UNIVERSITY SPACE COMMITTEE POLICY

This policy establishes the protocol and procedural guidelines regarding the use and management of space and utilization on campus. The University Space Committee (USC), an administrative committee reporting to the President, will be responsible for reviewing specific requests and proposals for space assignments and provide recommendations to the President and Cabinet.

1.0 SCOPE

This policy applies to all areas and individuals seeking the allocation and utilization of all California State University, Dominguez Hills (CSUDH) owned, controlled, and operated space. Auxiliary owned, controlled, and operated space is not included in this policy; however, these entities partner with the CSUDH when space needs are reviewed.

For minor design campus changes to the outdoor environment (e.g., banners, benches, signage, murals, etc.), the Campus Art Advisory Committee is tasked with reviewing proposals and making recommendations to the President for approval, in accordance with the guidance of the committee. For space and redesign of instructional and academic spaces, the Academic Affairs Facilities & Space Committee (AAFSC) is tasked with reviewing proposals and making recommendations to this committee to inform a cohesive space and utilization plan for the University.

2.0 ADMINISTRATION

The University, not any group, division, college, department or individual, is the owner of its physical campus grounds and buildings. To ensure that all university space is subject to the assignment and reassignment for the common good of the University, the USC will review policies and proposals affecting the University’s physical environment and make recommendations to the President. Final authority on the allocation and utilization of all University facilities rests with the President and Cabinet.

3.0 RESPONSIBILITIES

The Committee shall serve to advise the President and Cabinet on matters concerning space and the utilization of space on campus—including, physical spaces such as interior and exterior public spaces:

- Complete a comprehensive space assessment and inventory matrix of all current spaces on the campus
- Make recommendations regarding the utilization of space on the campus
• Propose a short and long-term funding model for space requests and redesigns
• Consider the institutional mission, vision and values when considering space and utilization needs of the campus community ensuring that the appropriate engagement with the University is accomplished
• Meet collaboratively with the Campus Art Advisory Committee and the Academic Affairs Facilities & Space Committee (AAFSC) as needed to ensure that recommendations are made in accordance with the mission of the University.
• Consult with the Strategic Planning Committee and pertinent planning committees of the campus to ensure a comprehensive review of space and utilization are consistent with the current and future needs of the University.
• Review and make recommendations on proposals for new space requests
• Ensure meaningful and extensive collaboration with responsible university offices, including colleagues in Facilities, Environmental Health and Safety, and Advancement, to ensure that proper maintenance, safety concerns, ADA regulations, and donor stewardship are addressed and considered
• Develop and provide an ongoing review of the procedures for submission and review by the committee and invited panelists
• Engage campus units and communities impacted by and invested in specific space proposals by creating a campus community feedback mechanism to ensure the diverse voices of students, faculty and staff inform evaluations and decisions
• Operate in a transparent manner that is inclusive and collaborative, balancing the needs and desires of campus stakeholders with independent evaluation
• Establish a web presence to ensure transparency and keep the campus community abreast of requests for space and utilization and ensure that meeting minutes are recorded and accessible via the website
• Ensure consistent communication with the campus community through web presence and Town Halls (at least once per academic year) for the sharing of information

The responsibilities of space planning shall fall under the jurisdiction of the USC. The committee will review and process requests in accordance with the USC procedures. USC membership shall be comprised of constituent representation from the campus and the Chief of Staff, as voting members. Other members, such as the Americans with Disabilities Act (ADA) Coordinator, may be added as non-voting members.

3.1 PROCEDURES

If a Committee action surpasses a financial threshold of fifty thousand dollars ($50,000) and it requires one-time funding from the university’s central reserve, USC shall require consultation with the University Budget Committee (UBC) and Presidential approval before acting. If the Committee action of $50,000 or more does not require one-time funding from the university central reserve, then it will only require Presidential and Cabinet approval before acting.
The divisional head for this policy is the Vice President for Administration & Finance/CFO. This policy shall be reviewed every three (3) years, or sooner, if necessary, by the following stakeholders:

1. Chief of Staff – Senior Reviewer
2. Vice Presidents
