E-text Resources

Publisher

Many Publishers offer their books in alternative format with audio capabilities. **Pearson** only offers books in alternative format via [vitalsource.com](https://www.vitalsource.com). I would recommend purchasing from the following resources to have immediate access to the book. Otherwise, you will have to purchase the book, provide the proof of purchase, make the request on the SdRC Online Portal under the alternative format section. Once the request has been made, I will contact the publisher. The request may take two weeks to be completed.
