the end of the second week.

Complete withdrawal, third through fifth week of the session. A grade of "W" for each course appears on the permanent transcript if the student withdraws after the second week of the session and is doing passing work. To withdraw from all courses after the second week of instruction, complete a Withdrawal form, obtain the signatures of the instructor and school dean (or Dean of Extended Education, if you are not a regular student) on the Withdrawal form. Submit these completed forms to the Summer Sessions Office.

Withdrawal from classes during final exam week (last week of session) is not permitted, except in such cases as accident or serious illness where circumstances causing

the withdrawal are clearly beyond the student's control, and the assignment of a grade of Incomplete is not practical. Such requests require a Petition with the signature and approval of the instructor and school dean (Dean of Extended Education for Summer-only or non-matriculated students). The form is available in the Summer Sessions Office and must be filed in the Summer Sessions Office with documentation by the last day of the session in which the student was enrolled.

Refund of Tuition Fee

Refunds are not automatic. Even if the University cancels a scheduled course, you must make an application to have your tuition fees refunded. Refunds are subject to change without notice by the Trustees of California State University System. Amounts of refund are calculated according to the Formula for Refunds established in Title 5 of the California Administrative Code. Refund Applications are available from the Summer Sessions Office. This form must be filed in person with the Summer Sessions Office. Your Schedule Confirmation and the tear off receipt from the Change of Program form (if applicable) must accompany the written request. No transaction will

be made without a receipt. Students must submit refund requests by the published deadlines (refer to Calendar and Refund Schedule). The effective date of the refund request, for purposes of calculating amount refunded, is the day it is received by the Summer Sessions Office. Allow approximately six weeks from the date the request is received for processing refunds.

Refund of Parking Fees

Written application for a refund of parking fees must be accompanied by a permit or decal which the University has issued. Applications for refunds are determined by the following policy: 50% of all remaining full weeks; however no refund for remaining periods of less than two weeks.

Refund Schedule

The formula used for calculating the amount of fees refunded for five week or longer sessions is as follows. If you apply for a refund prior to the first day of the session, May 31, June 21, or July 12, you may receive total tuition minus \$10.00. If you apply for a refund on the first or second day of the session, you may receive total tuition minus the fee for one unit. During the remainder of the first week of the session, if you apply, you may receive total tuition minus one unit times 65 percent. During the second week of the session, if you apply, you may receive total tuition minus one unit times 25 percent. After the second week, none of the fee may be refunded. The late registration fee is non-refundable. Please note that tuition refunds are based upon the start date of the session and not upon the first day a particular course meets.

Cancelled Course Policy

If you are enrolled in a course that is cancelled for any reason, you must complete an Application for Refund or arrange for another course by completing a Change of Program form. The University does not refund fees automatically in the event of a course cancellation.

The General Studies program is the
nucleus of the undergraduate cur-
riculum at CSUDH, deliberately
structured to provide the intellectual
and effective foundation required of a
well-educated person. The philoso-
phy underlying General Studies
offerings is that they are courses for
non-specialists, presenting subject
matter related to wider context of
knowledge and stimulating interest
in lifelong learning. General Studies
courses present breadth, deal with
representative concepts, and provide
some integration of concepts.

Several of the courses which compro-
mise this curriculum are offered in
Summer Sessions. For an overview
of the General Studies program con-
sult the University Catalog, pages 73-
78 available in the University
Bookstore.

High School Students

Qualified high school students who will enter the junior or senior year in Fall 1997 can register for Summer Sessions lower division (100 level) courses with a letter of recommendation from the school principal or counselor and written authorization from the parents. Address letters to the Dean of Extended Education, California State University, Dominguez Hills. Students pay regular summer fees, and the course credit they earn may be applicable to a degree from CSUDH or another institution.

Grade Reports and Transcripts

Student performance in each course is reported at the end of the session by one of the following grades (with grade points earned):

GRADE POINTS	GRADE
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3

A report of final grades assigned in classes will be mailed to you about 3 weeks after the end of the session.

A student may obtain an official transcript of enrollment and grades upon completing a Request for Transcript available at the office of Records and Registration. This request should be filed no earlier than the last week of the session in which the student is enrolled. Allow at least three weeks after the end of the session for delivery of the transcript copy. A fee of \$4.00, payable at the Cashier's Office, is charged for the first transcript request. Transcripts are not issued to a student whose record indicates a financial obligation to the University. Grades for nonstandard-date courses will be posted with standard course grades at end of session.

Auditors pay regular course fees. To enroll as an auditor, the student must submit a Change of Program form with the instructor's signature to the Summer Sessions Office.

Students must officially change their status in a course from credit to audit by the end of the first week of instruction.

Credit / No Credit Grading

CR / NC grades are recorded on student transcripts. An undergraduate may elect to be graded CR/NC in particular courses, subject to conditions which are described in the University

Independent Study

Independent or directed study courses are intended for the regularly enrolled, matriculated students in order to enhance or supplement their curriculum. To enroll for independent or directed study, the student must obtain a contract from the Summer Sessions Office. This contract must be completed, including the signature of the dean, and submitted with student's registration. A student will not be registered for independent or directed study unless a completed contract has been submitted. Only course numbers listed with departments may be used; be sure the correct session and number of units are on the contract. The same registration deadlines and policies apply to independent study.

