Academic Program Information

The Master of Public Administration (MPA) degree provides students with the educational background and professional competencies needed to secure upper level administrative/managerial positions in a variety of public sector and nonprofit organizations or in firms with close ties to governments, such as utilities or defense contractors.

The majority of MPA students at Dominguez Hills are already employed by public agencies when they begin their graduate education and use their Master’s degrees for professional advancement within their organizations. Other students with little or no work experience, or those with no managerial experience, use the MPA degree to obtain entry-level administrative or management positions. Students also use the MPA degree as preparation for doctoral study and careers in teaching and research.

Concentration Description

Each student must select one of the following concentrations:

- Public Management (online or on-campus)**
- Criminal Justice Administration (online)**
- Healthcare Management (online)**
- Public and Non-Profit Management (online)**

Public Management concentration

The Public Management concentration is designed to provide the Master of Public Administration program with an emphasis in the structure, functioning, and skill competencies required for contemporary managers in the public and nonprofit sectors. This concentration offers our students a program that addresses the social, political, and economic landscape of the public sector, and its history and role in American Society. This concentration provides a broad examination of theoretical perspectives, the environmental context, and management functions that can be used to analyze organizations and to improve organizational effectiveness. The concentration combines applied and conceptual readings and provides students with opportunities to apply concepts and techniques to issues experienced in various workplace settings.

Criminal Justice concentration

The Criminal Justice Administration concentration was developed to meet the needs of our students and the expanding opportunities in the criminal justice field. This curriculum offers students a specialized program that addresses federal, state and local needs by preparing them for administrative, managerial, or other professional positions in criminal justice organizations and law enforcement. This concentration provides students with an excellent opportunity to apply their acquired knowledge and skills to gain positions or professional advancement

within the field of justice administration, criminal justice policy, and law enforcement. The CJA concentration also addresses local community needs by providing our students with an opportunity to gain skills necessary to succeed in careers that address local, state, and national issues of importance in the criminal justice arena. Graduates will demonstrate knowledge, competencies, and values associated with criminal justice theories, procedures, organizations, and processes in a variety of sectors involving the administration of justice.

Healthcare Management

This program is designed to provide a quality graduate professional education for individuals entering or currently employed in health services agencies. It prepares graduates for careers in health services administration, planning, policy, evaluation, consulting, and related careers.

Public and Non-Profit Management

Nonprofit Management concentration was developed to meet the needs of the growing nonprofit arena. This concentration offers students a program that addresses the social, political, and economic landscape of the sector, its origin, size, composition, and its role in American Society and elsewhere. The coursework will review the size, scope, and dimensions of the U.S. nonprofit sector and examine theories of the sector and its conceptual underpinnings in some depth along with historical and religious foundations. This concentration also looks at such issues as why people organize, give financial support, and donate time. The concentration examines key aspects of the fundraising process for nonprofit organizations, major theoretical foundations, and general fundraising principles as well as a variety of marketing and fundraising techniques, sources of donations, and aspects of managing the fundraising process. The concentration combines applied and conceptual readings and provides students with opportunities to apply concepts and techniques through a series of service-learning portfolio assignments in collaboration with area nonprofit organizations.

Contact MPA Advisor for details.</p>

Transfer Requirements

Students transferring from another MPA program may request transfer credit for equivalent MPA courses. Transfer credit for MPA course work is limited to nine semester units and only for equivalent courses taken at an accredited university or college and for which the student received a grade of "B" or higher. Graduate courses from another conferred degree cannot be used as transfer credit towards the MPA degree at CSUDH.

All MPA coursework, if taken as part of the MPA program, and including transfer coursework, must be completed within five years of expected graduation date to meet the College of Business Administration and Public Policy graduation requirements.

Curriculum Requirements

A. Bridge Courses

Unless admitted students have taken the equivalent of these courses with a grade of “B” or higher in the last five years (three years for the statistics bridge course) or are deemed by the department to have extensive Public Administration experience in these areas, all MPA students must complete bridge courses. Students may take the following bridge courses:

PUB 495: Foundations of Public Administration (2)

Analysis of the role of public administration within the American political system and of the concordant functions and responsibilities of public sector administrators; discussion of administrative ethics; overview of public sector administrative and managerial processes.

Program Requirements

In order to receive an MPA degree, the following is required in addition to the curriculum requirements:

1. A grade point average of 3.0 or better for all coursework used to satisfy degree requirements; 3.0 in major coursework and 3.0 for cumulative university coursework.
2. A grade of “C” or better in all core and elective courses taken for the degree, and a grade of “B” or better in all bridge courses. Classes in which a grade of “C-” or lower is earned must be repeated and repeating the class will not cancel the lower grade. While a “C” grade is passing, the GPA in the major and cumulative coursework must be 3.0 or above.
3. An MPA student may be placed on probation if, in any semester, he or she has failed to earn a cumulative grade point average of 3.0 in a given semester. During the subsequent probationary semester the student must achieve a grade point average sufficiently high enough to bring the cumulative grade point average to 3.0 or higher. MPA students must meet with the MPA Program Director to discuss the probationary status and remediation steps to remove the probationary status. Students are subject to academic dismissal after one semester of academic probation.
4. Completion of all program requirements within five years from beginning of core or transferred graduate coursework. Students must be in good academic standing in final semester of attendance to apply for graduation.
5. Under no circumstances can a student get credit for taking a class that they took as an undergraduate student either the subject matter or the same course number.

