# History

---

- *Lambda Theta Nu Sorority, Inc. was founded on **March 11, 1986** at California State University, Chico by 18 driven and courageous women. This was during a time where Latinos were facing social struggles, especially those who were seeking higher education. By coming together, these 18 women created a support system and a voice that would work towards being heard, respected, and recognized.*

*Our Pillars*

# Academic Excellence

# Community Service

# Sisterhood

02

# Philanthropy

*Tijeras*

---

*The Tijeras National Community Service Program work to address the Latino communities educational needs by focusing on **Latina leadership** and **Latino literacy**. Our national community service program has two components: academic excellence and community service.*

# Latinx Youth Leadership Conference

The *Latina Youth Leadership Conference* is designed to create a safe and enjoyable space where middle and high school girls can participate in workshops and discussions. Topics discussed include: college requirements, academic issues involving Latina women, financial aid, and other barriers faced.

We want to empower and encourage girls from a young age.

# Latinx Youth Literacy Fund

Every year the *Latinx Youth Literacy Fund* has a different recipient. All chapters participate by donating money through fundraisers.

The institution that's selected receives a check at our National Sisterhood Conference, which takes place in the Spring.

# *Lambda Culture*

# Machetes

*In 1989, we became the first sorority to incorporate machetes into our stepping dance.*

*The machetes symbolize **strength**, **culture**, and **empowerment**. Machetes are traditionally used by men and by involving them into our performances they work as a symbol of not only empowerment but tearing down those barriers.*
