*Historically, FTES has been a measurement of enrollment derived by dividing total student credit units for a term by 15, both for the undergraduate and graduate level. Since Fall 2006, a new re-benched FTES calculation specifies that graduate student units are divided by 12 instead of 15.

	Totals			CA Resident for Fee Purposes			non-CA Resident		
	Headcount	FTES	Student Credit Units	Headcount	FTES	Student Credit Units	Headcount	FTES	Student Credit Units