Graduation Requirements

In the semester prior to the semester of expected graduation, students must officially apply for graduation. To apply for graduation, a student must complete a graduation application “Application for Graduation Master’s Degree,” and pay a \$35.00 fee to the cashier’s office. The form may be obtained on the Forms page of the MPA website <http://mpa.csudh.edu>. After completing the form, scan and email it to the MPA Advisor

to review and approve. The student will receive a signed Application and submits the paperwork to the graduation evaluators in the Records and Registration office.

Deadlines to apply for graduation are as follows:

Fall Semester: July 1

Spring Semester: October 1

Summer Session: February 1

NOTE: *Failure to complete the above procedure on time will delay graduation. Students must be enrolled the semester in the intended semester of graduation. All MPA coursework must be completed within five years of the intended semester of graduation.*

Other Policies

Please note: All university policies are in the University catalog. The catalog and addendums can be found at www.csudh.edu/catalog. Below is a summary of helpful policies and information:

- **Academic integrity policy:** The University encourages students to develop critical reading skills, effective communication and intellectual honesty. All academic work submitted by a student should be in his or her own style, words, and form. Any work submitted that is not original work is considered plagiarism. Plagiarism is considered a gross violation of the University's academic and disciplinary standards. Plagiarism includes the following: copying work by another and claiming it, false presentation of individual work as author or creator, falsely taking credit for another's unique method or expression, falsely representing oneself as the source of creative and academic work, or not properly crediting another's work within the individual's own academic work. Plagiarism is cause for formal University discipline and instructors can assign a lower or failing grade for the course where plagiarism has occurred.
- **Billing and Payments:** Contact the Cashier's Office on the 2nd floor of Welch Hall, 310-243-2063, or www.csudh.edu/cashiers
- **Continuous Enrollment:** Students pursuing a graduate degree must be enrolled every semester until completion of all degree requirements; this includes the first semester of acceptance. Students who do not enroll in a regular class may maintain their continuous status by enrolling in PUB 600s Graduate Continuation course in Spring or Fall semesters.
- **Department Website:** Please reference the MPA website <http://mpa.csudh.edu> frequently as it has a wealth of information on the program.

- **Email:** A Toromail email address is assigned to all students by the Admissions and Records office. MPA students are required to use their student email account to communicate with the staff and faculty at CSUDH.
- **Financial Aid:** Financial aid is available to eligible students. Students must be US citizens or permanent residents, did not default on previous student loans, and be enrolled at least six units per University semester. Students must submit a [FAFSA](#) in order for the [Office of Financial Aid](#) to process financial aid funds. For all Financial Aid questions, contact Michelle Matthews, Financial Aid Specialist, at mmathews@csudh.edu or 310-243-3618. Ms. Matthews is the designated Financial Aid advisor for MPA students.
- **Grade Appeals:** Students must first seek to resolve the matter informally with the instructor of record. Students may also discuss the issue with the Assistant Dean, Graduate and Professional Programs. Students must demonstrate that a meeting with the instructor of record was done within one regular semester session of the course in question. If the matter is not worked out informally within five classroom days, the student or student representative may send a grade appeal in writing to the Director. If the matter cannot be resolved within the College, the appeal is forwarded to the Student Grade Appeals Board. For more information on the grade appeal process, please [click here](#) and review the University Catalog.
- **Professional Comportment:** CSUDH recognizes the importance of personal and professional competencies in addition to traditional academic skills. As MPA students, all members of the learning community holistically evaluate individual behaviors on standards of professional performance, development, and functioning that include, but are not limited to, their interpersonal and professional competence (e.g. consistently establishing positive interpersonal relationships, demonstrating an active commitment to education and training, communicating professionally within the course and outside, demonstrating integrity, acknowledging individual and cultural differences); their self-awareness and self-reflection (e.g. awareness of your role in diverse contexts, recognizing limitations and training/learning needs, awareness of own cultural values); their openness to feedback; and their proactive, engaged resolution of issues that may interfere with their professional development may be evaluated both within and outside of the classroom (physical or virtual), and regardless of whether it is specifically tied to a school activity.

Concerns about a student's professional comportment should be directed to the department chair or Assistant Dean, Graduate and Professional Programs and the Associate Vice President and Dean of Students. Student Services Department can be reached 310.243.3784. Students will be alerted to concerns about professional performance, functioning, and development (i.e. professional comportment) and receive advisement, mediation, and support as deemed necessary and appropriate. If there is a question that the student's problems in the area of professional comportment cannot be resolved in a reasonable time period and/or rises to the

level of potential disciplinary action, the matter will be referred to the Division of Enrollment Management and Student Affairs.

- **Registration:** Registration instructions and dates vary by program format. Please refer to the Registration page of the MPA website for the most current information and instructions. It is the student's responsibility to check the website each term for upcoming registration information and deadlines each semester.
- **Student Rights and Responsibilities:** A description of students' rights and responsibilities is available online at <https://www.csudh.edu/student-affairs/>. Students should review and become familiar with this information.
- **Tech Support:** Please review all sections of the Tech Support section of the MPA website thoroughly for technology requirements and guidelines.
- **Textbooks:** A list of textbooks is listed on the Textbooks page of the MPA website. Students must have textbooks before the first day of class.
- **University Resources:** You are encourage to utilize the university's resources such as the library, student union, multicultural center, career office, etc. Please explore the Campus Life and Student Services sections of the CSUDH website <http://www.csudh.edu/student-services/campus-services/index>.
