Families with Minor Children & Certain Pregnant Women

The **Homeless Family Solutions System (HFSS)** is case management and housing plan development for families and/or pregnant women at high risk or in their third trimester.

To connect with the HFSS, call **2-1-1** or visit one of the Family Solution Centers listed below.

From Monday through Friday from 8:00am to 5:00pm families that meet the basic eligibility criteria are warm transferred to the closest Family Solutions Center (FSC) site within their community of origin. The FSC coordinates further assessment, eligibility and housing placement.

From Monday through Friday from 5:01pm to 8:00am families in dire need of emergency housing are accommodated through the use of motel vouchers (if available) and referred to the closest FSC in their community of origin the following morning. This assistance is also available on Holidays and Weekends all day starting at 8am. Families that have a place to stay but are at future risk for homelessness are advised to call 2-1-1 Monday -Friday 8:00am to 5:00pm to be connected to an FSC site.

Emergency Shelter/Missions

All single adults (male and female) that are experiencing homelessness, should be assessed by the Coordinated Entry System (CES)

CES assessments (the VI-SPDAT) are provided by many outreach organizations as well as designated assessment times as many Homeless Services organizations. Please see the attached CES information for times and contact people with in the CES organization.

Once an individual is assessed, matchers work the available beds/units to find the best program based on their assessment score. CES does not provide emergency shelter but is part of the larger process of finding longer term housing solutions..
