CSUDH Model for Determining Eligibility for Emergency Financial Aid Grant Funding

Funding Methodology - Following guidance from the Department of Education and CSU Chancellor's Office, CSUDH established three operational principles to guide the distribution of these grants:

- **Student Success**—to help alleviate financial distress students are experiencing due to COVID-19 pandemic.
 - **Equity**— all students have experienced some type of impact due to COVID-19 pandemic, but those impacts have been uneven, with greater negative impacts on students from historically underserved communities. Students should receive different levels of grant aid proportional to their financial difficulty based on their 2021-2022 Free Application for Federal Student (FAFSA) or 2021-2022 California Dream Act Application (CADAA) were considered for a block grant based on the Tiers identified below.
 - **Timeliness and administrative simplicity**—ensure access for the greatest number of deserving students possible to receive emergency aid as needed, with minimal administrative processes.
- CSUDH considered currently enrolled undergraduate, credential, graduate and professional students who are eligible to receive federal financial aid for an emergency grant using the funds provided through the Higher Education Emergency Relief Fund (HEERF), more specifically the ARP (a)(1) Program.
 - Students with the lowest income status who received maximum levels of state and/or federal financial aid and students with some financial need who received some state and/or federal financial aid were separated into Tier I and Tier II groupings. Using the Free Application for Federal Student Aid (FAFSA) or California Dream Act Application (CADAA) calculated Expected Family Contribution was used in conjunction of enrollment status to group students into levels of financial need.

Tier I – Federal Pell Grant Eligible Students would receive an Emergency Grant based on their calculated Expected Family Contribution (EFC)

Calculated Expected Family Contribution (EFC)	Full-time Enrollment	Part-time Enrollment
0	\$1,500.00	\$750.00
1-500	\$1,300.00	\$650.00
501-3,500	\$1,100.00	\$550.00
3,501-5,846	\$900.00	\$450.00

Tier II – Non-Federal Pell Grant Students would receive an Emergency Grant based on their calculated Expected Family Contribution (EFC)

Calculated Expected Family Contribution (EFC)	Full-time Enrollment	Part-time Enrollment
5,847-50,000	\$600.00	\$300.00
50,001+	\$200.00	\$100.00

- Working with campus administration, the CSUDH Financial Aid Office carefully reviewed alleligible students in accordance with the guidelines as established by the ARP (a)(1) Program. A tiered funding model was created that attends to our most needy students while ensuring some level of relief for everyone. The funding model was reviewed and approved by the appropriate administrators to ensure that the calculations were as accurate as possible.

Tier III – Students who submitted requests through the IHeartToros email or through Basic Needs Initiative for funds due to extenuating circumstances were granted funds provided by the ARP (a)(1) Program.

7. Any instructions, directions, or guidance provided by the institution to students concerning the Emergency Financial Aid Grants.”