Final examinations are administered during the final week the course is scheduled. Usually the examination is given on the last day the the course meets. No adds or drops are accepted during or after the last week.

THE AMERICAN LANGUAGE & CULTURE PROGRAM

ENGLISH LANGUAGE COURSES FOR BEGINNING, INTERMEDIATE AND ADVANCED INTERNATIONAL STUDENTS

The American Language and Culture Program at California State University, Dominguez Hills, has courses for international students, business people and new residents who wish to improve their English language skills. Maximum enrollment in most classes is 15 students to ensure sufficient student practice and attention from the teacher.

WORK-SITE PROGRAMS (WSP)

ALCP can offer English language and culture programs at the work-site for non-native speakers of English. Programs can be developed for a wide range of work needs: on-the-line employees who

need basic communication skills and orientation to an American work environment; executives who need high-level communication skills to negotiate business and operate in social environments or other special situations. English-for-Special-Purposes (ESP) programs are often offered in industries such as hospitality, tourism and travel, import/export, banking and manufacturing. ESP programs can include safety English, industry-specific terminology and jargon, company-specific terminology and jargon, writing skills (forms, memos, reports), oral communication/pronunciation, asking questions, giving/receiving directions, clarifying, expressing opinions, and expressing safety concepts.

INTENSIVE ENGLISH PROGRAM (IEP)

IEP offers an eight-week intensive English language program five times a year for students with academic or professional goals, including passing the TOEFL for entrance into an American university. The 20-hour per week IEP (9am-1pm daily) offers a coordinated program of conversation, grammar, writing, reading/vocabulary, pronunciation and listening. Students from all over the world enroll in this multi-level program and can continue to improve their skills by advancing from session to session. Qualified

students from outside the U.S. are eligible for a student visa. Individual courses may also be taken by students. A certificate of achievement is awarded after successful completion of at least one session. Language skills studied are:

Conversation

Conversation Skills offers extensive individual student practice in speaking. Students learn to use authentic language in situations related to work, school, leisure and social life. They are encouraged to express their thoughts and ideas, plus their wants and needs, in classroom situations that make extensive use of pair work, small-group discussions, and information-sharing activities. These face-to-face discussions simulate real-life social interaction, encouraging the use of eye contact, exclamations, questions, accurate intonation and emotional tone. 24 meetings per session.

Writing

Writing Skills emphasizes the process of writing and highlights the various strategies writers can use in the process. The class teaches such organizational patterns as generalizing, describing, defining, talking about differences and similarities, and expressing cause and result. Although the focus is on content-based writing, other language skills are integrated, and practice writing is combined with speaking and listening activities. In order to gather data for their writing, students share ideas, opinions, and suggestions in pair, small group, and whole-class discussions. These brainstorming activities lead to teacher and peer analyses of student essays where the focus is on topic sentences, supporting facts, discourse markers, and concluding sentences. 24 meetings per session.

Pronunciation

The Pronunciation class helps develop clear pronunciation and American English intonation patterns for increased spoken comprehension. Students learn acceptable pronunciation of single vowel and consonant sounds, groups of sounds, stress patterns in words, and intonation patterns in sentences. Students have the opportunity to listen and practice with tapes and to express their own views and opinions under the teacher's guidance. Students receive personal attention and special homework assignments focused on their specific pronunciation and intonation problems. Further pronunciation work can be done in the University's learning laboratory. 24 meetings per session.

Grammar

The Grammar class presents the important grammatical structures in English through a process of observing, describing and using the structures in written and spoken language. Controlled and open-ended exercises and tasks are practiced in class to help the students increase their mastery over the forms. Special attention is given to grammar points that are most difficult for students. Additionally, the ways in which grammar is tested in the TOEFL are examined and practice TOEFL exercises are done. 16 meetings per session.

Reading & Vocabulary

The focus of Reading & Vocabulary is to help students increase their vocabulary within the context of meaningful, high-interest readings. Each student will learn the skills needed to find the meanings of unfamiliar words and then incorporate them into active, everyday use. Reading and vocabulary

skills will be practiced through an integrated approach that uses a variety of topics, genres, moods and styles. Interesting subjects will be read and then examined through paired discussions, small group work and whole-class activities. 16 meetings per session.

Listening Skills

The Listening Skills class allows students to develop their aural skills in a supportive, active environment. Each student is given the opportunity to participate in a variety of in-class activities using tapes, videos and guest speakers. Students listen to and learn how to appropriately respond to questions presented in meaningful language contexts. Each listening exercise allows students to progress from controlled

listening activities to more complex ones. Each student will be expected to strengthen his listening skills outside the classroom through assignments involving TV, radio and community service projects that require interaction with American speakers. Additional practice is available through tapes in the University's Learning Labs. 16 meetings per session.
