Practicum Manual Signature Page

Academic Year 2023-2024

Dear MSW Student Interns:

A belated welcome and congratulations to those who just begun their journey with us at the Master of Social Work program at California State University Dominguez Hills. To those continuing students, welcome back!

Part of making this a successful journey for you is knowing how to navigate your way through this program. Although faculty and staff are here to assist you as you move through this program, the Student Manual and the Practicum Manual have been especially designed to guide you through this process.

The Practicum Education Manual is an excellent source of information and will provide you with information you need to know regarding the mission and goals of the Department and the Code of Ethics from which we govern our practice. The Practicum Education Manual includes key information about practicum procedures and requirements.

One of the greatest attributes of a social worker is their ability to utilize their resources. This Manual is one of the key resources you will receive during this program, and it is incumbent upon you to know the contents therein.

Please sign and return this document **by October 27th** in acknowledgement that you: 1) have access to and have downloaded the electronic version of the Practicum Education Manual, and 2) have read and agree to uphold the principles and policies within this Manual and the Code of Ethics created to govern the practices of social workers everywhere.

Thank you for allowing us to be part of this journey with you! We look forward to serving you and supporting your education experience.

Thank you,

CSUDH MSW Practice Education Team
