

## Memorandum

Re: 1098-T Reporting Update

### ***Revised Reporting Required***

Until recently, the Internal Revenue Service (IRS) permitted colleges and universities to choose between two methods for reporting Qualified Tuition and Related Expenses (QTREs) to students on the Form 1098-T. Like most universities, California State University Dominguez Hills (CSUDH) chose to report QTREs in Box 2 (payments billed for QTREs), rather than in Box 1 (payments received for QTREs). As of December 31, 2015, new legislation requires reporting payments received for QTREs in Box 1 of the 1098-T, rather than reporting the amount billed in Box 2.<sup>1</sup> CSUDH has implemented this change for the tax year ending December 31, 2018.

### ***Transition Year Note***

One impact of this change for the tax year ending December 31, 2018, is that the amount reported in Box 1 may include your Spring 2018 payments ***only if*** the payments were received in 2018. In this instance, the same amount could be reported in 2017 (as a charged amount) and 2018 (as a received payment) because the reporting method changed.

### ***Claiming Education Credits on Your Individual Tax Return***

You should use the information on the Form 1098-T in conjunction with your own payment records to complete your individual tax return. If you have questions about how to compute an education tax credit, consult your tax professional or refer to IRS Publication 970.

Sincerely,

California State University Dominguez Hills

Specifically, Section 212(b) of PATH amends section 6050S(b)(2)(B)(i) to eliminate the option for eligible educational institutions to report aggregate qualified tuition and related expenses billed for the calendar year.
